

# Odegaard Wins National Contest

## JoAnn Odegaard Returns from Salt Lake City; Receives All-Expense-Paid Vacation

"Pretty soon I was the only one left and then I realized I was the winner!"

An 18 year old NDSU freshman coed copped the highest award in the "Make It Yourself With Wool" contest winning first place in the national event held in Salt Lake City, Utah Jan. 18-22.

Miss JoAnn Odegaard took top honors in the senior division of the Minnesota contest making her eligible for national competition. She competed with 27 girls representing 9000 entries throughout the United States. This was the first time Minnesota has placed in the contest.

More than 65 sorority sisters and friends met JoAnn at the airport Tuesday night, cheering, singing and waving a "Congratulations, JoAnn, Kappa Delta is proud of you!" banner. Plane passengers peered through the windows and watched the commotion. Many of them asked "Who's JoAnn?" Finally a man asked this proud coed who she was. A calm "I'm JoAnn" was her only reply.

A first place winner, Miss Odegaard will receive an all-expense paid two-week trip to Hawaii next summer.

The NDSU coed modeled a suit and coat ensemble of black textured wool made from a Christian Dior Original pattern. For contrast she wore a beige feather hat and beige leather gloves. After she received her award, the judge kissed her and said, "You've done a beautiful job."

"Salt Lake City was beautiful. It snowed every day — drifts 12 feet high were on the mountains," JoAnn said.

"We had a full schedule of activities," JoAnn said. She toured the Mormon Tabernacle Temple and heard the choir. A trip up a mountain to Log Haven, and many banquets and luncheons were included in her program. Because of the snow they were unable to go to Brighton Ski Lodge as scheduled.

Pictures of the contestants were taken Saturday. Monday the girls practiced for the style show which was held that night. After the contestants modeled their dresses, the judges looked over the workmanship.

Back at NDSU, JoAnn is awfully, awfully tired but through the ice and snow comes a vision of a Hawaiian vacation.

## Yankees Need SU Male Dancers Soon

Blue Key Productions has learned that dancers make good baseball players — at least where "Damn Yankees" is concerned. A number of men are needed to fill the roster in the Spring production.

These men need not bat like Maris nor dance like Astaire. All they need is a better than average amount of motor coordination and some interest in America's national pastime — baseball, that is, according to Bruce Anderson, publicity chairman.

Marilyn Nass of the physical education department, choreographer of the show, will teach the gentlemen the steps requir-

ed for the three featured dances — a Hoedown, South American number, and, not surprisingly, a baseball game. The instruction will be given before the final group of dancers is chosen, thus giving an equal chance to all of the fellows.

In discussing dance background needed, Miss Nass noted that "if they've ever played a game of baseball, they've probably got the ability to dance in the show. This, plus the capacity to learn a few steps, is all that is needed."

Men interested in dancing should report at tryouts, Feb. 20 or 21, in Festival Hall at 6:45 p.m.

NATIONAL WINNER JoAnn Odegaard returns to NDSU from Salt Lake City, Utah, where she took first place in the national Make It Yourself With Wool Contest. Holding the bouquet of red

roses presented by her sorority mother, Sandy Mertes (in back), JoAnn is wearing a Dior original coat and hat she made for the state contest last year in which she placed third.

# The Spectrum

Vol. LXII No. 17

North Dakota State University, Fargo, North Dakota

January 26, 1962

## Elected to Hall of Fame

# Saddle and Sirloin Selects Shigley as 1962 Man of Year

Dr. Ralph E. Shigley, a North Dakota veterinarian for over 50 years, was selected as North Dakota's Man of the Year for 1962 by the Saddle and Sirloin Club at NDSU. His portrait will be hung in the Hall of Fame in Sheppard Arena on the NDSU campus.

Dr. Shigley is a native of Michigan and came to North Dakota in 1910 following his graduation from Chicago Veterinary College where he earned the highest scholastic rating in his class.

He began his practice in Kenmare, N. D., where he served on the school board, chamber of commerce and was athletic coach at the high school. He was always interested in young people and helped many with their livestock projects and served as judge at local fairs.

In 1935 he moved to Minot where he established the Minot Veterinary Clinic, which still serves the community. His practice covered all species of animals within a hundred mile area and included the local zoo.

When he first moved to North Dakota he worked for the State Stallion Registration Board and traveled throughout the state. Immediately following World War II he began traveling over several states inspecting horses for UNRRA. He was appointed to the Veterin-

ary Medical Examining Board in 1916 and served for 41 years, most of the time as secretary, and served on the War Manpower Commission as veterinary advisor for the state veterinarians.

Dr. Shigley holds life membership in several organizations including the American Veterinary Medical Association, North Dakota Veterinary Medical Association, of which he is past president and the Mouse River Cattlemen's Association.

He has served on the Minot Park Board, Chamber of Commerce and is past president of the Minot Rotary Club.

Mr. and Mrs. Shigley have three children, all of whom attended NDSU. Col. James N. Shigley, stationed in Chicago; Marion (Mrs. Arthur Roland) of Pottstown, Penn.; Harriet (Mrs. Roger Herigstad) of Minot, N. D.

Shigley's portrait will be unveiled at the Hall of Fame banquet in the NDSU Memorial Union Ballroom, Friday, Feb. 16. Reservations may be made by contacting Don Eck, ticket sales chairman.

## Union Expansion Planned by Board

Plans are now being drawn up for the enlargement of the Student Union by the NDSU Board of Directors, according to Dale Brostrom, student union director.

Brostrom said that at this time the plans are still in their rough form, and the arrangement of the rooms to be added has not been completed. However, the expansion of either the north or south wing of the building will include the enlargement of offices now located in the building along with the game room and value shop. Also a larger eating area is planned and an expansion of the Varsity Mart.

The ball room will be enlarged to accommodate students who desire to listen to lyceum speakers, as well as for those who

wish to stage college dances.

A hobby room will eventually be added, besides more meeting rooms, reading and television rooms.

