

## BASSIN TOPS FIELD OF FOUR

### Record Number Of Students Vote in Election

Sherry Bassin, Pharm jr, was elected Student Body President last Tuesday, edging out Raymond Myer, Ag jr, by 66 votes.

With a record number of students voting, Bassin received 679 of the 1790 votes cast.

Myer tabulated 613, Gary Reddig, 284, George Duemeland, 159 and Harold Hughes, 45. Several other write in candidates got from one to four votes apiece.

Upon hearing of his election as president Sherry commented "I am happy for the fact that the students of NDSU have confidence in me in guiding them in the future year."

Retiring president Wayne Hamann had this to say at the outcome of the election: "Congratulations to Sherry and I am sure he will do a fine job. I wish him all the success in the world."

Bassin, who is a member of Kappa Psi fraternity, is currently Commissioner of the Board of Publications and Sports Editor of the Spectrum.

SHERRY BASSIN RECEIVES CONGRATULATIONS from his campaign manager Jim Olson shortly after being elected NDSU's Student Body President in Tuesday's election. Other students wait their turn.

Other students wait their turn.

## Robson, Milbrath Get Most Votes

Tracy Robson, Math so, and David Milbrath, Pharm jr, led their respective fields of one year and two year senate positions in the election staged last Tuesday.

The other five elected senators for two year senate positions are Duane Bergland, Gary Knutson, Bill Findley, Roman Kline, and Bob Norum.

Along with Milbrath, six other new senators will fill the one year senate seats. They are: Harley Horsager, Judy Jensen, Sandra Johngard, Ford Hermanson, Carol Solberg and Bill Thompson.

Of the 1793 votes cast for the two year senate position, Tracy Robson received 260, 85 more than the second place student.

In the senate seats for one year, David Milbrath received 258 of the 2058 votes cast, 50 more than the second place choice.

The number of votes that each candidate received for two year senate were:

Tracy Robson	260
Duane Bergland	175
Gary Knutson	151
Bill Findley	150
Roman Klein	150
Bob Norum	136
Jay Lucas	132
Kerry Hawkins	125
Paul DuCharme	124
Maggie Swanston	110
Roger Forsgren	107
Duane Bartsch	90
Lee Geiger	82

The results of the one year senate race is as follows:

David Milbrath	258
Harley Horsager	208
Judy Jensen	199

Carol Solberg	177
Sandra Johngard	174
Ford Hermonson	170
Bill Thompson	146
Steve Bzura	142
Dick Clemenson	138
Frank Lantz	137
George Bender	135
Gary Gapp	109
Bob Roel	65

## Robinson to Speak at Hall of Fame Banquet Tonight

David Robinson, commercial cattle rancher at Coleharbor, will be the main speaker at the annual Hall of Fame banquet, tonight at the Memorial Union Ballroom at 6:30 p.m.

The banquet marks the start of the 36th Little International activities at NDSU. Dr. R. E. Shigley will be honored as "Man of the Year" in North Dakota

agriculture by the Saddle and Sirloin club. A portrait of Shigley will be unveiled by Dr. H. R. Albrecht, NDSU president, which will be hung later in the Shepperd Arena Hall of Fame.

Speaking for his father will be Col. James Shigley, 5th Army Headquarters in Chicago. A daughter, Mrs. Roger Herigstad

of Minot will also be present.

Robinson will tell of Dr. Shigley's accomplishments during his 50 years as a veterinarian in North Dakota. He knew the veterinarian as a boy and attended NDSU with his daughter.

Also familiar with other Hall of Fame members, Robinson's father George Robinson, was selected in 1943, his uncle, Dr. John Robinson in 1956, and his father-in-law, Matt Crowley in 1934. Robinson graduated from NDSU in 1940 and was active in Saddle and Sirloin as a student.

The banquet program will also honor NDSU's judging teams.

Coach Merle Light will introduce the members of his junior livestock judging team which placed second at the National Western Stock Show in Denver. The students are Paul Martin, John Oster, Jan Peterson, Raymond Meyer, Ken Evanger and Norman Bakkegard.

The junior team, which recently placed sixth at the Southwestern Livestock Exposition in Fort Worth, Texas, includes the following students: Wayne Reardon, John Topp, Donovan Eck, Duane Preston, Vernon Boeshans and George Duemeland.

John Johnson will introduce the senior livestock judging team which placed fifth at the National Barrow Show in Quarter, Minn., and second in quarter horses at the American Royal. The students are: Lloyd Danielson, Charles Peterson, Allen Wyman, Miles Bobb and Kenneth Knight. Bill Cook was

## Two NDSU Students Killed in Car-Train Crash Accident

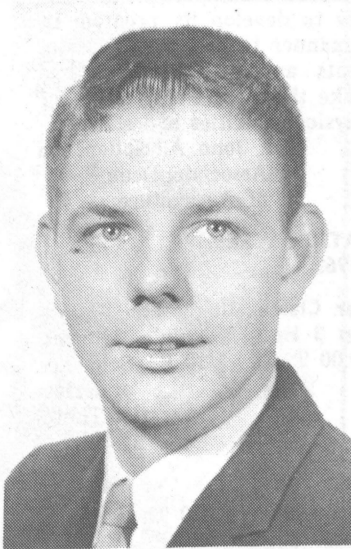

William Cook, Ag sr, and Raymond Zimmerman, Ag jr, were killed Tuesday afternoon when their car was struck by a train northwest of Fargo. Allen Wyman, Ag jr, jumped from the moving vehicle before the crash and received minor injuries.

The three were returning from an animal husbandry class at the sheep barns about three miles west of the campus.

Funeral services were held yesterday for Cook. Zimmerman is to be buried in Elgin Saturday.

Both Cook and Zimmerman were officers of the Saddle and Sirloin Club which sponsors the Little International which begins today. Cook was vice president and Zimmerman was assistant treasurer. Cook was chairman of publicity for the show in which both of them were to exhibit livestock.

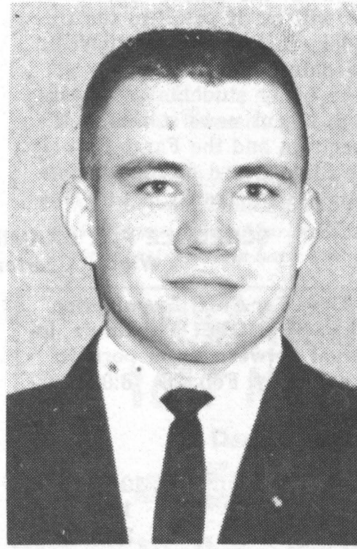

As a member of the NDSU judging team, Cook won second place in sheep judging at the international collegiate live-

COOK

stock judging contest in November in Chicago. He had gone on judging trips to Fort Worth, Texas; Kansas City, Mo.; and Austin, Minn.

Zimmerman was a member of the Alpha Gamma Rho fratern-

ZIMMERMAN

ity and a major in animal husbandry. He worked on many animals preparing them for showing.

In his senior year in high school he was voted most courteous and outstanding.

Guest Editorial

# Married Students Congratulate Winners

We have just finished what may turn out to be one of our most exciting elections. It is good to see people take a seriously active part in politics and campus affairs while we are still able to form our opinions on a highly intellectual level.

However, as often happens, people get over zealous in their attempts to arouse interest in their candidates. Many times winning becomes all important without thinking of the future and the greater good of the campus.

Here though is where we have a great advantage over our elders and counter parts living in the communities all over the country. This is that we aren't bound to party systems, but rather only to the welfare of the student body.

As our statement on this now

past election, let us say this: Our full congratulations to the winners and a handshake of friendship to the losers in hopes that we can now all get together to develop a very high standard of campus life of which we are all capable.

The Married Student Government

### Letter to Editor

The members of the Farm House fraternity wishes to extend their heartiest congratulations to the new Student Body President Sherwood Bassin and the newly elected senators.

