Vol. XLIV, No. 24

North Dakota State University, Fargo, North Dakota

April 1, 1964

SCRUBBING HIS BACK, Lee Strandberg, Pharm-fr., seems undisturbed by the traffic on University Drive. This April Fool picture was made by superimposing Strandberg's image from Stockbridge's shower room to the water-filled street.

Senior Staff Affiliates

Mortar Board To Install New Chapter At SU

Mortar Board, national honorary society for women, will install a new chapter on North Dakota State University Campus on April 4.

Senior Staff, the local women's honorary sorority, applied for affiliation with Mortar Board last fall and was notified last week of acceptance.

Senior Staff was first organized in 1922, and has had nearly 200 members. All of these, plus the current members, are eligible for initiation into Mortar Board.

The day for installation will begin with a 9:30-12 rehearsal in the Memorial Union. Following there will be two luncheons, one for the active and alumni members of Senior Staff and one sponsored by the Fargo members of Mortar Board. Formal initiation will be from 2-4 p.m. (with Miss Helen Snyder, dean of women at University of Nebraska, representing the

national organization of Mortar Board.

Mrs. H. R. Albrecht will be initiated as an honorary member.

At 7 p.m. there will be a banquet for new and old members of Mortar Board. Banquet speakers will be Dr. Herbert R. Albrecht, president of NDSU, Miss Katherine Weesner, associate professor and chairman of the art department, and Mrs. James Otis, representing the Fargo members of Mortar Board.

Current NDSU members of Senior Staff are Marlette Anderson, Murtha Bateman, Patricia Bernd, Janice Dunlop, Lavon Hoffman, Susan Hofstrand, Judy Jensen, and Tracey Robson.

Advisers to Senior Staff are Miss Matilda Thompson, professor of mathematics and former dean of women, Miss Weesner, and Tom Goodale, assistant in university relations.

Freedom Folk Singer To Give Concert Here

Guy Carawan, a folk singer with an active interest in the current freedom movement, will appear in Festival Hall on April 8 at 8 p.m.

He has published a book called "We Shall Overcome," a collection of freedom songs. Mr. Carawan appeared at the Bolshoi theater in Moscow which resulted in a twelve-week tour of Russia and Red China.

Since winning a gold medal along with several other folk singers in 1957, he has worked with the freedom movement. All the proceeds, excluding traveling expenses, go to the cause of this

movement and primarily to the Student Non-violent Coordinate Committee.

SNCC was founded in 1960 and has its main headquarters in Atlanta, Ga. It is primarily concerned with acquainting the Negroes of the "black-belt" South with the aims and means of non-violent demonstrations. The main objective is the use of non-violence to obtain their goal—freedom.

Tickets will be available on April 2-4 in the Memorial Union. Mr. Carawan's appearance is sponsored by the Inter-Religious Council.

Student Senate Holds First Meeting; Discusses Several Current Motions

Student Senate defeated a motion last Wednesday requesting an Organizations and Activities Board as a subdivision of the Student Affairs Commission.

Senator Bill Tapper, who brought the motion, said that the board would have the same purpose as the Student Affairs Commission, only it would be faster. He listed, as one of the board's main purposes, the administering of "other duties as determined by the President and/or other administrative officers of North Dakota State University."

The broad powers in the words "other duties" brought objection from Senator Phil Waddles because of the vagueness. Patty Dodge, senator, said that since the board was still in its preliminary stages, it couldn't be too specific.

A formal report on the closing of KDSU by Dean Leasure was made by Bill Tapper, commissioner of radio. An investigation will be made to try to determine why the station failed. More funds will be appropriated if some way is found to improve the present station or if a new one is built.

Centrix, a new phone system, was proposed by Tapper. The system would enable any student to reach any building on campus by dialing three digits. It would also mean the removal of the pay phones. Senator Lee Grim asked where the money for this would come from. Tapper replied that

the university would supply the funds from its operating expenses. The motion to send a recommendation was carried.

Olu Osiname, senator, made a motion for senate to give verbal assertion to students reminding them that it was their moral obligation to decline more than two major offices. Senator Dodge said they felt it was not their right to tell students whether or not they could hold offices. Senator Bob Challey said if any motion were to be made, it should be to encourage more students to participate in organizations. The motion was defeated.

A schedule of next year's homecoming was presented to senate by Sara Gildersleeve, co-chairman of the homecoming committee. More activities to attract the alumni will be presented next year.

Candidate for the Minneapolis Tribune's Campus Cover Girl Contest will be Tracey Robson, announced President Bill Findley. The contest is sponsored annually by the Tribune and the traditional candidate is the Homecoming Queen.

The teacher evaluation program will be completed by last year's members of the Legislative Research Commission. Last year's commission head is Phil Waddles.