The distant future plans call for a three story Student Union which will include a hotel system for campus visitors. According to Brostrom all the larger colleges have these accommodations as they are usually contained in student unions.

Final plans for the expansion should be completed by the end of the school term and at that time they will be released to the student body.

Tryouts for "Damn Yankees" will be held Feb. 20 and 21 in Festival Hall at 6:45 p.m.

# Election Rules Docherty, Roach, to Speak For Religious Emphasis Week

## Procedure:

1. Candidates may pick up their petitions on Friday, Feb. 2, through noon, Tuesday, Feb. 6. These must be returned to Dean Sevrinson's Office by 1 p.m. Tuesday, Feb. 6.
2. Campaigning begins Friday, Feb. 2, and ends at midnight, Monday, Feb. 12.
3. **Candidates should include a photograph of themselves with their petitions.**

## Qualifications:

1. All candidates for office must have attended at least one quarter of school at NDSU.
2. Each candidate for the office of Student Body President must have maintained an overall average of 2.5, including fall quarter 1961.
3. **Each candidate for the office of senator must have maintained an overall average of 2.25, including fall quarter 1961.**

## ELECTIONS RULES

1. Polling will be in the Student Union Lounge on Tuesday, Feb. 13, from 7:30 a.m. to 6 p.m.
2. Election will be supervised by the Commission of Campus Affairs and its advisors.
3. Judges for the polling place will be selected by the Commission of Campus Affairs by the following criteria:
  - a. Student must be in good standing with the University
  - b. Student must not be a candidate for an office
  - c. Letters will be sent to all organizations for volunteers.
4. **Positions for the candidates on the ballot will be drawn on Tuesday afternoon, Feb. 6, in Dean Sevrinson's Office.**
5. Ballots will be counted by the Commission of Campus Affairs in the presence of its advisors on Tuesday, Feb. 13.
6. A plurality of the votes cast for president will elect. In case of a tie between two or more candidates, a rerun will be held at a later date. This date will appear in the Spectrum.
7. The top six vote getters for two year senate will be elected.
8. **The top seven vote getters for one year senate will be elected. If a carry-over senator should win the presidential election, one extra position will be created and filled by the next in line on the one year ballot.**
9. Ballots will be kept for one week after the election.

## POLLING PLACE RULES

1. Three judges will be at the polling place at all times.
2. Judges must have voters sign name and stamp activity card with a red ink stamp.
3. A three stage ballot will be used. Presidential candidates on page one, two year senate on page three, and one year senate on page two.
4. **To make ballots valid, voter must vote for only one presidential candidate, at least four and not more than six two year candidates, and at least five and not more than seven one year candidates.**
5. Ballots will be deposited in locked steel containers and will not be opened until tabulation time.

## CAMPAIGNING

1. One poster per candidate per building.
2. It is the responsibility of each candidate to see that all election material is down by 6 p.m. Feb. 14.
3. **Loud speakers to be used only when class is not in session between the hours of 7:30 and 8:30 p.m.**
4. All candidates are allowed to leave election materials up during the election with the exception of the Student Union Lounge, where the balloting will take place.

Kirby Erickson  
Commission of Campus Affairs

## By SHERRY BASSIN

The annual student government elections are approaching. One wonders what the electioneering propaganda will emphasize.

The old glittering generality, the parking situation, is sure of prominent play. Students will be promised paved parking lots no parking tickets and (sigh sigh) no traffic cop. This one has been stock on every campus everywhere since the chariot.

We will also hear "yea" number of proposals about a student financed swimming pool and getting the student union open on Sunday.

**It probably is true that like old examinations, old campaign promises are filed in fraternity libraries for dusting off and using periodically.**

There will be a lot of other proposals, all equally harmless, which will be offered as campaign promises. There also ought to be a few solid, worthwhile proposals.

One of the problems which would seem to be of more concern to students is to give broader student representation on government.

Another is improved student-faculty-administration relationships.

**A third, but by no means a final, problem candidates might be concerned with is that of solving the "suitcase student" problem.**

Probably the commission form of government has been successful, but one questions whether it gives proper representation to such diverse groups as married students, fraternities, independents, other campus organizations. Improvement is not something that could be done quickly, but some initial steps should be taken.

## THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSU Board of Publications, State University Station, Fargo, N. D. Subscription rate \$1.00 per term. Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

Editor \_\_\_\_\_ Alyce Puppe  
Advisor \_\_\_\_\_ Verne Nies

"Scripture and Scholarship" will be the theme of NDSU's Religious Emphasis Week, Feb. 4-10.

Translation and transmission of the Bible will be discussed by Father Jerome Docherty, O. S. B. and Dr. Corwin Roach, director of the School of Religion, at a convocation, Tuesday, Feb. 5.

The problems involved in translating the Bible from one language to another will be discussed by Father Docherty. Transmission, the difficulty and problems involved in maintaining an accurate Bible text though the years, will be discussed by Dr. Roach.

A Bible display will be presented in the NDSU library. Ancient manuscripts, a facsimile of the Gutenberg Bible, which is one of 300 in existence today, and manuscript copies in Latin, Greek and Oriental languages will be on display.

According to Father Durkin this is the largest Bible collection ever to be assembled in Fargo. The Bibles are assembled from the libraries Dr. Roach, Father Docherty and St. John's University, Minn.

Religious Emphasis Week is not a religious movement. Its purpose is to find the proper place of religion in education.

During the week the Bible will be discussed from a scholarly not a sectarian view point. The importance of scripture study and the contributions of science and art to scripture will be covered.

Religious Emphasis Week is sponsored by all the campus religious organizations through the Inter-Religious Council and the School of Religion.

Father Jerome Docherty, O. S. B., was ordained to the priesthood in 1930 after completing his theological studies in Sydney, Australia. He taught at the Sydney Seminary, then spent a number of years as missionary in the South Seas.

He entered the Benedictine Order in 1945. While serving as Professor of Scripture at Holy Trinity Abbey at Perth, Australia he furthered his studies of Oriental languages.