Also we would like to take this opportunity to thank those who did back our candidates.

FarmHouse Fraternity

### Letter to Editor

## Where is Interest In Leadership Training?

Certainly it would seem that leadership training is an important and integral part of a college education. Students do devote a considerable amount of time and energy to their extra-curricular activities and any training in group responsibilities and leadership would certainly be to their advantage.

In view of this one would expect to find a large participation in a Leadership Workshop, particularly since interest in student government activities at the time of this workshop was very high. Workshops such as the one held last Saturday are provided to the student a'

no extra cost and it would seem that students who are interested in leadership and do not attend such functions are merely cheating themselves.

The fact remains that a group of 15 students representing eight organizations comprised the entire workshop attendance that morning.

My faith in the possibilities and future expectations of our potential leaders is certainly discouraged. I sincerely hope that this lack of interest in leadership training is not indicative of the future of our campus and nation.

Ray Hendrickson

## Should Year Around Academic Program Be Adopted by NDSU?

Last spring two articles appeared in the Spectrum which discussed the possible desirability of NDSU adopting a year around academic year. On May 15, 1961, students were asked to complete a questionnaire giving their opinions on the matter and providing certain other information for correlation purposes. A total of 1587 questionnaires were turned in.

On Monday, Feb. 19, students in all classes meeting at 10:00 a.m. will again be asked to fill out a questionnaire on the question of whether NDSU should adopt a year around academic year.

The questionnaire will be similar to the one students were asked to fill out during spring quarter 1961. The purpose of the new questionnaire is to obtain a second sample of student

opinion and to gather some additional data omitted from the spring questionnaire.

Students not in class at the 10:00 a.m. hour who may wish to complete the questionnaire may obtain copies of the questionnaire at the office of the dean of each college, at the Office of Admissions and Records or the library door check desk.

Some of the questions asked may not seem directly concerned with the major questions, but will be of value to the calendar committee in analyzing the data collected.

As many students are aware from recent news stories in the Spectrum and the Fargo Forum, the State Board of Higher Education is interested in this mat-

## Norum Gives Lecture; Receives Faculty Member Award

By JOE MCKENZIE

Dr. Enoch B. Norum, head of the soils department at NDSU was presented with a gift and plaque at the sixth faculty lectureship held in the Memorial Union Feb. 13. He spoke on "Our Soil — Our Support".

The presentation was made by President Albrecht for Dr. Norum's achievements as professor of soils and as one of the outstanding members of the NDSU faculty. The award was made in memory of the late Adrain Buttz.

People give little thought of their relationship to the soil and the fact that the population is dependent on the soil for a major portion of their support

according to Norum. He said that man has looked to plants for satisfaction and as a source of shelter, fuel, medicines, poisons, drinks, spices and other items.

"Man has turned to plants for reducing the impact of the elements on himself and his possessions and for the adornment of his surroundings," Norum said.

By the beginning of the Christian Era, a large body of knowledge had already been accumulated. He related the study of soil and man's interest to improve and achieve knowledge of the soil as a medium for plant growth.

The evolution of the Morrill

Act, state experimental stations and federal research establishments have strengthened both research and practices Norum said. He stressed the importance of soil classification and surveys.

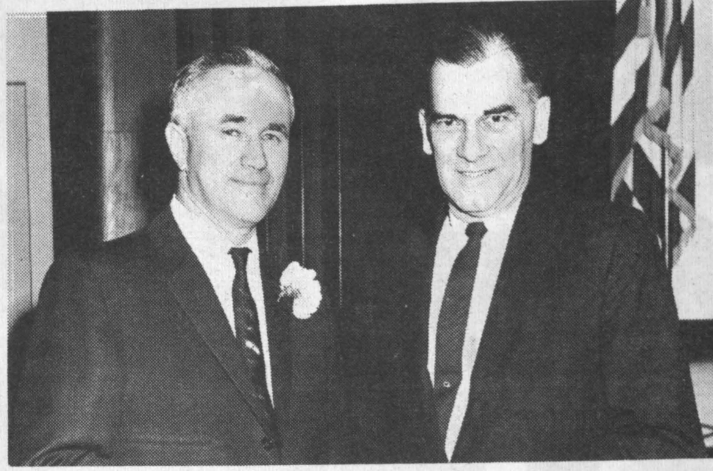

Norum brought out the importance of organic matter in maintaining soil fertility. He said that in the northern plains it would be necessary to leave land in grass for at least 75 per cent of the time.

The loss of organic matter and reduced fertility has brought about the use of Fertilizer. North Dakota is a comparative newcomer in the use of fertilizer he added.

The information of researchers and scientists that has been dispersed by mass communications to the farmers, Norum said, has increased the improvement of the soil as a medium for plant growth.

As a result, farm output has increased 40 per cent or more over that of 1939 on fewer acres of land with only partial application of new techniques. An additional increase appears attainable by 1975.

"The position of North Dakota relative to other states will suffer if our farmers fail to keep up in application of improved technology," Norum said. North Dakota farmers need more information if they are going to compete effectively with local, state, national or international competitors he added.

DR. E. D. NORUM receives an award from President H. Albrecht for his achievements as professor of soils and as one of the outstanding members of the NDSU faculty at the Sixth Annual Lectureship held Feb. 13.

"Damn Yankees" Tryouts Set for Next Week

## Student Questions Value of NDSU Senate

Just what does student senate do? From what I've seen the past four years, I'd say that they do absolutely nothing that couldn't be done much more efficiently by a designated committee in the business office.

This committee could handle arrangements for Homecoming, freshman orientation, Sharivar and the other activities handled by student senate.

For the past four years, students campaigning for student senate as well as student body president have had platforms containing the following problems:

- 1. Parking problem
2. Teacher evaluation
3. Married students housing

Just what has been done about these problems? Absolutely nothing, if anything they have gotten worse instead of better.

As for the members of student senate, the majority are members of Greek organizations. This is not to say that this is bad, but it definitely isn't good. What this amounts to is a popularity contest between the Greek organizations on campus.

I feel that many of the students on campus must feel the same way. If they didn't there would be a larger turn-out on election day. Last year only 1600 students, cared enough to vote. This amounted to less than 50 per cent of the university enrollment.

I believe that the question of whether to abolish or continue student senate should be brought up before the student body in

the form of an election. Let the student body decide this issue.

Delmer Kramer

## Where Was Emphasis Last Week

Continually we hear assertions of the importance of a college education. Why is education so important? Could its unique purpose be to develop thinking and examine the nature of being?

Last week was designated Religious Emphasis Week. The topic was chosen to be of interest to both students and faculty. The administration was stated to be behind this endeavor. How far behind was not immediately apparent.

Not only were many of the events nearly deserted by students and faculty alike, but competitive attractions were staged — lectures in math and architecture, meeting for women students — the SUAB had a dance and Dr. Roach and a group of eight people were found competing with "Seven Brides for Seven Brothers".

### EMPHASIS?

The unique purpose of a college education is apparently not to develop thinking or consider the nature of being.

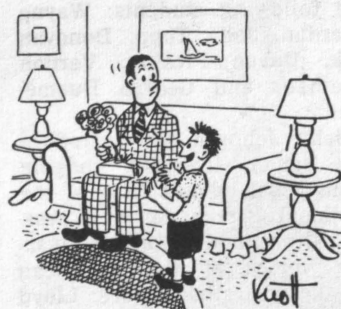

Just what advantages are unique to a college education? Phil Hetland

## NOTES

### Square Dance Club Elects

Les Lorentzen, IE soph, was elected president of the NDSU Square Dance Club Feb. 10.

Other officers are Richard Zalskie, Physics jr., vice-president; Alice Jill, H Ec soph., secretary-treasurer.

Meetings are held every second and fourth Saturday at 8 p.m. The next meeting will be Feb. 24 at 9 p.m.

The caller of the club is Dwight Palmer, associate state 4-H club leader.