Findley told senate that this year every suggestion placed in the suggestion box in the Memorial Union would be investigated. The student would also be in-

formed as to what happened to his suggestion.

Fines for campaigners who failed to remove their campaign material after the deadline were suggested by Senator Jim Klusman. Findley suggested that more investigation be made before action was taken. The motion was tabled.

National Fraternity President To Address Campus Conference

The third conference on fraternity/sorority and university relationships will be held Apr. 4 at the NDSU Lutheran Center.

The conference will feature Dr. Glen Nygreen, national president of the Sigma Alpha Epsilon fraternity and dean of students at Hunter College in New York City.

Nygreen agreed to address the Fraternity Chaplain's Conference by request of Robert Norum, AAS-sr., and president of the NDSU YMCA. Dr. Nygreen has been called the outstanding fraternity advisor in the country. In addition to being active in fraterni-

Nygreen

ty and university circles, Nygreen serves as chairman of the Program Committee of the National Student YMCA.

The conference is open to all fraternity and sorority students at a charge of \$5 per group. It is urged that many delegates go to the conference, which is dedicated to improving fraternity/sorority and university relations.

Faculty members are invited to a tea at 3 p.m. in Meinecke Lounge on Friday.

The conference will start with refreshments and registration at 9 a.m. Nygreen's talk will be at 9:30 on "How to Improve Greek/Administration Relationships." At 11:15 Nygreen will conduct a panel and will close at 1 p.m. with a statement on "The Road Ahead."

Norum said that some of the subjects to be discussed are deferred rush, board contracts, and harrassment during orientation week. The remaining topics will be based on Dr. Nygreen's speech. Other likely subjects include such problems as the decline of the Greek system on certain campuses and bad Greek images.

According to Norum, the topics were chosen because they seem to and are possibly the ones that should be seriously considered by NDSU students.

"Cooperation among the fraternities, sororities, and administration at this conference may bring to light some of these problems," Norum said.

OLDTIMER'S CORNER

By Dutch Holland

1954 - 10 years ago: A Spectrum story told about a Miss Jones who substituted for a teacher away for a week's honeymoon. A month later at a party, someone was introducing Miss Jones to the groom. "Oh I know Miss Jones very well," he said. "She substituted for my wife on our honeymoon."

1939 - 25 years ago: The Hillsboro Chamber of Commerce endorsed a plan for a combined NDAC-UND picnic there in the spring. Sponsors of the idea were the two Blue Key chapters. Maybe the idea should be revived; it could be quite a social event.

1924 - 40 years ago: New automobiles were being driven at high speeds. The Spectrum published these epitaphs to make drivers think:

Here lie the remains of Percival Sapp,
He drove his car with a girl on his lap.
John Smith lies here without his shoes,
He drove his car while filled with booze.
Here's Mary Jane, but no alive;
She made her Ford do thirty-five.

1914 - 50 years ago: The Avery Tractor Company of Peoria, Ill., attempted to convince farmers to switch from horses to a tractor. Their ad stated: "You can't turn a switch and stop a horse from eating. Horses or mules eat three times a day 365 days a year whether they are working or not."

1909 - 55 years ago: The Frank Lynch Company featured the Model-T Ford Touring Car. The 4 cylinder 24 H.P. model sold for \$850 F.O.B. Detroit.

1904 - 60 years ago: Bishop Shanley addressed the student body. He criticized the English speaking people for their poor accomplishment in the art of language. He said they used bad grammar, have a poor pronunciation and an inadequate choice of words. He states that only two senators in the U. S. Senate were able to read and write in foreign languages. "Our foreign ambassadors have to transact business through interpreters - a most deplorable fact," he said. Much of what Bishop Shanley said 60 years ago is still true today.

Mancini Will Highlight Greek Week With Concert

Henry Mancini, well-known orchestra leader, will climax this year's Greek Week by his appearance in the Fieldhouse on May 9.

Greek Week will feature Spring Sing, exchange dinners, workshops, combined house parties, an on-campus picnic, Mancini's concert, and the traditional Inter-Fraternity Council Ball.

A committee set up by IFC and headed by Jim Vorachek, Chem-sr., has been working on the three-day event for the past two months.

Publicity Chairman Chuck Burke, Eng-sr., reported that Mancini will appear with a guarantee of \$12,000 in seating.

"The attire will be informal, since the Greek students are expected to go from the picnic to the concert," said Burke.

Tentative Schedule

A torch running may begin events on May 7, followed by the bonfire and crowning of Greek Week God and Goddess. Spring Sing will take place after the exchange dinners and a presentation of outstanding Greek awards will climax the evening.