In 1955 he came to St. John's Abbey, Collegeville, Minn. where he taught Theological studies at St. John's University and the College of St. Benedict.

He was assigned as assistant pastor of St. Joseph's parish, Moorhead in 1961 with duties as director of the Moorhead State College Newman Foundation.

Rev. Dr. Corwin Roach is a graduate of Yale University, New Haven, Conn. He was awarded a fellowship to study at the American Schools of Oriental Research in Jerusalem.

Dr. Roach was dean of the seminary at Kenyon College, Gambier, Ohio from 1942-1958. He taught at the Virginia Theological Seminary, the Seabury-Western Theological Seminary, Queen's College, Birmingham, England.

Dr. Roach was ordained to the ministry in 1927 and has served parishes in New Haven and Hartford, Conn. and Steubenville, Ohio.

He became director of the School of Religion in 1960.

## Student Senate Meeting Held; Elections, Vacancies Discussed

### By SHIRLEY OKERT

March of Dimes Week of NDSU will be held Feb. 5-9 announced Roger Helgoe and Jim Lanier at the Student Senate meeting Tuesday. The main event will be at the basketball game with the traditional blanket collection.

Ray Hendrickson announced there will be a Leadership Workshop 9-12 Saturday morning, Feb. 10.

The Vienna Opera Company will be a part of the lyceum series next school year. This will be a joint lyceum with Concordia and Moorhead State and will be held at the Concordia Fieldhouse," said Lanier.

The constitutional revisions were reported on by Gary Reddig. The changes in wording were NDAC to NDSU, college council to university council, and faculty advisors to staff advisors.

There are provisions for a section on student housing and another on student insurance to be under the Finance Commission.

A more constant method of filling vacancies in Senate is suggested. Rather than the use of Robert's Rules of Order, a similar but simpler set by Davidson will be used. After approval by the Campus Affairs Commission the Senate will vote on this matter. The revisions will be presented to the student body at senate elections.

Wayne Hamann stated that the library will be open during convocations but without service. A sandwich machine will be placed in the lounge. Senate disapproved of proposed hours on Saturday of 10-2.

The coming Senate elections were discussed as an all campus affair. Kirby Erickson stated that the 2.25 average was required by the candidates.

Jake Lillestol and Harold Korb asked about reports of the Homecoming evaluation and the publications budget. Neither had been received for discussion.

Mayo Flegel commented on the poor quality of picture reproduction in the Spectrum this

year. It was stated that the Spectrum was printed at a different place this year at a lower cost.

Dale Brostrom, director of the Union, was asked by Dave Foley if the Union could remain open until 10:30 p.m. to

correspond with library hours.

Because of insufficient trade later in the evening, this would be impossible. Lamont asked if any plans were being made to remove some of the congestion at mealtime. A place for foreign students to eat was brought up by Hamann.

## Letter to the Editor

### Lyceums Commended

After attending three lyceum programs that were presented to the NDSU students this year, I have come to the conclusion that the charge of our activity fee is well spent if it includes such programs as the concerts featuring Matovani, the Belafonte Singers and most recently the pianists, Ferrante and Teicher. I would gladly pay \$10.00 to see these over again!

The programs of each of these entertainers have been packed with classic and modern music to suit a variety of moods.

Music affects a large part of the world's population. A musical work has stimulated a song

writer to continue on toward higher goals in music. Music has encouraged and given creative ideas to poets, speakers, teachers and students, young and old alike.

The presentation, content and nature of entertainment did affect me greatly. Besides thoroughly enjoying the concerts, I was left with a feeling of creativity, peace and accomplishment. Music can be a perfection and we all strive for and want perfection. I was left with this feeling and it made me stop and re-evaluate my purpose and goals.

Jean Pulkrabek  
Home Econ. Junior  
Fargo, N. Dak.

## Traffic Regulations Needed for Students

How about some traffic regulations for pedestrians on this campus? Apparently the only reference to pedestrians at the present time is that they have the right of way when crossing the streets.

This is fine, but it appears that most students feel they have the right of way at any time. They are not crossing the streets but rather using them as sidewalks.

It is almost impossible to drive on the street between the Union and Ladd Hall between classes and at noon. Rather than crossing the street here students walk down it there and four abreast.

With the icy condition of the

street, the narrowness caused by snow and parked cars this is not only enraging to the driver but dangerous to the pedestrian as well.

Students wouldn't go downtown and walk in the center of the street. Let's act like adults on campus too.

Arlyn Nordgulen

### Averages

The corrected sorority averages are:

Kappa Delta	2.67
Gamma Phi Beta	2.56
Kappa Alpha Theta	2.52
Alpha Gamma Delta	2.41
Kappa Kappa Gamma	2.32
Phi Mu	2.16

# SOCIAL NOTES

By NANCY FLATT

We have no idea "who dunit" at the Spectrum office last week, but there's no question about what many people are doing at NDSU. It's a little dance called the twist. You've probably heard it mentioned once or twice yourself. In fact it's almost impossible to get away from it. As soon as someone learns it they start teaching it to someone else. It's even taught in a physical education dancing class.

One of the more unlikely places to see the twist being done is a Minard classroom, but it happened. It was taught in a methods course in education. Other likely places for twisting activities are dorms, sorority and fraternity houses and parties in general.

Pictured below is one group demonstrating the fine points of the famous dance. Can't really tell who's teaching and who's learning.

increase in slipped discs about the US can be blamed on our well-known friend.

Some twisting was probably done at the Sigma Chi term party last Friday. It was their sweetheart ball at The Top of the Mart and congratulations to Judy Highness AGD the new Sigma Chi Sweetheart. The Sigs serenaded both their new sweetheart and their past sweetheart Corinne Quam Monday night.

The tenth anniversary of the founding of Farm House was celebrated Saturday, Jan. 20 at the Comstock Hotel.

Must again issue a plea for social notes that were supposed to go in last week's paper. Please bring them in again. Also if anyone has items to be printed bring them to the Spectrum office social box before noon on Tuesday.