#### Engineering Wives Club

Electrical and Mechanical Engineering Wives Club will meet Tuesday, Feb. 20 at 8 p.m. in Meinecke Lounge. A film on fall and winter fashions will be shown. All wives of E and ME students and faculty are invited.

people are left to mark the campaign, but meals are back on schedule and speeches will generally remain centered around the speech department.

Romance is still showing itself occasionally for NDSU students. With Valentine's Day last Wednesday it should have been very noticeable.

Recently married were Theta Judy Erjavec and ATO Jerry Erck. Engagements recently announced were Barb Satovich, H Ec sr, to Paul Beyer from Breckenridge, Minn. and AGD Jean Thompson to Al Hanson from Twin Valley, Minnesota. SPD Dean Mullenberg was pinned to Noel Brem of Moorhead.

By NANCY FLATT  
Attention will focus this weekend on Sheppard Arena. Probably one of the more interesting events for those who don't know a great deal about the Little International Livestock Show will be the greased pig contest. There just seems to be universal appeal to the idea of a free-for-all between campus co-eds and pigs. Actually, even if you are an authority on livestock, this combination should prove interesting.

Other weekend activities include the ATO term party at the Moorhead Country Club and the AIEE banquet and dance at the KC Hall. Both will be Friday night. Saturday night the Sigma Phi Delta term party will be at the Gardner Hotel.

Dinner exchanges Monday night were between the SAEs and AGDs and the AGRs and Phi Mus. Wednesday night the ATOs and KDs had a Kiddies Valentine Party at the KD house. The Tekes and Phi Mus, Thetas and SAEs and Gamma Phis and SPDs also held entertainments this week.

Last Saturday night the Gamma Phis had a slumber party and they also have 10 new actives. They are Carol Anstett, Carol Berg, Violet Anderson, Maxine Jordheim, Judy Jensen, Judy Snuff, Denise Gibb, Christy Powers, Ene Koivastik and Kathy Larson.

Wearing new Kappa keys are Liz Bartley, Cheryl Clark, Barb Fiedler, Janet Griffin, Jane Eggert, Joni Green, Mary Jane Hanmer, Emilie Lehr, Ginger Mease, Helen Owens, Edie Claire Olness, Dody Sholts, Roberta Schulte, Daphne Thompson and Marlys Wickman.

Alpha Gamma Delta announces their new initiates who are Karen Vossefeig, Karen Nordstrom, Lucille Marschke, Stella Kivley, Susan Knox, Judy Kubler, Sandra Johnsgard and Marg Nelson.

The KDs also have new initiates and they are Mary Cameron, Judy Garaas, Sue Haas, Donna Huether, Kathy Hutter, Kathy Hjelle, Janette Juntunen, Sally Jo Kaspari, Judy Mertes, Ginny Nelson, Judy Olson, Bobby Quick, Darlene Singer and Linda Trautman.

The newest pledges at the Kappa Psi house are Dave Bakken, Galen Rustan, Bob Abbott, Ken Rase, John Wold, Richard Muller and Dave Hughes.

The KKGs elected Sara Avery as their Pledge of the Year.

Now that politics has left the NDSU campus for another year, things are fast returning to normal. A few neglected campaign posters and unhappy

(Continued from Page 1)

a member of this team. Coach Verlin Johnson will introduce the members of the meat judging team.

They are: Raymond Meyer, Norman Bakkegard, Jan Peterson, Dan Duerre and John Oster. The team placed third at the American Royal Livestock Show in Kansas City this year and won second in lamb grading, tied for fifth in lamb judging at the International Livestock Exposition in Madison, Wis.

Toastmaster for the banquet will be Duane Preston. Also to be honored during the evening will be the Little International Queen and her attendants.

On Campus with Max Shulman  
(Author of "Rally Round The Flag, Boys", "The Many Loves of Dohie Gillis", etc.)

### UNITED WE STAND

The entire academic world is agog over the success of the Associated Colleges Plan—ACP, for short. I mean, you go to any campus in the country these days and you will see students and faculty dancing on the green, blowing penny whistles, grabbing each other by the elbows and yelling, "About that ACP, Charley—like *wow!*"

And who can blame them? The ACP is a plan not only simply brilliant, but also brilliantly simple. All it is, is a loose regional federation of small colleges. Let's say, for example, that in a given region we have a group of small colleges, each with its own academic specialty. Small College No. 1, let's say, has a fine language department; Small College No. 2, let's say, has a fine science department; No. 3 has a fine music department; etc., etc.

Well sir, under the ACP these various colleges federate. A student in any one of the colleges can take courses in the specialty of any of the other colleges and—here's the beauty part!—he will receive credit for the course at his home college. Thus he enjoys all the advantages of a big university without losing the comfy coziness of a small college!

Well sir, you can see what a good idea the ACP is. I respectfully submit, however, that just because a thing is good is no reason not to try to make it better. Like, for instance, Marlboro Cigarettes. Marlboros were good from the very beginning, and people found out quickly and sales zoomed. But did the makers of Marlboro say, "Okay, we've got it made. Let's relax"? Well sir, if that's what you think, you don't know the makers! They did *not* relax. They took their good Marlboros and kept improving them. They improved the filter, improved the blend, improved the pack. They researched and developed tirelessly, until today Marlboro is just about the most admirable cigarette you can put a match to. There are, in fact, some people who find Marlboros so admirable they can't bear to put a match to them. They just sit with a single Marlboro in hand and admire it for ten, twelve years on end. The makers of Marlboro are of course deeply touched by this—except for E. Rennie Sigafos, the sales manager.

But I digress. The ACP, I say, is good but it can be better. Why should the plan be confined to small colleges? Why should it be confined to a limited region? Why not include all colleges and universities, big and small, wherever they are?

Let's start such a federation. Let's call it the "Bigger Associated Colleges To Encourage Richer Intellectual Activity"—BACTERIA, for short!

There are still a few bugs in BACTERIA

What a bright new world BACTERIA opens up. Take, for example, a typical college student—Hunrath Sigafos (son, incidentally, of the Marlboro sales manager.) Hunrath, a bright lad, is currently majoring in burley at the University of Kentucky. Under the BACTERIA plan, Hunrath could stay at Kentucky, where he has made many friends, but at the same time broaden his vistas by taking a course in constitutional law at Harvard, a course in physics at Caltech, a course in frostbite at Minnesota and a course in poi at Hawaii!

I admit there are still a few bugs in BACTERIA. How, for instance, could Hunrath attend a 9 o'clock class at Harvard, a 10 o'clock class at Hawaii, an 11 o'clock class at Minnesota, and still keep his lunch date at Kentucky? It would be idle to deny that this is a tricky problem, but I have no doubt American ingenuity will carry the day. Always remember how they laughed at Edison and Fulton—and particularly at Walter Clavicle who invented the collarbone.

Three cheers for American ingenuity, which gave us the ACP, the collarbone and MGM... that's the Mighty Good Makin's you get in Marlboro, the filter cigarette with the unfiltered taste. Settle back and enjoy one. You get a lot to like.

# STUDENTS READY FOR

**LOOKING THINGS OVER** to see if the Little International Show is ready are Ray Meyer, assistant manager, Jan Peterson, president of Saddle and Sirloin and Norman Bakkegard, manager. In the background are Paul Trauger, Lloyd Danielson and Harvey Peterson and Vernon Boeshans working with their animals.

**SHEPPERD ARENA** all polished and ready for the show.

Months of planning and preparation are now ready for public view as the NDSU Little International Livestock Show begins tonight with the annual Hall of Fame banquet.

David Robinson, commercial cattle rancher at Coleharbor, will be the main speaker. NDSU's four judging teams will be honored besides the "Man of the Year in North Dakota Agriculture", Dr. R. E. Shigley.

**Ag Engineering Show**  
Students are competing in four divisions in the Agricultural Engineering Show which is to be held from 8 a.m. to 5 p.m. Saturday, Feb. 17 in the agriculture engineering building.