Serious side workshops will be held Friday afternoon; house parties will be that night.

Saturday's activities include a work project, picnic and mock Olympics, Mancini concert, and the IFC Ball.

New Ideas

Several new ideas have been incorporated into this year's festivities. The traditional picnic will be held on campus for the first

time, according to Events Chairman Judy Van Vlissingen, AAS-jr. Due to unforeseen trouble with liquor at past picnics, the committee decided to stage it between Morrill Hall and the veterinary science building. Fargo's Junior Chamber of Commerce has offered to sponsor the picnic.

Ten fraternities were paired by the entertainment committee to host house parties on Friday night. The dances will be in the larger houses of the following pairs: Tau Kappa Epsilon and Sigma Phi Delta; Alpha Tau Omega and Sigma Nu; Sigma Alpha Epsilon and Farm House; Kappa Psi and Alpha Gamma Rho, Theta Chi and Sigma Chi.

Award Increased

An annual scholarship given by the Nodak Rural Electric Cooperative, Inc., of Grand Forks, for a student at North Dakota State University, has been increased from \$200 to \$250.

The scholarship goes to an NDSU junior majoring in agricultural engineering or mechanized agriculture. The recipient's home must be in the area served by the cooperative.

Presented annually at the NDSU spring Honors Day, the award is made on a basis of scholarship, character, and promise of leadership.

Recipients are chosen by the Agricultural Engineering Department.

when are **65% and 35%** good marks?

when they're **65% DACRON*** & **35% cotton** in Post-Grad slacks by **h.i.s.**

New Campus Bookstore Doubles Previous Size

Students returned to school spring quarter to find a new campus bookstore more than twice the size of the old one.

Opening of the new store is the first step toward completion of a half-million dollar addition to the Memorial Union.

According to manager Dick Kasper, the new store has 5,000 square feet of selling area compared to 2,200 square feet in the old one. It also has 1,500 square feet of storage area which may be converted into selling area when needed. An additional 2,100 square feet of storage area is also available.

Organization of the new store will be the same as before except that paperback books of interest in a specific field will be shelved with the books in that field. There will also be a general reading area. By next fall, more than 1,500 paperback novels will be available.

A new feature of the NDSU bookstore will be a section for fraternity and sorority supplies and a section of supplies for meetings and conferences.

The store will also feature four

check-out lanes during peak periods of selling and two check-out lanes at all times.

According to Union manager Jim Thomas, the entire new addition will be completed by the time NDSU classes begin this fall. Included in addition to the bookstore, will be added conference rooms, student publications offices, student radio station, television and music listening rooms, and a semi-formal dining room.

On Campus with Max Shulman

(Author of Rally Round the Flag, Boys!" and "Barefoot Boy With Cheek.")

WELL-KNOWN FAMOUS PEOPLE: No. 1

This is the first in a series of 48 million columns examining the careers of men who have significantly altered the world we live in. We begin today with Max Planck.

Max Planck (or The Pearl of the Pacific, as he is often called) gave to modern physics the law known as Planck's Constant. Many people when they first hear of this law, throw up their hands and exclaim, "Golly whiskers, this is too deep for little old me!"

(Incidentally, speaking of whiskers, I cannot help but mention Personna Stainless Steel Razor Blades. Personna is the blade for people who can't shave after every meal. It shaves you closely, cleanly, and more frequently than any other stainless steel blade on the market. The makers of Personna have publicly declared—and do here repeat—that if Personna Blades don't give you more luxury shaves than any other stainless steel blade, they will buy you whatever blade you think is better. Could anything be more fair? I, for one, think not.)

Max Showed no indication.....

But I digress. We were speaking of Planck's Constant, which is not, as many think, difficult to understand. It simply states that matter sometimes behaves like waves, and waves sometimes behave like matter. To give you a homely illustration, pick up your pencil and wave it. Your pencil, you will surely agree, is matter—yet look at the little rascal wave! Or take flags. Or Ann-Margret.

Planck's Constant, uncomplicated as it is, nevertheless provided science with the key that unlocked the atom, made space travel possible, and conquered denture slippage. Honors were heaped upon Mr. Planck (or The City of Brotherly Love, as he is familiarly known as). He was awarded the Nobel Prize, the Little Brown Jug, and Disneyland. But the honor that pleased Mr. Planck most was that plankton were named after him.

Plankton, as we know, are the floating colonies of one-celled animals on which fishes feed. Plankton, in their turn, feed upon one-half celled animals called krill (named, incidentally, after Dr. Morris Krill who invented the house cat). Krill, in their turn, feed upon peanut butter sandwiches mostly—or, when they are in season, cheeseburgers.