Will jump from the twist to pledges and Alpha Gamma Delta announces Kathy Hanson and Lois McDonald as their new pledges.

Curt Lawrence is a new FH pledge.

At the Teke house new pledges are Roger Klask, David Paper, Allan Nelson, Jerry Lein, Jeffrey Geiger, Terry Bles, Ken Watson, Roger Rugland, Arlan Brunsvold, Skip Kilsdonk, Carroll Nelson, Lynn Ranum and Greg Lewis.

New initiates to Edwin Booth Drama Society are Robert Stuewig, Jerome Exner, Ann Bertelson, Eunice Light, Deanna Henderson and Ken Nelson. Their January meeting will be Jan. 25 at 3 p.m.

If you're a cautious person, who likes to weigh the merits of a thing before you try it, the twist seems to be a two-sided proposition. Chubby Checker who started the twist supposedly twisted away 35 pounds. Also it's supposed to be a good conditioner and healthy exercise. The other side suggests that the

"Diamonds are a girls best friend" is how the song goes and some new authorities on the diamond subject are Bev Roth AGD engaged to Dick Loncki, ME jr, and KKG Norma Opgrand engaged to Butch Warner from Los Angeles, Calif. Also engaged are FH Charles Weiser to Joy Erickson from Concordia, Ron Porten Theta Chi to Linda Sletto from Rhame and Theta Chi alum Miles Frietag to KKG alum Cheryl Larson.

Sigma Chi Dick Simson is engaged to Linda Dresher who works in Fargo and SPD alum Roger McCardle is engaged to Kathy Vigesaa, H Ec sr.

The lone pinning is KD Jean Collins and Sigma Chi Gary King.

Guess it's time to close. Must run true to form though and mention that if any of you non-twisters have seen people clutching their stomachs doubled over in pain, don't sweat it. It's just another little after-result of Chubby Checker's invention. Think of the stomach aches he must have had twisting away 35 pounds!

## NOTICES

**LSA Married Couples Club**  
Married Couples Club will meet at the LSA Center on Saturday, Jan. 27 at 5 p.m., with supper being served at 5:45 p.m. The Ladies' Mission Auxiliary is going to furnish baby sitters for the evening and the complete meal.

Cy Running of Concordia College will be guest speaker. All Lutheran married students are invited to attend.

### Newman

The discussion on the Bible will be continued at the Tuesday meeting.

The Newman Club has bought the Friday, Feb. 9 house for "The Lower Depths". Tickets are on sale at the Newman Center.

### Wesley

Wesley Foundation will meet Sunday at 5:30 p.m. The movie "The Challenge" will be shown. It deals with the consequences and validity of the loyalty oath. Everyone welcome.

### ISA

ISA term party will be held on Jan. 27 at 7 p.m. in the Comstock Hotel in Moorhead. Cost is four dollars per couple. Smorgasboard and dancing will be held. Call one of these numbers if you are attending: AD 2-8286, AD 5-7874, AD 5-5982.

### YWCA

Bridge and knitting lessons will be given at the Jan. 30 Y Campus Coffee Hour in the Y lounge.

### Camera Club

The photo contest judges will give their reasons for selection of the contest winners at the Wednesday, Jan. 31 meeting at 7:15 p.m. The meeting will be held in the Library Y Lounge.

### Pharmacy Convo

"The Drug Industry in Washington" is the topic for the Kappa Psi All Pharmacy Convocation Jan. 29 at 1 p.m. in the Student Union Ballroom. Robert Lohrmann, assistant director of distribution, Sfith, Kline and French will be the speaker.

### FOOD SERVICES

Student Union food services will not open until 8 a.m. on Saturdays. Effective Saturday, Jan. 27.

### GAMMA DELTA

A Gamma Delta tobogganing and skiing party will be held on Sunday, Jan. 28 at Frazee, Minn. Meet at Immanuel Lutheran Church, 1258 Broadway, at 1 p.m. Everyone is invited.

### Art Picture

"Parking Lot After Rain" is the new picture hanging in the Library Y Lounge. Cyrus Running, head of the art department at Concordia College said that a picture is brought over each month from the Rourke Gallery and Art School. These pictures are for sale.

### Vet Science

The annual short course of the department of veterinary science at NDSU will be held Feb. 20 and 21 in Van Es Hall.

Speakers will include Dr. A. A. Case, University of Missouri; Dr. W. W. Hawkins, Montana State College, and NDSU staff members.

An informal dinner will be held Feb. 20.

### IRC

If you are the IRC representative from your religious group, don't miss the meeting at 9 p.m. Jan. 29 in conference room B of the Student Union.

## THE TRUE AND TRAGICAL TALE OF HAPPY JACK SIGAFOOS

Who would have thought that Happy Jack Sigafoos, the boy the sky never rained on, would teeter on the edge of a life of crime?

Certainly there was no sign of it in his boyhood. His home life was tranquil and uplifting. His mother was a nice fat lady who hummed a lot and gave baskets to the poor. His father was a respected citizen who could imitate more than 400 bird calls and once saved an elderly widow from drowning in his good suit. (That is, Mr. Sigafoos was in his good suit; the elderly widow was in swimming trunks.) Happy Jack's life was nothing short of idyllic—till he went off to college.

Here Happy Jack quickly became a typical freshman—tweedy, seedy, and needy. He learned the joys of rounding out his personality, and he learned the cost. His allowance vanished like dew before the morning sun. There were times, it grieves me to report, when he didn't even have enough money for a pack of Marlboro Cigarettes—and you know how miserable that can be! To be deprived of Marlboro's matchless flavor, its easy-drawing filter, its subtly blended tastiness, its refreshing mildness, its ineffable excellence, its soft pack or flip-top box—why, it is a prospect to break the heart in twain!

Marlboro-less and miserable, Happy Jack tried to get more money from home. He wrote long, impassioned letters, pointing out that the modern, large-capacity girl simply could not be courted on his meager allowance. But all Jack got back from

She simply could not be courted on his meager allowance.

home were tiresome homilies about thrift and prudence.