Twenty seven exhibits are entered in these divisions: farm power and machinery, farm structures, farm utilities, soil and water. Students are judged on originality, preparation, educational value, and presentation of the exhibit.

A historical exhibit will show different types of farm machinery used in the past.

**Showmanship Contest**  
Showmanship contest in the sheep, beef, dairy and swine divisions will be held Saturday evening in Shepperd Arena.

**Crops Judging Contest**  
Crops judging contest for 4-H and FFA students from North Dakota and Minnesota will be held from 8-12 a.m. Saturday in the Memorial

Union Ballroom. Crops show will be held from 8 a.m. to 5 p.m. in Shepperd Arena Saturday.

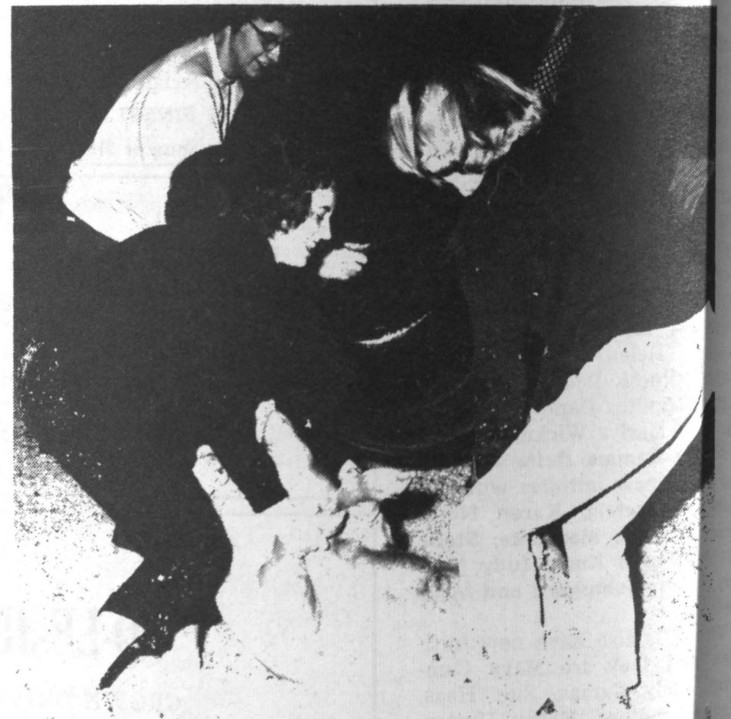

**Fashion Review**  
Another attraction that is being held in connection with the Little International is the fashion review to be held in the College of Home Economics Saturday, Feb. 17 at 2:30 p.m.

Both past and current fashions will be modeled. Some of them date back as far as 100 years. All of the current fashions have been made by students in home economics. Many of them have been originally designed.

Refreshments will be served in the Founders Room from 3:30-4:30 p.m. The fashion review and coffee hour are sponsored by Tryota, professional home economics club. The public is invited according to Bonnie Larson, chairman.

**Fraternity Calf Tying Contest**  
Representatives from the ten fraternities on campus will take part in the calf tying contest scheduled for 9:05 p.m. Saturday night in Shepperd Arena.

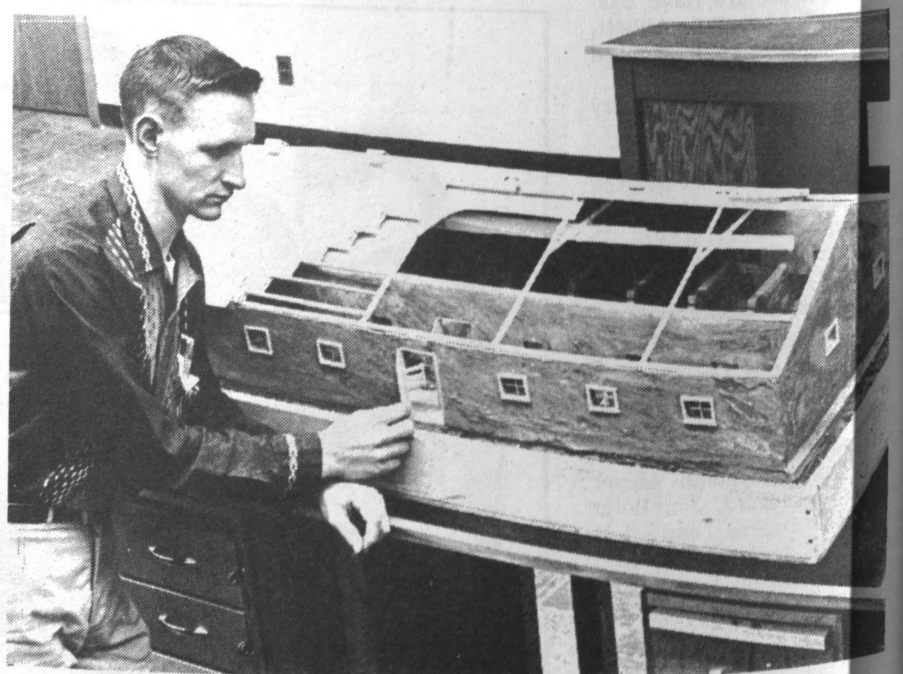

**Coed Greased Pig Contest**  
Two representatives from each of the sororities and girls dormitories on campus will compete in the coed greased pig contest held in connection with the showmanship contest in Shepperd Arena at 8:05 p.m. Saturday night.

**A SAMPLE** of what the girls face in the Greased Pig Contest.

**GLENN McCRORY**, Hall of Fame manager, holds the picture of Dr. Shigley, 1962 "Man of Year" in the place where it will be hung in the Saddle and Sirloin Hall of Fame in Shepperd Arena following the banquet Friday night.

**NORMAN BUCKHOUSE** showing his model farrowing shed which will be exhibited in the Agricultural Engineering Show Saturday.