But I digress. Back to Max Planck who, it must be said, showed no indication of his scientific genius as a youngster. In fact, for the first six years of his life he did not speak at all except to pound his spoon on his bowl and shout "More gruel!" Imagine, then, the surprise of his parents when on his seventh birthday little Max suddenly cried, "Papa! Mama! Something is wrong with the Second Law of Thermodynamics!" So astonished were the elder Plancks that they rushed out and dug the Kiel Canal.

Meanwhile Max, constructing a crude Petrie dish out of two small pieces of petrie and his gruel bowl, began to experiment with thermodynamics. By dinner time he had discovered Planck's Constant. Hungry but happy, he rushed to Heidelberg University to announce his findings. He arrived, unfortunately, during the Erich von Stroheim Sesquicentennial, and everyone was so busy dancing and duelling that young Planck could find nobody to listen to him. The festival, however, ended after two years and Planck was finally able to report his discovery.

Well sir, the rest is history. Einstein gaily cried, "E equals mc squared!" Edison invented Marconi. Eli Whitney invented Georgia Tech, and Michelangelo invented the ceiling. This later became known as the Humboldt Current.

© 1964 Max Shulman

* * *

Mr. Shulman is, of course, joshing, but the makers of Personna Blades are not: if, after trying our blades, you think there's another stainless steel blade that gives you more luxury shaves, return the unused Personnas to Box 500, Staunton, Va., and we'll buy you a pack of any blade you think is better.

Announcement Made Of Recent Promotions By President Albrecht

Promotions in academic ranks have been awarded to 19 faculty members at NDSU.

President H. R. Albrecht announced the promotions following receipt of final approval by the State Board of Higher Education.

Four persons were advanced to the rank of full professor, 11 were promoted from assistant to associate professor, and four were promoted from instructor to assistant professor. The promotions become effective July 1.

Promotions are made upon recommendation of the department chairman, subject to approval by the President's Administrative Council which includes the deans and principal administrative officers. Final approval rests with the state board.

Persons promoted to the rank of professor were Stewart E. Bakken, mechanical engineering, Dr. Catherine Cater, English; Wayne J. Colberg, entomology, and M. Emily Freeman, extension.

Promoted to associate professor were Dr. Myron F. Andrews, veterinary science; Dr. Hugh Boyle, history; Thomas J. Conlon, to associate agronomist at the Dickinson Experiment Station; Dr. A. Earl Foster, agronomy; Donald G. Hoag, horticulture; Larkin Langford, to associate animal husbandman at the Dickinson Experiment Station; Dr. LaVerne Nelson, psychology; LaVerne Nies, communications; Donald E. Peterson, electrical engineering; Vern D. Peterson, mechanical engineering, and Stephen M. Sleight, pharmacy.

Promoted to the rank of assistant professor were James A. Berg, communications; John E. Frisby, mechanical engineering; Dr. Sol Shulman, chemistry and physics, and Irvin R. Zimmerman, electrical engineering.

On The Social Scene

Frank Bernhoff

The advent of slush and driving snow on the SU campus apparently hasn't "dampened" the traditional zest for amour during this fair spring period. Numerous pinnings, engagements, and alas, marriages have been reported.

Pinnings

Losing fraternity pins to Bison coeds were Fred Hynek, Theta Chi, to Jane Lowitz, Phi Mu; Lyle Buerkle, Theta Chi, to Doris Wolf; Gary Knutson, Alpha Gamma Rho, to Jeannine Hagen, KKG.

Christie Benewicz Phi Mu, is pinned to George Flaskareed, AGR; Karol Sue Gagstetter, Gamma Phi, to Dave Lee, SAE; Jerri Hall, Gamma Phi, to Jerry To-man, SAE.

Sharon Mittag, MSC, to Gary Hilber, SAE; Marilyn Forsberg to Stan Esson, SAE; Arlene Peterson to John Pluth, SAE; Mary Beth Torguson, Valley City State, to Darryl Eastvold, AGR; Mary Berg, Concordia, to Ronald Bergan, Farmhouse Fraternity.

Dorothy Meidinger to Bob McLain, Sue Goodwin to Egidie Scherr, TKE; Judy Lauderdale, Alpha Zeta at Concordia, to Alvin Franson, SPD; Jane Pitzel, MSC, to Ben Pesek, SPD; and Frieda Nelson to Ozzie Schlenker, SPD.

Engagements and Marriages

Something besides snow has been glistening at SU. Diamonds have flooded the market and the sale of gowns for professionals has leaped.

Married are: Maxine Hill to Alan Olson, SPD; Virginia Strand to Gary Nelson, TKE; and Donna

Kozachenko to Jerry Woodcox, TKE.

Flashing a diamond is Jonnie Pearson, KD, who is engaged to Chuck Miller, SAE.