Then one dark day a sinister sophomore came up to Jack and said, "For one dollar I will sell you a list of fiendishly clever lies to tell your father when you need some extra money."

He gave Jack the list of fiendishly clever lies. Jack read:

1. A bunch of us fellows are getting together to buy a new house for the Dean of Men.
2. A bunch of us fellows are getting together to buy a headstone for Rover, our late beloved dormitory watchdog.
3. A bunch of us fellows are getting together to endow a chair of Etruscan Art.
4. A bunch of us fellows are getting together to build our own particle accelerator.

For a moment poor Jack was tempted; surely his father could not but support all these laudable causes. Then Jack's good upbringing came to the fore. He turned to the sinister sophomore and said, "No, thank you. I could not deceive my aged parent so. And as for you, sir, I can only say—fie!"

Upon hearing this the sinister sophomore broke into a huge grin. He whipped off his black hat and pasty face—and who do you think it was? None other than Mr. Sigafoos, Happy Jack's father, that's who!

"Good lad!" cried Mr. Sigafoos. "You have passed your test brilliantly." With that he gave Happy Jack a half million dollars in small bills and a red convertible containing power steering and four nubile maidens.

Crime does not pay!

© 1962 Max Shulman

Money and girls haven't changed Happy Jack. Except for the minor bulge in his cashmere jacket caused by (1) a pack of Marlboros and (2) a box of Marlboros, he's the same old Sigafoos.

## If You Eat Too Much You May Need Love

"Do you eat excessively? — Then you may be in need of love," according to Dr. John Cummings, clinical psychologist and associate professor of psychology. The Advanced Nutrition class in home economics was a guest of the Fargo-Moorhead Dietetics Association Jan. 18, at the Vets Hospital.

Dr. Cummings explained the psychopathology of "hunger eating" — eating is a symptom of emotional disorder.

How does eating become a symptom of emotional disorder? Dr. Cummings answered, "When a person is under emotional stress, such as anxieties over tests, student-teacher relations, where the next date will come from, or that problem of an inferiority complex, we don't digest food very well. It is a tension provoking experience and one which should be alleviated."

DECISIONS, DECISIONS! That's all part of the job of moving into the NDSU presidential house and making a home of it, according to Mrs. Herbert Albrecht. She is shown here paging through a wall paper catalog trying to select a pattern for the hallway.

## Mrs. Albrecht Begins Task of Reddecorating NDSU Home

By MARJORIE ODEGARD

Home economics students aren't the only people involved in home decorating this quarter. Mrs. Herbert Albrecht, wife of President Albrecht, is also busy with this project.

Mrs. Albrecht and her daughter, Ginny, arrived in Fargo last week so the Albrecht's are in the process of making the president's house the Albrecht's home.

"The University has kept the house up very well," Mrs. Albrecht stated. "I think the draperies and other furnishings which came with the house are beautiful. We especially enjoy the recreation room in the basement. Ginny, who is a ninth grader at Benjamin Franklin Junior High School, thinks it is

a perfect room for entertaining her friends."

Because the Albrecht's are adding much of their furniture to the house, some redecorating will be necessary. This task will not be difficult for Mrs. Albrecht as she is a home economics major with a special interest in home decorating.

"I asked Miss Kathryn Weener, related art instructor of the College of Home Economics, to help me with the planning," Mrs. Albrecht stated.

Mrs. Albrecht was born in St. Paul, Minn. but moved several times during her childhood. She attended high school and college in Milwaukee, Wis.

Bowling is Mrs. Albrecht's favorite sport. "My other interests include sewing, home decorating and most of the activi-

### LSA Retreat

"Do you want a change of weekend activities? Why not attend LSA retreat at Faith Haven, Battle Lake, Minn., on Feb. 2, 3, and 4," says Duane Braaten, AAS soph, retreat chairman.

Rev. Garait Van Hunnuck of Calvary Lutheran Church in Grand Forks will be guest speaker. The retreat theme will be "The Role of the People of God." Other topics to be discussed are: "Who are the people of God?, God's will for my life, and our responsibility in discipleship."

There will be time to enjoy recreation such as ice skating, tobogganing, basketball, ping-pong, and cards.

Pre-register at the LSA Center before Jan. 31. The cost will be \$6.25, which includes insurance. The group will depart any time Feb. 2 and return Feb. 4.

### AAUP

Dr. William P. Fidler, general secretary of the American Association of University Professors will meet with campus AAUP members and their guests next Wednesday, Jan. 31, at 3:15 p.m. in the student lounge of the NDSU Memorial Library.

## Notices

Dr. Fidler is in the Fargo-Moorhead area in response to an invitation from Moorhead State College to speak at a convocation on the MSC campus Wednesday morning.

His appearance at the MSC convocation is scheduled for 9 a.m. Wednesday in Weld Hall Auditorium, where he will speak on the topic, "Freedom for the Inquiring Mind."

### Charity Ball

Don't forget the "Winter Valentine" Charity Ball Feb. 3 at the Student Union Ballroom at 9 p.m.

The Stage will furnish the music. Entertainment will include the Squires Three and a dance by Kari Wigton. Junior Panhellenic is in charge of decorations.

The ball is formal so gals,

wear your short formals and guys dark suits.

### Inter Campus

Inter-Campus Affairs Commission will sponsor a Leadership Workshop on Feb. 10 from 9 a.m. to 12 noon in the Memorial Union Ballroom. All organizations on campus are urged to have representatives attending this workshop.

The workshop will be similar to the one held fall quarter. It will employ role-playing situations, and will center on the theory of leadership as effective group behavior and group dynamics.

Organizations are requested to contact Commissioner of Inter-Campus Affairs Ray Hendrickson prior to Jan. 30 concerning the number of persons that will represent their organization.

## THE SAFE WAY to stay alert without harmful stimulants

Never take chances with dangerous "pep pills." Instead, take proven safe NoDoz. Keeps you mentally alert with the same safe refresher found in coffee. Yet NoDoz is faster, handier, more reliable. Absolutely not habit-forming.