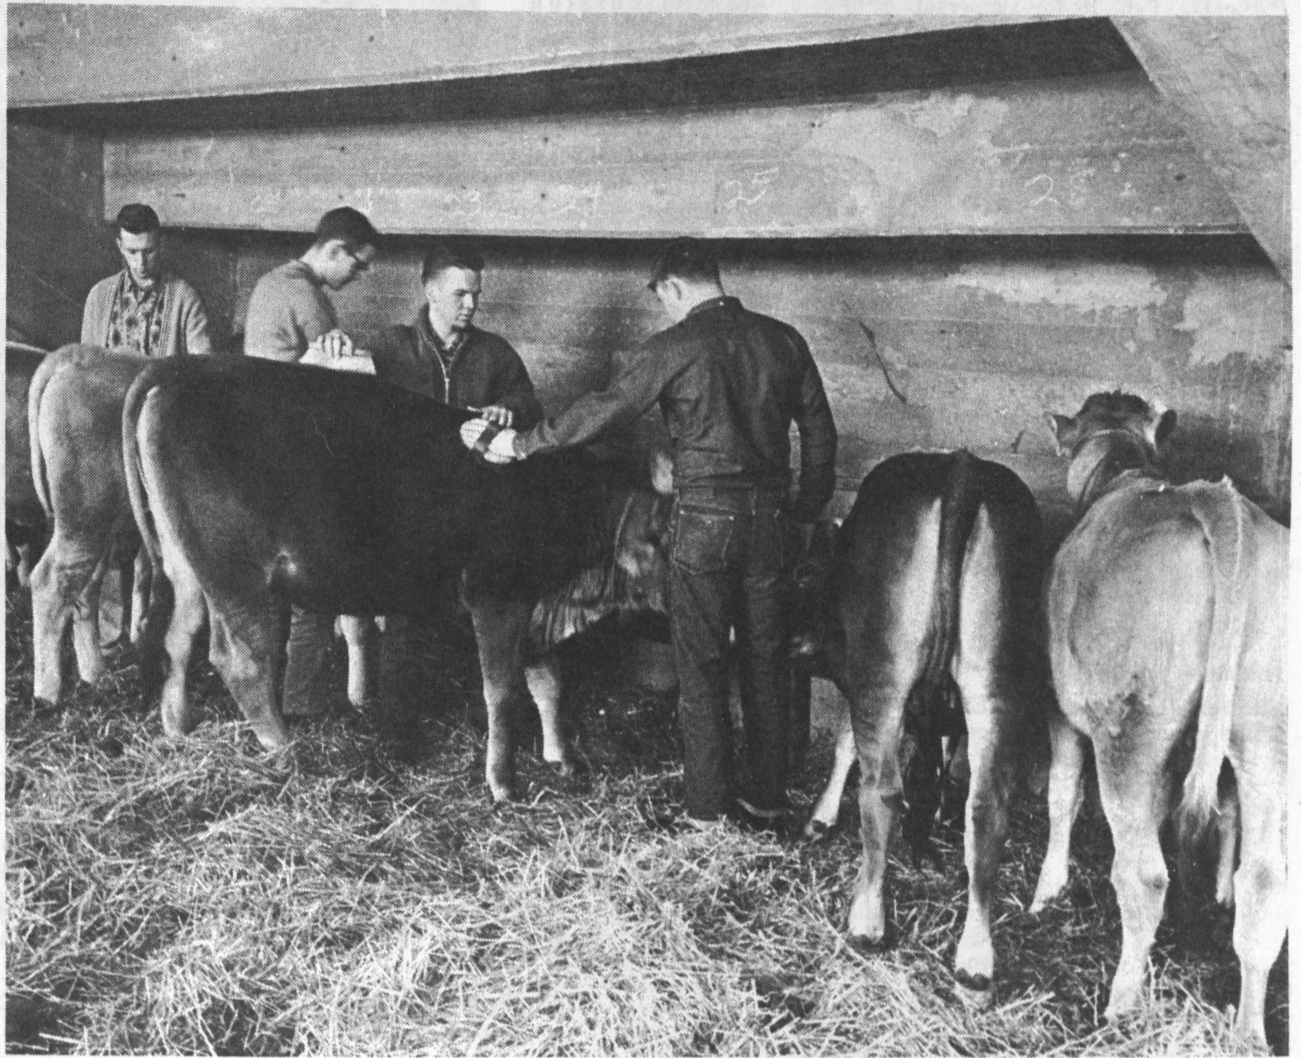

# LITTLE INTERNATIONAL

### Little International staff

People behind the scenes include: Norman Bakkegard, manager; Raymond Meyer, assistant manager; Glenn McCrory, Hall of Fame manager; Dan Duerre, advertising manager; Donald Johnson, master of ceremonies; Allen Wyman, business manager; Paul Martin, arena manager; Jan Peterson, ring manager. Bill Cook was the editor of the catalog.

Directors for the show are: Kenneth Knight, publicity; Donovan Eck, ticket sales; Sherwood Peterson, special events; Jack Salzsieder, queen contest. Wallace Nelson, technical.

Division superintendents are: Harold Spickler, beef; Jan Peterson, sheep; Dennis Johnson, dairy; Lloyd Danielson, swine; Duane Preston, exhibits; Marvin Jensen, farm equipment; James Quick, agronomy and horticulture; Evonne Currie, home economics coordinator.

PLENTY OF "ELBOW GREASE" and a good brush will help to determine the winner of the dairy division. Duane Preston, Terry Vorachek, Jack Salzsieder and Vernon Boeshans are doing just that.

RAY MEYER gives the boys a few pointers on showing a hog before the show.

I wonder what this sheep is thinking about as Kenneth Knight begins fitting preparations for the Hampshire Division

QUEEN BONITA BOHNSACK, center, and her attendants, Patricia Slocum and Marlette Anderson, ready to reign over Little International festivities.

WAIDE ADAMS, crop show chairman, looks over early entries of the Agronomy Show which will take place Saturday morning.

QUEEN BONITA and the trophies that she will present at the Saturday night show-manship contest.

# Notices

**Wesley**  
Wesley Foundation will meet Sunday, Feb. 18 for supper at 5:30 p.m. Program and recreation will follow.

### Inter Campus Affairs Commissions

A meeting of the Inter Campus Affairs commission with representatives from campus religious organizations will be held at noon Monday, Feb. 19 at the Ceres Hall small dining room.

## Students Elect Senate Members

**RECORD TURNOUT!** Students are shown registering to vote for Student Body President and student senators. 1790 voters cast their ballots in the 1962 elections.

# Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

The nudge is permitted when a beautiful girl is sighted in an unusual place or at an unusual time.

## LESSON 3 - Concerning self-control

Although we believe that girl watching has it all over bird watching, we feel that these two hobbies do share one important characteristic. They are both genteel. They both respect the rights of the watched. A girl watcher who asks a beautiful stranger for her name and phone number is like a bird watcher who steals eggs. (If the

stranger happens to have a pack of Pall Mall Famous Cigarettes, and you're dying for a good, natural smoke, you may break this rule.) Normally, the girl watcher's pleasure is warm, quiet and internal. However, there are cases when a discovery is so dazzling it must be shared. Such a case is illustrated above.

**WHY BE AN AMATEUR?  
JOIN THE AMERICAN SOCIETY  
OF GIRL WATCHERS NOW!**

**FREE MEMBERSHIP CARD.** Visit the editorial office of this publication for a free membership card in the world's only society devoted to discreet, but relentless, girl watching. Constitution of the society on reverse side of card.

So smooth, so satisfying, so downright smokeable!

# "Damn Yankees" Tryouts Set For Next Week in Festival

By JIM ERICKSON

Have you had experience in selling your soul?

Do you like baseball?

Can you sing, dance, or talk?

If any of these traits fit you, come to the tryouts for the musical production, "Damn Yankees," set for Tuesday and Wednesday of next week. Tryouts will be held in Festival Hall beginning at 6:45 p.m. each night, so, if the ham in you is getting restless, drop over.

The big question in "Damn Yankees" is this: Will the Washington Senators win the pennant from the New York Yankees?

Of course not, you say — but you haven't met Mr. Applegate. He is a strange fellow with a knack of picking lighted cigarettes out of the air. (A very useful talent) He changes unathletic Joe Boyd into Joe Hardy, a fantastic baseball player. Joe, a Washington fan, now can help Washington win the pennant.

However, Mr. Applegate wants

Joe's soul in exchange for his "good" work. The complications arising from this situation make a delightful play.

Since "Damn Yankees" is a musical production, songs and dances are plentiful. The two best known songs are probably, "You Gotta Have Heart," sung by the baseball team, and "Whatever Lola Wants," sung by Lola, the Devil's bewitching assistant. But the entire score is just as good.

There are six solo parts, other speaking roles, and a chorus in the cast. Male students are also needed for three dance numbers in the show.

If you are not interested in being "out front," many back stage positions are waiting to be filled. For every actor on stage, three or four people are needed back stage to make the play a smooth production.

Whatever your interests, you can find something in "Damn Yankees" that appeals to you. Come to Festival Hall at 6:45 p.m. Feb. 20-21 and try out—even if your only reason is to learn how to pull lighted cigarettes out of the air.

LOOKS SHARP! Gayle French pins Carol Moffitt's rank on her new Angel Flight uniform.

## Angel Flight Elects Officers; Purchases New Uniforms

Gayle French, AAS jr, heads the slate of Angel Flight officers for the 1962-63 fiscal year. Angel Flight is an organization

of college women who have interests in the United States Air Force.

Its purpose is to further the cause of the United States Air Force by promoting the interest of the college man in the AFROTC program.

Other new officers elected at the last Angel Flight meeting are Carol Moffitt, vice-president; Dona Rhines, secretary; Suzanne Jensen, treasurer; Martha Bateman, social; Marlette Anderson, uniforms and Nancy Flatt, public relations.