Fraternity Actives

Many Greek pledges have successfully completed their probationary period and earned entrance into ranks of fraternal fellowship.

New actives in Tau Kappa Epsilon are: Bob Bird, Tony Bjornson, Maury Bredahl, Warren Enevoldsen, Rick Forsgren, Mike Hohl, Steve Poitras, Pete Rasmussen, Grover Riebe, Marvin Schlichtman, Don Senechal, Jim Tuschcherer, John Van Hook, and Surges Vinje.

Initiated into Sigma Chi Fraternity recently were: Mike Cichy, Bill Corwin Jr., Jim Fremstad, Ken Gustin, Richard Krough, Ray Lacinia, Joe Lightowler, David Olson, Gerald Paulsen, Lee Strandberg, John Schneider, and John Weatherly Jr.

ATO initiates: Bob Anderson, Miles Borstad, Bob Broten, Jim Burckhard, Dave Dahle, Gene Gebhards, Dick Heit, Jim Halvorson, I. J. Jacobson, Rusty Krueger, Jack Lamdbloom, Joe Majors, Chuck Nelson, Harold Neis, Tim Renschler, Jim Twetten, and Dan Wanner.

Burgum Hall

Burgum Hall residents were quite pleased over the appearance of 300 students from SU and neighboring colleges at their dorm party March 21.

The party was planned by a social committee under the newly organized dormitory government. They'll have another later this spring.

Kappa Kappa Psi Recital

An instrumental and vocal ensemble recital will be presented on April 5 at 2:30 p.m. in Putnam Hall by Kappa Kappa Psi, national honorary band fraternity. It's free and open to the public. The recital is being given with Tau Beta Sigma, national honorary band sorority, and Sigma Alpha Iota, national music sorority.

Original composition by three members of Kappa Kappa Psi will be included in the program.

April Fools News Differs From Everyday Events

FLASH—North Dakota State University is suffering from the evil aspects of April Fools Day.

President R. H. Albright and Housing Director Norman Slim have announced this past week that they will no longer require students to live in the new dorms next week. Food director Frank Fancroft stated that the food complex will not compete with the fraternities because "our food isn't any good, and besides, who wants to eat good wholesome food every meal?"

Slim was heard telling the President that he wouldn't require students to live in the dorms because they are "ready to fall down from the beating given them by the residents this past year." Slim added: "They weren't built like Ceres Hall to take the punishment from our students."

Dean Betty Saunters announced that starting next week girls will not be required to live in the residence halls. She stated: "It is unfair for us to expect the girls to be in by 11 p.m. on week nights when they could be entertaining boys in their apartments off campus."

Sam Leisure, dean of students, was discovered carrying alcoholic beverages into a local fraternity house by past Student Body President Ken Felson yesterday. Felson was quoted as saying that he didn't want to be known as a do-gooder but felt it was his duty to turn Leisure in for violating school rules.

Leisure stated that he was just trying to destroy the myth that he is anti-Greek.

The two campus cops have been granted sabbatical leave for one year to study better methods of ticketing at Utah's Institute of Traffic.

The Greek students have decided to do away with the idea of Greek Week and instead are planning to set up a two-day conference on "How does a Greek student get the chance to meet an Independent?"

And the Spectrum editor has been replaced by out-of-work KDAC Radio Director, Roger Kalges for running an April Fool editorial on April First. E.J.S.

Constructive Motions Non-existent In Senate

Constructive motions in Student Senate are few and far between.

Two weeks ago the Spectrum asked newly-elected senators to name the one thing they were going to strive for during their term in office. It was surprising and disappointing to hear the answers.

One of the most ridiculous and trite answers was "I will work toward a better relationship between Greeks and Independents on campus." Also, the senator stated that he would like to see "a better university image promoted."

Another choice goal was "more information to be available to the student body." This certainly tells us a lot. A third remark was "better communications between students, senators, and the administration."

Two newly-elected senators had enough courage in their convictions to present their programs. One stated that "the one main program I am working for is an education program to prevent students from starting smoking." The other said: "I am going to work for a hospitality committee to show visitors around the campus, and for changes in the freshman orientation program to acquaint the new students with available social and political opportunities."

At the first senate meeting last week we didn't hear any motion made whereby an educational program was being set up or even being worked on.

We heard nothing about a hospitality committee from another senator. Perhaps he forgot his election promise. More than likely, however, he realized that this committee would be impossible to set up with his little knowledge of the situation.

During the campaign we asked him how this committee would function. He could provide not one satisfactory answer to such questions as: "Who will run this committee?" "Do you realize how hard it would be to get enough students to be on call to take people around campus?, Adequately explain all the various schools?" "Where would you get these students, or is this idea really necessary?"