Next time monotony makes you feel drowsy while driving, working or studying, do as millions do... perk up with safe, effective NoDoz. Another fine product of Grove Laboratories.

## Olson Elected SAE President

James Olson, AAS jr, was elected president of Sigma Alpha Epsilon fraternity at a recent election.

Other officers elected were: Dave Milbrath, pharm jr, vice president; Ford Hermanson, AAS jr, treasurer; and Tom Erickson, ag soph, secretary.

Russ Maring, AAS jr, social chairman; Jack Bergland, AAS jr, rush chairman; Bill Thompson, ag jr, IFC; Paul Baertsch, AAS jr, house manager.

Those interested in signing up for the "U" Series beard growing contest may do so in the Union all day today.

# Job Interviews

Monday, Jan. 29

WESTERN UNION TELEGRAPH COMPANY with headquarters in New York City invites senior engineering and business students to investigate employment possibilities with their company. Engineering graduates receive on-the-job training in development, applications or field engineering. Accounting and business graduates are given formal training in all phases of their responsibilities.

Monday, Jan. 29

DEVOE AND RAYNOLDS COMPANY, Louisville, Ky, seeks to interview senior and graduate Chemistry students majoring in protective coating. Devoe is among the big five of the nation's 1,300 paint manufacturers. Devoe has developed numerous products for the home, industry, farm, merchant marine and government. Contact the Placement Office to arrange an interviewing time.

Tuesday, Jan. 30

GREEN GIANT COMPANY, LeSueur, Minn., will have representatives on campus to visit

with any students showing an interest in employment opportunities with the company. Mathematics and Chemistry students may find research work done by the company, while engineering graduates will be interested in plant and field operations. I. D. Schaefer, personnel manager of Green Giant, is scheduled to conduct the campus interviewing.

Tuesday, Jan. 30

PILLSBURY MILLS, of Minneapolis, Minn., will be represented on campus by Henry Brown, Employment Manager for the company. Brown would like to visit with senior Mechanical Engineering students interested in plant engineering and milling operations. The Minneapolis plant has need for a graduating Electrical Engineering student to work in the area of control systems. Agricultural and Industrial Engineering graduates are needed in training programs involving processing plant operations. All students interested in the Pillsbury Mills Company are invited to register for interviews.

Tuesday, Jan. 30

THE PRODUCTION AND MARKETING ADMINISTRATION of the Department of Agriculture will interview candidates to fill current openings with the Federal Government for WAREHOUSE EXAMINERS. Harold Gross will conduct the interviews and all interested students are invited to register with the Placement Office.

Wednesday, Jan. 31

FORD MOTOR COMPANY, Dearborn, Mich., will recruit various types of technical graduates on campus. Electrical, Mechanical and Industrial engineers may qualify for trainee assignments in design engineering, development, production, testing, manufacturing, research and plant engineering. Chemistry students are welcome to sign for interviews with a particular interest in protective coatings majors indicated by Ford Motor Company. Assignments may be nation-wide with emphasis on the Detroit area.

Wednesday, Jan. 31

ABBOT LABORATORIES, North Chicago, will visit the

campus conducting interviews with senior and graduate students interested in such assignments as Research Pharmacists, Control Chemists or Pharmacists, Organic Chemists, District Sales Representative or Financial Division trainee. Additional information regarding the specific requirements for each of the above positions may be obtained from the Placement Office.

Thursday & Friday, Feb 1 & 2

MOTOROLA, INCORPORATED will have William Hausmann on campus seeking interviews with senior and graduate students majoring in Electrical Engineering. Motorola is engaged in research, development and manufacturing of communication equipment.

Thursday, Feb. 1

GLIDDEN PAINT COMPANY has a special interest in Chemistry students working in coatings technology. The visiting company representative would welcome the opportunity to visit with any undergraduate chemistry students interested in summer employment.

Friday, Feb. 2

RINSHED-MASON COMPANY of Detroit, Mich., will send Ralph Williams, director of research, to the campus seeking employment interviews with Chemists interested in employment in the paint industry. Contact the Placement Office for scheduling interviews and obtaining company brochures.

Friday, Feb. 2

MINNEAPOLIS - HONEYWELL will be represented on campus seeking employment interviews with senior and graduate students interested in nation-wide employment opportunities with the company. Opportunities are available for areas of Engineering, Physics, Mathematics and Physical Chemistry. A real need is apparent for technical sales representatives and a special interviewing schedule will be arranged if sufficient interest is shown. All technical students are welcome to register for employment interviews with the Minneapolis Honeywell representative. Contact the Placement Office.

## NEW MAP DISPLAY WILL SHOW PILOT WHERE IN THE WORLD HE IS

No matter what the weather, speed or altitude, an IBM navigational display being developed will let pilots find their positions on a moving map. With this new computer display for planes, a pilot will actually be able to see his position though the earth might be totally obscured by a cloud cover.

In developing this display, IBM engineers and scientists solved a unique combination of optical and photographic problems. They were able to produce map images with good resolution on the inside surface of a glass hemisphere. A beam of light illuminates a small section of this hemisphere and projects it onto a screen in front of the pilot. In flight, the computer controls rotation of the hemisphere, correlating it with the plane's supersonic progress and the rotating earth. This approach to a computer-controlled map display suggests further application in a space navigation system, where a star map might be used instead of a map of the earth.

People with backgrounds in the sciences, engineering and liberal arts all contribute to the success of projects like this. At IBM, ideas which create new products and systems can come from anywhere—from research, programming, manufacturing, and systems engineering. If you would like to work where your ideas can be as important as the ability to apply them to vital and exciting areas of development, you should consider the many opportunities at IBM.

The IBM representative will be glad to discuss with you the many areas in which IBM is making important advances. All qualified applicants will receive consideration without regard to race, creed, color or national origin. Your placement office can give you further information and arrange for an appointment. Or you may write, outlining your background and interests, to: Manager of Technical Employment, IBM Corporation, Dept. 908, 590 Madison Avenue, New York 22, N. Y.