In addition to officers Angel Flight also has 30 new uniforms. They were purchased by the Air Force for Angel Flight.

The uniforms are made of navy blue wool and consist of a straight tailored skirt, a white cotton blouse and a single-breasted suit coat.

They are the new standardized national uniforms worn by Angel Flighters throughout the United States.

## Notices

### Scholarships

All women are urged to apply for scholarships by picking up blanks at Dean Thompson's office. All applications must be turned in at the Dean of Women's office by March 1.

### WRA

WRA will offer a co-educational class in beginning fencing spring quarter. All interested persons should contact Miss Raer or Marjeanne Tehven.

### Wesley

Wesley will meet Sunday Feb. 18 at 5:30 p.m. for supper which will be followed by a program and recreation.

### Evaluation

Homecoming evaluation meeting will be held at 5 p.m. in Meinecke Lounge. All students with griefs or gripes on Homecoming are invited to attend.

## THE BELL TELEPHONE COMPANIES SALUTE: MARTIN CAWLEY

When Martin Cawley joined Illinois Bell Telephone Company a year and a half ago, he immediately was assigned to a job in the Building Engineer's Group. This work involved preparing plans and specifications for remodeling several floors of an important telephone office building, and following details of the field work until the job was completed. A lot of responsibility, but he handled it well

and earned an assignment as Project Engineer. Now he handles still more complex building projects, each contributing to better telephone service for Chicago.

Martin Cawley and other young engineers like him in Bell Telephone Companies throughout the country help bring the finest communications service in the world to the homes and businesses of a growing America.

WEARING A "ROARING TWENTIES" COSTUME, Pat Slocum admires Rita Hanneson's 1889 outfit. These are two of the six costumes to be modeled in the style show sponsored by Tryota Feb. 17

## Tryota To Sponsor Style Show Feb. 17

Bustles, petticoats, leg of mutton sleeves, antique velvet, high button shoes, ostrich plume hats and original flapper costumes will be featured in the Little International Style Show Saturday, Feb. 17 at 2:30 p.m. It will be held in room 29 in the home economics building.

"Spirit of Fashion" is the theme of the style show. Everyone is welcome according to Bonnie Larson, chairman. It is sponsored by Tryota, NDSU's Home Economics Club.

Six centennial costumes will be modeled. The costumes vary from formals to casual clothes. Besides the centennial costumes, dresses, suits and coats will be modeled from the textile and clothing classes this fall. Approximately 50 girls

will be modeling in the style show.

Through the courtesy of Mrs. E. W. Johnson, Crookston, Minn. and Helen Raney, H Ec jr the centennial costumes were obtained for the style show.

Mrs. Johnson makes a hobby of collecting former fashions and lending them to high schools and colleges for style show purposes.

Coffee will be served following the show in the Founder's Room by Tryota. Tours of the building will also be held.

# Job Interviews

Placement  
Office

**Monday, Feb. 19**

**FEDERATED MUTUAL INSURANCE COMPANY** of Owatonna, Minn., desires to interview economics students for assignment in their general training program. Those accepted will spend three months at the Home Office in Owatonna and then be assigned to field locations as claims adjusters, premium auditors or loss prevention engineers. This experience is normally followed by permanent assignment in one of the Division Offices.

**Monday, Feb. 19**

**BUREAU OF LAND MANAGEMENT** is seeking to employ graduates majoring in range management, forestry, agricultural and civil engineering, agricultural and land economics, business administration and soil sciences. Summer employment opportunities will be available for undergraduate students majoring in technical fields.

**Monday & Tuesday, Feb. 19, 20**

**COLLINS RADIO COMPANY** of Cedar Rapids, Iowa will have representatives on campus to interview electrical, mechanical and industrial engineering students at all degree levels. Opportunities are also available for physics and mathematics students with exposure to computer equipment. Current openings are in research and development, industrial engineering data programming and analysis.

**Tuesday, Feb. 20**

**INTERNATIONAL BUSINESS MACHINES COMPANY** will return to the campus interviewing senior and graduate engineering students for assignments in research, development and manufacturing. Primary concern will be for assignments at the Rochester, Minn., Plant of IBM.

**Tuesday, Feb. 20**

**COMMONWEALTH EDISON COMPANY**, Chicago, Ill., wishes to interview senior electrical and mechanical engineering stu-

dents. Commonwealth generates and sells electricity in Chicago and an 11,000 square mile area in Northern Illinois.

**Tuesday, Feb. 20**

**ATOMIC ENERGY COMMISSION** is seeking to select a number of masters degree candidates to qualify for management and technical intern programs. All mechanical, industrial and electrical engineering students receiving graduate degrees may qualify for the program. Masters degree candidates in business economics, administration and related fields may also qualify for the management program.

**Wednesday, Feb. 21**

**NORTHERN ILLINOIS GAS COMPANY** of Aurora, Ill., offers employment opportunities to all graduating engineering students. A one-year training program is followed by a regular assignment in engineering, operations procedures or sales.

(Continued to Page Nine)

## New low-cost luxury in two just-out Chevy II Nova sedans

• Luxury and low cost have never been more beautifully blended than in these two newest additions to the Chevy II line! Like their running mates—the Nova 400 Sport Coupe, Convertible and Station Wagon—they have the same more-for-your-money features that have made Chevy II the winner of *Car Life* magazine's Engineering Excellence Award for 1962. Soft-riding new Mono-Plate rear springs, proved in the equivalent of 2,000,000-plus test miles. Thrifty 6-cylinder engine

that gets more "git" out of a gallon of regular. Body by Fisher roominess that fits big families and small parking places. An easy loading vacation-sized trunk. New ideas that save on upkeep. Plus trim, tasteful styling, inside and out. See the smart, sassy, saving Chevy II Novas—and the other sensibly sized, sensibly priced Chevy II models—at your Chevrolet dealer's.

of \$106. From left to right are Jim Lanier, co-chairman of March of Dimes drive; Loree Sanden, GPB representative; Roman Klein, ATO representative; Roger Helgoe, co-chairmen.

## Job Interviews Continued

Wednesday, Feb. 21

**LITTON SYSTEMS, INCORPORATED**, Los Angeles, Calif., will be represented for the first time on this campus. The Litton Systems organization is primarily concerned with the design, development, test, production and applied research of electronic and electro-mechanical devices. Interviewing invitations are extended to electrical, mechanical and industrial engineering students; mathematics and physics students at all degree levels are welcome.

Wednesday, Feb. 21

**INTERSTATE POWER COMPANY** of Dubuque, Iowa will be represented on campus seeking personal interviews with senior electrical and mechanical engineering students. The territories served the company embrace more than 10,000 square miles in northwest and north central Iowa, southern Minnesota, northwestern Illinois and a small area in South Dakota.

Wednesday, Feb. 21

**UNIVERSAL ELECTRIC CORPORATION** will be represented on campus by Harold Meier, vice president of the organization. Meier offers industrial sales and design engineering to

the graduating electrical engineering student. The company manufactures small precision motors.

Wednesday, Feb. 21

**HOWARD, NEEDLESS, TAMMER & BERGENDOFF**, of Kansas City, Mo., will be represented on campus by Chester Lyon, Personnel Manager for the Consulting Engineering Organization. Mr. Lyon represents a partnership of professional civic engineers specializing in bridges and expressways. They also serve as consultants in planning and administration of such projects. All civil and architectural engineering students are invited.

Thursday, Feb. 22

**RURAL ELECTRIFICATION ADMINISTRATION** will be represented by K. M. McLaughlin, REA Field Engineer for this area. All senior electrical engineering students are invited.

Thursday, Feb. 22

**IOWA STATE HIGHWAY DEPARTMENT** will again be seeking to employ a number of graduating civil engineering

students from this school. Donald Zierath, Personnel Engineer, has requested the privilege of conducting interviews with all civil engineering students.