Of course, his other idea is very practice. In fact, it is such a good one that the administration thought of it after last fall's orientation week, and since has been setting up such a plan for next year.

The new senator with the record vote tabulation in the one-year race made the following motion last week at the meeting: "I move that Senate give verbal assertion, reminding all students enrolled in NDSU that they owe their fellow students a moral obligation of voluntarily declining to hold more than two major positions in the organizations registered in this university."

We must realize that this was the first meeting of their term, and that there is still the possibility that they will become outstanding senators. However, this will not be true until they themselves attempt to overcome their shortcomings and get down to work with some real constructive ideas. E.J.S.

Letter to the Editor . . .

Students Must Make Position Known Regarding Current Civil Rights Bill

To the editor:

Currently before the U.S. Senate is one of the most important items of legislation of recent years - the Civil Rights Bill. Area Senators Burdick, McCarthy and Humphrey are pledged to support the bill.

Senator Milton Young (R-ND) may hold a crucial vote in the ultimate passage of this bill, and particularly if it becomes necessary to invoke the cloture rule to end the current filibuster. Mr. Young is in favor of the bill with the exception of Title II, the sec-

tion dealing with discrimination in places of public accomodation. He may also be reluctant to vote favorably on the cloture rule. Considering the importance of his vote, it is crucial that North Dakotans inform Mr. Young of their feelings on this bill.

As most college students are either now eligible to vote or will be in the near future, and as a great number will upon graduation move to areas of racial tension, it is not possible for NDSU students to excuse themselves from concern for this legislation by stating that

they are too young or that they are untouched by the problem. It behooves us all to make our position known.

We, who favor the bill, would remind Mr. Young that North Dakota and 30 other states already have state laws prohibiting discrimination in places of public accomodation. Our hotels and restaurants have not found this to be an unreasonable intrusion on their right to do business. We would also suggest that when the principle of "unlimited debate" is used to deny a man his human rights and to force the will of the minority on the majority, the principle becomes exceedingly questionable.

Some will argue that you cannot legislate "love." This is irrelevant. The purpose of the Civil Rights bill is not to force men to love one another, but to prevent the translation of one man's hatred into actions that deny or infringe the rights and liberties of another. (We do not wait for all men to become honest before we protect the innocent from thieves and liars.)

Certainly a by-product of the law will be an education in minority group understanding. It will force the destruction of myths such as the belief that a negro's "blackness" rubs off, defiling hotel bedding or clothing store merchandise; that he is innately immoral or over-sexed; or that he is intellectually inferior.

Some will argue the sanctity of state's rights or property rights. To subject the more basic human rights to selfish local and material interests, however, is to violate both the Christian faith and the spirit of the American Constitution.

Let us request our Senators to grant our minority brethren their long overdue right to be treated as human beings.

Robert Ouradnik
 Methodist Minister

"SORRY ABOUT YESTERDAY, MISS LATOUR - IT'S JUST THAT WE VERY SELDOM HAVE A GIRL ENROLLED IN AN ENGINEERING CLASS."

Student Asks Where Promises Went

To the editor:

For the past two years I have had the misfortune of suffering through two political campaigns on this campus. During these cam-

paigns the candidates promise anything that they hope will get them votes.

Last week the Spectrum published the goals of the elected senators. Now I hesitate to belittle anyone's goals, but good grief! One senator promised to look after the "little problems", while another wanted to start a program on smoking education, and the rest all stated vague ideas on the improvement of communications between students and the senate. Judging by the first two statements, I would say that the latter is certainly a necessity. What happened to the campaign issues?

What happened to the release clause for contract feeding and the initiation of a professor evaluation program?

These were the issues of the election and the reasons some people elected these senators. However, it appears they are no different than the last ones who promised the same things. Until the senators accept all the responsibilities that are incurred with their offices, Student Senate will remain a club for the more popular people on campus.

Sincerely,
 L. W. Norrie
 ME-soph.

College Erects Senior Center

(I.P.)—President James S. Coles of Bowdoin Brunswick College recently announced that the Avalon Foundation of New York has awarded Bowdoin a \$75,000 grant to aid in the construction of the College's unique Senior Center.

Bowdoin's Senior Center Program will be inaugurated next September with completion of a \$3.1 million physical plant which is now being built. Seniors will participate in a challenging academic and co-curricular program which will include special senior seminars and visits by lecturers, writers, scholars and business and professional leaders for formal and informal discussions.

The grant will be applied to Bowdoin's \$10 million Capital Campaign which, besides providing for the Senior Center, includes a new library, new gymnasium, and additional endowment for instruction and student aid.

The Avalon Foundation was established in 1940 by Mrs. Ailsa Mellon Bruce.