You naturally have a better chance to grow with a dynamic growth company.

**IBM**

IBM will interview Feb. 20.

RON MCLEOD "lays one up" for the Bison in last weekends game against South Dakota State. McLeod's scoring was not quite enough as the Bison lost to the Jackrabbits 61-53.

## Lack of Experience Begins to Hurt Bison

By SHERRY BASSIN  
Sports Editor

The NDSU Bison dropped their third and fourth NCC encounter of the season losing to SDS at the Fieldhouse last week followed by a loss to the State College of Iowa at Iowa.

To underestimate the situation, it will be an uphill climb for the Bison until the end of the season.

While most of the other teams in the league have been showing improvement, the Bison have been having their abundance of bad days.

This is no fault of the club or the coach. They can only do so much and from then on one must depend on what is known as "breaks".

If the last few games are any indication of "breaks", then one would have to argue that NDSU was never introduced to the term.

The lack of experienced reserves is also beginning to show on the Bison squad.

While every other team in the conference has been freely substituting, Bentson has been forced to go with five players. Speaking about tough breaks,

it seems we had our share before the season opened.

The team may not be setting any records, but they deserve a lot of credit for their record thus far under such circumstances.

Monday night the Bison will host cross-team rival Concordia in a return match. The Bison defeated the Cobbers in a previous game at the Concordia Fieldhouse.

## NDSU Grapplers Lose Match to Moorhead State

On Wednesday, Jan. 17 the SU wrestling team crossed the river to face the Moorhead State Dragons. In a losing effort Gerald Gamrath and Gary Yost were the only wrestlers to compile any points as North Dakota State was downed 24-8.

Gerald Gamrath pinned Arneson in 5:46 of the first period for five points and Gary Yost scored a 9-1 decision over Rottella for three points.

In other matches Gary Nord was pinned in 1:56 by Swan; Ron Hanson was decisioned 9-3 by Maugharx; Jerry Hill dropped a decision to Pete 7-0; Art Loyland was pinned in 54 seconds by Thompson; and Gordon Johnson was decisioned in the closest scoring match of the day 14-10 by Westrud.

Tomorrow the North Dakota State Bison hold the big quadrangular meet. This meet includes Minot State, University of Saskatchewan, Valley City, and the Bison.

## Helgeson Sets Many Records at NDSU

By MAURICE SALLS

Oddvar Helgeson set another first in his illustrious athletic career by becoming the first athlete ever to be honored by NDSU as Athlete of the Year "1961".

Helgeson was selected for the honor by the Rahjah Club at the first meeting of fall quarter 1961 and was presented the award at Homecoming half-time ceremonies. The Rahjah Club instituted the award during the past year. It is presented on the basis of athletic ability, scholarship, and athletic performance.

Oddvar Helgeson, who went to school in Tromstad, Norway, near the capital city of Oslo, came to North Dakota State at the start of his freshman year in 1958 and has been proving his abilities ever since. In 1960, he set his first three records with four minutes and 18.9 seconds in the mile run; nine minutes and 25.2 seconds in the two-mile run, and 14 minutes, 58.8 seconds in the five thousand meter run.

Then last spring he rewrote the record books again by breaking two of his own records and setting a small college record in the steeple chase. In 38 races last spring Oddvar placed third, once; second, three times; and first, thirty-four times.

This fall he led the cross-

country field across the line nine times in ten meets.

Oddvar went to school in Norway in his pre-collegiate days and competed in athletics through clubs operated by the businesses of the city.

During his school days he competed in cross-county running and cross-county skiing.

After finishing school, Oddvar came to the United States to see the country and decided to go to college here.

Now Oddvar is a senior majoring in English.

He has earned three letters in cross-country and two in track. The remaining quarter may prove Oddvar's greatest season in track.

## INTRAMURAL SPORTS

By DENNIS KALDOR

The question of eligibility was again discussed at the intramural board meeting and it was discovered that a letter winner from another school is only ineligible for intramural sports for one year after his entrance into NDSU. After this one year period is up he is eligible for any sport regardless of what sport he lettered in at his previous school.

The top teams in each league for the first half of the basketball season were announced and are as follows: Kappa Psi-1, SAE-3, ATO-2, AGR-1, ATO-3. These six teams are now seated into the final playoffs automatically. The remaining teams will play off the remainder of the season in a new bracket to determine who will make up the rest of the teams in the playoffs.

Nearly every organization on campus has an intramural team participating in a sport at one time or another during the course of the school year but it always seems that they have the same members participating in every sport.

The intramural program covers such a wide range of sports that it is entirely possible for everyone to find some sport which interests him.

There is no limit to the number of teams which a group can field, so the excuse "there was

no room for me" is completely invalid.

The intramural program is the only opportunity for many of our students to participate in competitive sports and get some measure of physical exercise in their college life.

The sports coming up in the spring should be truly group activities and are an excellent opportunity for several people to get out and work off those "beer-bellies" that they have been so carefully cultivating through the winter.

### Movie

"Cinemascope and technical are the features of the movie 'Raintree County' which will be shown Friday, Jan. 26 at 7:30 p.m. in the Memorial Union Ballroom," Al Hart program director said.

The entrance price is 40 cents per person.

Elizabeth Taylor, Montgomery Cliff, and Eva Marie Saint are in the starring roles.

This is the second movie in a series of six which are presented by the Student Union Activities Board. Coming attractions are: "Seven Brides for Seven Brothers" on Feb. 8, "The Young Lions" on Feb. 22, "Can Can" on Mar. 17, and "Rally Round the Flag" on Mar. 23.

# Chemistry Students Awarded Grants

Twelve chemistry students at NDSU were recently awarded grants-in-aid for this academic year, according to Dr. F. L. Minnear, acting dean of the College of Chemical Technology.