Thursday, Feb. 22

**UPJOHN PHARMACEUTICAL COMPANY** is seeking to employ graduates with a science background. All seniors interested in sales and having a background in chemistry, biology, pre-med or pharmacy are invited to contact the Placement Office and arrange for a personal interview with Zenisek.

Friday, Feb. 23

**PACIFIC MISSILE RANGE** at Point Mugu, Calif., will seek interviews with senior and graduate students majoring in electrical and mechanical engineering. Positions are also available for physics and mathematics majors at all degree levels. The Pacific Missile Range offers a large launch area on the West Coast for training and satellite firing in the polar orbit.

Friday, Feb. 23

**U. S. NAVAL ELECTRONIC LABORATORY**, San Diego, Calif., will visit the campus seeking interviews with senior electrical and mechanical engineering students, physics and mathematics majors. Primary mission of the N.E.L. is to conduct research and development testing in electronics and allied sciences. Sonar, electromagnetics, signal propagation, acoustics, radio radar, oceanography and human factors are areas of particular.

Friday, Feb. 23

**NORTHERN STATES POWER**, Minneapolis, Minn., has a limited number of openings for engineering graduates this year. Nick Hawley, Administrator of Employment for the company, has invited all engineering students interested.

Monday, Feb. 19

Glenn H. Johnke, Assistant Director to the North Dakota State Board of Public Welfare, will be on campus Monday, Feb. 19. Johnke has invited all economics, sociology, psychology and general education students interested in public welfare work to visit with him during his visit to the campus.

**DAYTON'S Stores** of Minneapolis, Southdale, St. Paul and Rochester are opening a new summer training program for undergraduate students interested in merchandising. Contact the Placement Office of application forms.

South Dakota State Hospital at Redfield is seeking to employ an assistant herdsman. Application forms available at Placement Office.

## Tau Beta Pi Award Will Be Available

Applications will be available next week for the annual Tau Beta Pi scholarship, according to Ernest Bakke, president.

The award will be made at the honors day convocation on the basis of scholarship and need.

The award is \$50, and the requirements are that the recipient be a junior majoring in engineering.

The application blanks will be posted in all engineering buildings. Details will be printed on the blanks.

Tau Beta Pi is an honorary engineering fraternity.

## NDSU to Take Part In Bridge Tourney

North Dakota State University will be one of the more than 200 colleges and universities throughout the country which will participate in the 1962 National Intercollegiate Bridge Tournament.

Cyril Puetz will serve as tournament director for NDSU for the competition, which is sponsored by the Association of College Unions.

Traveling trophies and plaques will be given the college participants winning the national titles — one cup for the college of the team scoring highest on the East-West hands and one cup for the college of the North-South hand winners. Each of the four individual national winners will receive a smaller cup for his permanent possession. In addition, campus winners will receive a certificate suitable for framing.

All play will be by mail and will be conducted in a single session. The local tournament, sponsored by S.U.A.B., will be played on Feb. 21 at 7 p.m. in the Union Ballroom.

Entries for the tournament must be made in the program office in the Union before 5 p.m. Monday, Mar. 19. Entry fee for play will be one dollar per couple.

The hands will be judged by

William Root, contract bridge authority, who, along with Charles Goren, noted bridge expert, will determine campus, regional and national winners.

NDSU is in region 7, along with schools from the states of South Dakota and Minnesota. There are 11 regions in the National Association of College Unions.

Last year, Jerry Schnell and Jim McMerly were the local campus winners in the competition.

Teams representing Harvard University and Stanford University won the national championship titles and trophy cups. More than 100 other students won regional and campus honors.

In all, some 2,700 students representing 175 colleges located in 48 states, the District of Columbia and Canada, participated in the tournament last year.

The National Intercollegiate Bridge Tournament Committee, a part of the Games Committee of the Association of College Unions, is interested in developing contract bridge as an interesting supplement to the collegiate social program, Cy Puetz, local tournament director, said.

The current competition is the 13th annual renewal of the tournament.

**TOSS YOUR COINS HERE!** Members of the Rhajah Club carried the blanket in which people attending the basketball game last Friday night tossed in their contribution to the campus March

of Dimes drive. According to co-chairmen Jim Lanier and Roger Helgoe, a total of \$46 was collected in the blanket-toss. Overall amount collected was \$504.

## Chem College Receives Grant

The College of Chemical Technology at NDSU has received a \$4,210 grant from the National Science Foundation, according to an announcement from Dr. H. R. Albrecht, president.

Dr. Donald Schwartz, associate professor of chemistry at NDSU, will direct the undergraduate science program. Three upperclass students currently studying at NDSU, who are interested in doing graduate work and show promise in the field, will be selected to work on current research on organic titanium compounds under the grant.

Similar research projects have been carried on at NDSU thru grants from NSF for the past three years. Dr. Schwartz said further research in this field may develop new polymeric materials for heat-resistant coatings and films.

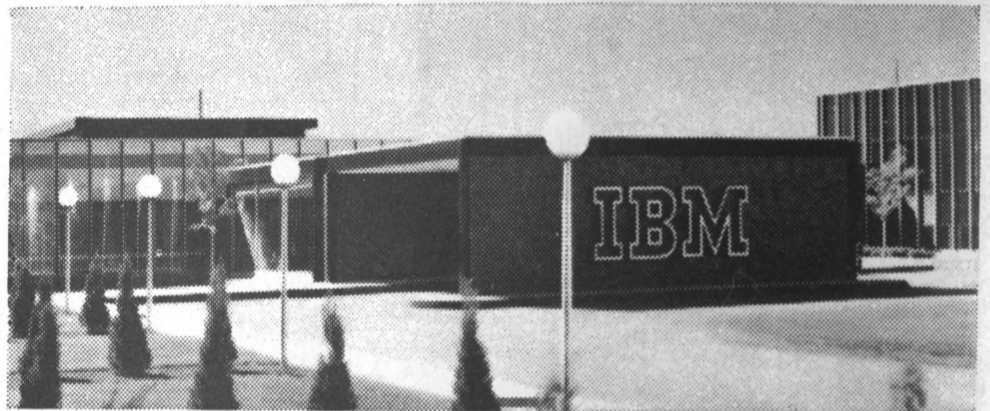

Students working in the ND SU laboratories this year under the NSF grant are studying the preparation and evaluating the physical properties of organic titanium compounds. These students are: David Warren Naegeli, William Cross, and Betsy Larson, all seniors. Previously Mark Siefken, a Fulbright fellow in Germany, did research under a similar grant at NDSU.

## Six Ag Seniors Practice Teach

Six senior agricultural education majors are practice teaching this quarter.

Lowell Anderson is at Devils Lake, Herman Delvo at Valley City, Gene Kjellberg, at Wahpeton, Duane Lemmon at Detroit Lakes, Minn. Gary Olson at Medina, and Dennis Roscoe at Kindred.

## IBM WILL INTERVIEW FEBRUARY 20

Candidates for Bachelor's or Master's Degrees are invited to discuss opportunities in:

### Engineering and Sales

This is a unique opportunity to find out about the many career opportunities at IBM. The IBM representative can discuss with you typical jobs, various training programs, chances for advanced education, financial rewards, and company benefits—all important factors that affect your future.

#### SOME FACTS ABOUT IBM

**An Unusual Growth Story:** IBM has had one of the exceptional growth rates in industry. It has been a planned growth, based on ideas and products having an almost infinite application in our modern economy.

**Diverse and Important Products:** IBM develops, manufactures and markets a wide range of products in the data processing field. IBM computers and allied products play a vital role in the operations of business, industry, science, and government.

**Across-the-Country Operations:** Laboratory and manufacturing facilities are located in

Endicott, Kingston, Owego, Poughkeepsie, Vestal, Yorktown, N. Y.; Burlington, Vermont; Lexington, Ky.; San Jose, Calif.; Bethesda, Md.; and Rochester, Minn. Headquarters is located in New York City with sales and service offices in 180 major cities throughout the United States.