Are Foreign Students Guests?

(ACP)—Are foreign students guests, or are they to be entered on IBM and left to shift for themselves until graduation? Does Central Michigan University, Mount Pleasant, give religious respect only to those religions we classify as Christian?

CENTRAL MICHIGAN LIFE asked these questions while reporting that three Moslem students moved out of dormitories into off-campus housing last semester and another was seriously considering transferring to another university. They were not getting a balanced diet in the dorm.

As Moslems, they cannot eat any meat which comes from a pig and so must sacrifice protein on

the days when pork, ham or bacon are served.

Said Mike Newash: "Two years ago we used to come in and when pork was served they would just go back to the kitchen and come back with cheese and cold meat or maybe a warmed-up piece of beef. All of a sudden . . . things stopped . . ."

Richard Lichtenfelt, university food services director, said in a letter to the dorm's council: "I wish you to know that our food services policies were designated to administer service impartially.

Newash said he frequently had to go without meat when pork was served. On such days he usually had to settle for a glass of milk and a piece of bread.

BEEF CATTLE HERDSMAN Dallas Heidt of NDSU shows off the trophies that the university won at the Red River Valley Winter Shows in Valley City.

Concordia Hosts Mock Political Convention

The Young Republican Club at NDSU will join with the Concordia College Young Republican Club and other Clubs in the area on April 3-4 at Concordia College to state a mock political convention.

"All interested students are urged to participate in this convention," Carol Anstett, AAS-jr., and president of NDSU Young Republican Club, said. "The success of the convention rests largely in its delegate registration."

The delegation will be allocated according to the electoral college of 1960. This means that there should be 531 students in the convention.

There are already about 200 students registered from Concordia and a large number is expected from NDSU. Students need not be a member of the Young Republican Club to register. Registration will be all day today in the Memorial Union. Students may register to be a state chairman or a campaign manager.

Participating in the convention will be two congressmen, Odin Langen and Mark Andrews. State chairman from both states and senatorial hopefuls Ed Becker and Wheelboch Whitney will also attend.

The program for Friday is: 6 p.m. - reception; 6:45 - keynote by Robert Forsythe, Minnesota state Republican chairman; 7:45 - caucuses with state chairman and national committee woman; 8:45 - rules debate; 10:00 - nominating speeches for various candidates. The program for Saturday is tentative, but in addition to the voting and the necessary rebalancing, Congressmen Odin Langen and Mark Andrews will address the convention.

The candidates for Republican presidential nomination will be Lodge, Scranton Romney, Goldwater, Rockefeller, Judd and Nixon. Students have the option to support the candidate of their

choice and to pick which state they wish to represent.

Can you avoid living in "Jamsville"?

It won't be easy. By 1980 most Americans will live in 40 large metropolitan areas—each with more than a million population. To keep your community from becoming a "Jamsville" will take people with ideas—ideas that can help cities move more traffic swiftly, safely and economically.

Some of the ideas come from the men and women of General Electric who, in effect, form a "Progress Corps."

In major cities, they're helping to develop balanced transportation built around rapid rail-transit systems . . . and they're providing advanced equipment to power and control the trains. They're also developing a TV monitoring system that enables a single engineer to control miles of auto traffic . . . a jet engine

that speeds commuters in a hydrofoil ship over the waves . . . and another jet engine to lift travelers over traffic via turbocopter at 150 mph.

Traffic is only one of many problems General Electric people are working on. Their numerous projects, in this country and around the world, demand a variety of talents: engineering, finance, marketing, law, physics and many others.

If you'd like to join the "Progress Corps" after graduation, talk to your placement director. He can help qualified young people begin their careers at General Electric.

Group Petitions Phi Eta Sigma To Form Frosh Men's Honorary

A group met last week and petitioned the National Council of Phi Eta Sigma to form a local chapter.

Phi Eta Sigma is an honor society formed to encourage and reward scholarship among freshmen men. Its eligibility requirements are based primarily on scholarship. Only freshmen men with an honor point average equivalent to or better than 3.5 during their first quarter, or averages of two or more quarters, will be elected. To be eligible, the student must carry a minimum of twelve credit hours. Transfer students cannot have more than twenty transferable semester hours or thirty transferable quarter hours.

If the petition is accepted by the national chapter, sophomores will form the active chapter and become inactive at the end of the year when the newly initiated

freshmen take over. The procedure will follow the same pattern for following years.

The local societies are entirely self-governed, with the national chapter dictating only the eligibility requirements. All members of

the society will be eligible for the Founders Fund Scholarship. Three or four \$300 cash scholarships are given by the national chapter to graduating seniors in the society who wish to carry on graduate study.