Ten of the scholarship grants are from the Federation of Societies for the Paint Industries, and two are from the Glidden Paint Company. Each of the grants is for \$250 and involves 100 hours of work in the laboratory. Actual tuition and fees approximating \$150 are paid directly to the grantee, and the remainder is paid for work in the laboratories. The scholarships are awarded by the chemistry staff on the basis of scholarship, character and financial need.

Those students who received the Glidden Company grants-in-aid are Dale Engel and Dennis Knudsen, both freshmen.

Students who received grants from the Federation of Societies for the Paint Industries are:

Dennis Palaas, junior; Jerry Lindgren, junior; David Ruff, sophomore; and Dave Lee, freshman; Rodney Stockstad, freshman; Julian Fossen, freshman; Milo LeRud, freshman; Charles Brickner, freshman; Patricia Bernd, sophomore; and James Billingmeier, sophomore.

### Loans.

The University Scholarship Committee has exhausted all National Defense Education Act Loan Funds for the current academic year. No further loans can be made, according to Frank Mirgain, chairman of the scholarship committee.

Funds for the 1962-63 academic year beginning September 1, will not become available until July 1, or later. Students needing loan assistance for the next academic year are advised, however to make an application for such loans before June 1. Application forms are available in the Office of the Registrar.

MEMBERS OF THE CAST WORK on the set for "The Lower Depths" while Reinhold Shuster and Bill Mirgain practice their lines.

# LCT Play Set Conveys Gloom

By TEDDY KRUMP

"The Lower Depths" is a bitter but pitying appraisal of the outcasts of Russian society who exist within the confines of these gloomy cellar walls. The object of the set is to convey the dismal, hopeless surroundings in which these people live.

Gorki employed the idea that the environment influences the person. The gruesomely realistic atmosphere within the set evokes a sense of watching dejected people, rather than attending a play.

Bryan Gackle, director, designed the floor plan for the play. The working drawings were constructed by graduate student Art Tees. Construction is being done by Speech 119 students. Members of the class are required to spend 35 hours on the set. It has been estimated that 500 man hours have been spent thus far.

The speech department offers specialized courses in makeup and set design and lighting. Any student, however, who is interested in working on such committees, need only to ask the director during tryouts.

Members of the cast for "The Lower Depths" rehearse 30 scheduled times at the Little Country Theatre for the production. Each member is allowed to develop his part in his own manner after the blocking is completed.

# Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

FRONT

SIDE

BACK

Three views of an average, healthy girl

## LESSON 1 - How to recognize a girl

It is not surprising, in these days of constantly changing fashion standards, that girls are often mistaken for men.

Certain popular items of apparel, such as slacks, baggy sweaters and boxy suits, contribute to this unfortunate situation. Therefore, we suggest that new students of girl watching start with the fundamentals (see above diagram). As you can see, girls are easiest

to identify from the side. However, even the beginner will soon achieve proficiency from front and rear as well.

Advanced students can usually tell a girl from a man at five hundred paces, even when both are wearing asbestos firefighting suits. (You might try offering the subject a Pall Mall, but you won't prove anything. It's an extremely popular brand with both sexes.)

# Jose Greco Returns As Third Lyceum

Jose Greco and his Spanish Ballet, brought back to Fargo by popular demand, will appear Feb. 1, as the third lyceum program of the 1961-62 series at NDSU.

The performers, who are appearing in addition to this year's previously scheduled series, will present a program of Spanish dances in Festival Hall at 8:15 p.m.

Greco and his company, who previously appeared at NDSU March 17, 1961, have recently completed an extensive tour of Europe and Scandinavia, before which Greco conducted his annual talent hunt.

The program here will feature as supporting talent, the company's prima ballerina, Lola DeRonda, who has been with the troupe since 1952, and Juan-Mari Astigarraga, last year acclaimed for his Basque dance.

Others are Pepita DeArcos, known as "LaBombita" (Little Bombshell), Lupe Del Rio, who

has been with the company several seasons, Paco Fernandez, the ballet-master and assistant choreographer for the troupe, and singers Manuela DeJerez and Norina.

New artists will also be included in the program. These are performers who Senior Greco has discovered in the cafes cantantes, carabets and music halls of Spain, on his annual hunt.

Jose Greco himself supervises all details of the troupe, including scenery, costumes and musical arrangements. In addition, he does the staging for the production.

Senior Greco has studied the politics, history, art, literature and people of Spain, in order that he and his troupe might truly interpret the dances as they were intended.

A limited number of tickets for the performance will be available at Daveau's Music Co., and the Little Country Theatre.

JOSE GRECO and his Spanish Ballet will present a program in Festival Hall Feb. 1.

# Agricultural Engineers' Show Set for Little International

NDSU Agricultural Engineering Show will be held Feb. 17 in conjunction with the Little International Livestock Show according to Marvin Jensen, manager.

The NDSU Agricultural Engineering Show (formerly the Farm Equipment Show) is a show put on by the North Da-

kota Student Branch of the American Society of Agricultural Engineers for the benefit of the farmers of North Dakota. The purpose of the show is to acquaint the farmer with the advances being made in agriculture through engineering.

Some of the outstanding exhibits in the various divisions

include the following: Soil and Water Division: manager, Harvey Hirning, is designing a model illustrating conservation practice applied to a North Dakota farm.

In the Farm Structures Division plans are being made to show a scale model of a hog production plant utilizing latest developments in engineering.

The farm power division will feature a demonstration showing the principles of a fuel injection system and its advantages over conventional ignition systems.

The latest methods of feed handling will be illustrated through the use of control systems and feed conveying equipment.

# LUCKY STRIKE presents: LUCKY TUFFERS "THE FACULTY TEA"

**THE PROFESSORIAL IMAGE.** It used to be that professors, as soon as they were 28, took on a father image—rumpled tweeds, tousled hair, pipe. But these days, the truly "in" professor has the "buddy" look—ivy suit, crew cut, Lucky Strikes. It seems that students learn more eagerly from someone with whom they can identify. Alert teachers quickly pounce on the fact that college students smoke more Luckies than any other regular. Have you pounced on the fact yet?