**The Accent is on the Individual:** No matter what type of work a person does at IBM, he is given all the responsibility he is able to handle, and all the support he needs to do his job. Advancement is by merit.

The areas in which IBM is engaged have an unlimited future. This is your opportunity to find out what that future has to offer you. All qualified applicants will be considered for employment without regard to race, creed, color or national origin.

**Your placement officer can help you to learn more about IBM.** He can give you literature describing the many career fields at IBM. He will arrange an appointment for you with the IBM representative. If you cannot attend an interview, write or call the manager of the nearest IBM office:

# NDSU Bison Enter Series Rated as the Underdog

NDSU and the University of North Dakota begin the first half of their basketball rivalry at Grand Forks this weekend.

The following weekend the teams shift to Fargo for the third and fourth games of the series on Feb. 23-24 at the NDSU Fieldhouse. All four games are scheduled to begin at 7:30.

On the basis of past performance, the Bison will enter the series as the underdog. NDSU has three wins and seven losses in the conference and the Sioux have won five and lost four.

But previous records and standings mean little when these two teams get together on the basketball floor.

Both the Bison and the Sioux beat Morningside on their home floors last week and lost to State College of Iowa. UND beat Morningside by nine and lost to SCI by 6. NDSU beat Morningside by 11 and lost to the Panthers by 13.

NDSU Coach B. C. "Charlie" Benton has watched the Sioux play four times this year.

"They're a real tough basketball team with a minimum of weak spots," Benton said.

"They are bigger than we are

in the front line and have picked up better performances from the bench than we have been able to obtain," he added.

Benton contemplated no lineup changes for this weekend's games. The usual Bison starting lineup has had Lloyd Babby and Ron McLeod at guards; Roger Erickson at center, and Wayne Langen and Neal Jacobson at forwards.

The Bison received some bad news late last week when it was learned that Mike Anderson will be out for the remainder of the season. Anderson, a top reserve at guard, has a broken bone in his wrist.

McLeod continues to lead Bison scorers, after a fine weekend which resulted in his scoring 67 points — 42 against Morningside. The junior guard has averaged 15.5 points in the 20 Bison games. Wayne Langen is the leader in field goal percentage, with a 40.6 percentage and rebounds with an average of 8.7.

Benton was pleased with the way several of his reserves performed last weekend. Bob Reslock, at forward; Bill Hass, at center and Bert Sperling at guard, all earned commenda-

tions from Benton.

Coach Ross Fortier will take his once-beaten freshman team to Grand Forks for preliminary games both nights at 5:30.

Fortier plans to start Lee Grim and Bob Tuchscherer at guards; Larry Record at center and Don Smutzler and Verlin Anderson at forwards.

## "Damn Yankees" Tryouts Next Week

## Bowling Tourney Starts Today

Bowlers from fourteen colleges and universities will participate in a regional bowling tournament at NDSU on Friday and Saturday, with the top five bowlers to represent this region in the national tournament.

Competition will be held in team, doubles and singles categories. The top five all-events scorers will be invited to participate in the National Intercollegiate Championships at the ABC tournament in Des Moines, Iowa, on April 7-9.

Bowling begins at 6:45 p.m. on Friday with team competition. Doubles and singles competition will be at 8 and 11 a.m. and 2 p.m. on Saturday.

Teams entered are the University of South Dakota; St. Mary's College, Winona, Minn.; Mankato State College; University of Minnesota and St. Paul and Morris branches; State School of Science, Wahpeton; University of North Dakota; Gustavus Adolphus; Jamestown College; Minot State Teachers College; St. Olaf College; Bottineau School of Forestry; and NDSU.

Gordon Teigen, bowling coach at NDSU, is the supervisor for this region, and is manager of the tournament. All competition will be on the Memorial Union lanes on the NDSU campus.

## INTRAMURALS

By DENNIS KALDOR

Things are apparently running very smoothly in intramural sports this week for there is almost no news to report.

The all-star basketball team which was fielded by the intramural participants met with sad defeat at the hands of the Bison freshmen last Saturday night.

This was indeed an unfortunate incident which I hope will be revenged next year.

The intramural basketball program winds up this week and the play-offs will be the next thing on the agenda.

Teams which will be competing in the play-offs are urgently reminded not to forfeit any play-off games thinking that, "We're a cinch for fourth or fifth place so why even bother playing the games."

This idea is completely wrong! If any team forfeits a play-off game they automatically relinquish all points which they could possibly have scored in that sport.

## Beard Contest

Judging of beards in the U Series beard growing contest will be held Saturday, Feb. 24 before the 7:30 game.

Contestants are to meet on the stage.

BISON FORWARD WAYNE LANGEN makes a move around Iowa forward Pete Speden in last Friday night's game at the Fieldhouse. Bison guard Lloyd Babby looks on in the background. Bison lost the game to SCI 71-58.

## NOTICES

### NDSU-UND Series Tickets

Tickets for the Fargo half of the University of North Dakota-NDSU basketball series are now on sale at the NDSU athletic department, according to Les Luymes, NDSU athletic director.

**Ag Eng Show**  
The Annual Agricultural Engineers Show will be held Feb. 17. The show will include 50 exhibits and free lunch all day.

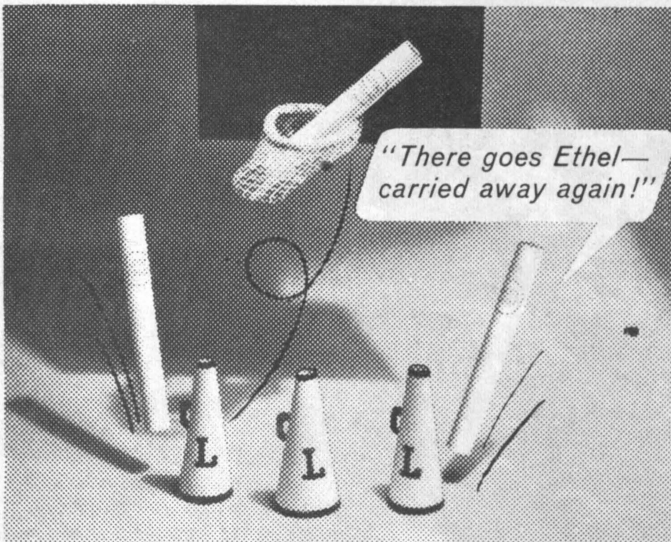

# LUCKY STRIKE presents: LUCKY JUFFERS

# Ugly Man Contest Scheduled for Feb. 19-23

Who will be the 1962 NDSU Ugly Man on Campus?

Vote for the ugliest man Feb. 19-23 in the lobby of the Union by placing your coins in the collection boxes under their pictures. Each penny counts as one vote.

All contributions received during the contest will go to the Crippled Children's School. Sponsoring organization is Alpha Phi Omega.

Votes may also be cast at the U series game Feb. 23 and until 10:30 p.m. at the Ugly Man Dance afterwards at the Union Ballroom. Paul Hanson will provide the

music. Tickets are one dollar. The contest winner will be announced at the dance.

A film "The Twig is Bent," a story of the Crippled Children's School, will be shown after the SUAB feature movie Feb. 22.

Each sorority on campus selects a candidate for the Ugly Man Contest.

They are as follows: Alpha Gamma Delta, Arville Bakken; Gamma Phi Beta, Marshall Goodman; Kappa Alpha Theta, Roger Helgoe; Kappa Delta, Curt Newman; Kappa Kappa Gamma, Kirby Erickson; Phi Mu, Jack Salzsieder.

**Salem** refreshes your taste  
—air-softens every puff

*Take a puff...it's Springtime!* A Salem cigarette brings you the taste of Springtime...so soft and refreshing. Puff after puff...pack after pack... Salem smokes fresh and flavorful every time. Smoke refreshed...smoke Salem!

• menthol fresh • rich tobacco taste • modern filter, too

Created by R. J. Reynolds Tobacco Company

## NOTICES

### Tryota