SU Debate Teams Named Runners-up In Tournament

Debate teams from North Dakota State University were runners-up for the sweepstakes trophy at a forensic tournament, held in Colorado Springs, Colo., two weeks ago.

Members of the three teams that participated were Janna McCoy, AAS-soph., and Ken Nelson, AAS-sr., senior division; Joan Scott, AAS-sr., and Bud Ormiston, AAS-soph., junior division; and Richard Jamison, AAS-fr., and Tom

Cameron, AAS-fr., junior division.

The senior team placed third in the tournament among 100 teams competing.

States represented in the tournament included Oklahoma, Texas, Kansas, Utah, Nevada, New Mexico, South Dakota, Colorado, Wyoming and North Dakota.

Coach of the debate teams is Eldon Walker, instructor in speech at NDSU.

Frank L. Wright Collection Shown

A collection of 70 prints of a rare group of drawings by the late Frank Lloyd Wright is on display at the North Dakota State University department of architecture.

According to Dean McNaughton, assistant professor of architecture, the prints are reproductions of a portfolio of Wright's early drawings, first published in 1910 in Germany.

The display is on the second and third floors of NDSU's South Engineering Building and is open to the public.

McNaughton said the display will remain up until about April 2.

ONLY FORD-BUILT CARS MEET THE CHALLENGE WITH TOTAL PERFORMANCE!

Something wonderful's happened to Ford Motor Company cars! Under the freshest styling seen in years, there's a new kind of durability and vigor that more than meets the demands of today's and tomorrow's high-speed turnpike driving conditions.

What's the secret? Quality engineering for total performance. Quality engineering so outstanding that Ford Motor Company received the NASCAR Achieve-

ment Award for engineering excellence which "superbly combines the prime essentials of great automobiles—performance, reliability, durability, comfort and safety."

Total performance makes a world of difference. Bodies and frames are solid and quiet even on the roughest roads. The ride's so smooth, so even-keeled, it seems to straighten the curves and shorten the miles. And nothing matches the spirit, sparkle and stamina of advanced Ford-built V-8's and thrifty Sixes. Total performance is yours to enjoy in all our 1964 cars—from the frisky Falcon to the matchless Lincoln Continental.

Blue Key Names Chorus Of "Flower Drum Song"

by Frank Bernhoff

Blue Key National Honor Fraternity has announced the members of the chorus and dancers for the North Dakota State University production of "The Flower Drum Song." Miss Marillyn Nass, assistant professor of physical education for women, will direct choreography with Jeff Geiger as music director.

Included are: Rusty Krueger, Margaret Halland, Sandy Fossum, Corrine Myhra, Jackie Jadilla, Kay Grieve, Phyllis, Spitzer, Mary Euren, Linda Warner, Kris Callenbach, Diane Wilhelmi, Ellen Fillipi, Lee Strandberg, Bill Heintz, Ned Munger, Frank Bernhoff, Ted Ecklund.

Jim Clark, Duane Miller, Roger Kuch, Nina Heath, Jeannine Hagen, Connie Jones, Carol Swanson, David Johnston, Gunner Unger, Tom Savageau, Jim Halvorson, Joe Majors, Byron Bollingberg, and Amelia Charlson.

The Critics

Enumerable critics have raved about the quality of this hit Broadway musical. Frank Aston of the New York World Telegram and Sun said of the production: "It's sumptuous, tuneful and a dance fan's dream. The parts fit together precisely, shiningly elegant."

In describing the play, Time Magazine used words such as "brisk," "bright," "Opulently staged," "professional" . . .

John Chapman of the New York Daily News began his review with: "Lavishly colorful, delightfully tuneful and thoroughly sentimental" . . .

"The color, excitement, change of mood, flashes of hilarity and breathtaking dances provided a Chinese New Year's feast of fun," says Hy Gardner, columnist of the New York Herald Tribune, about the show.

There's no doubt about it! SU's student production of "Flower Drum" will be a thumping hit!

ENJOYING REHEARSAL for "Flower Drum Song" are two of the newly-selected chorus members.

USAF F-105, unleashing air-to-ground rockets at simulated enemy target.

School's Out.

Right now, graduation seems way off in the wild blue yonder. But it's not too early to start planning. In the future, you'll look back on decisions you make today with satisfaction . . . or regret.

What can an Air Force career mean to you in tangible gain? The opportunity to take on executive responsibilities you might otherwise wait years to attain. And a head-start into one of a wide range of possible careers in the exciting Aerospace Age.

As an Air Force officer, for example, you may be flying a su-

personic jet...helping to keep America's guard up. Or you may be in an Air Force laboratory, working to solve an intricate scientific or technological problem.

Doing jobs like these, you can hold your head high. In addition to being essential to your country, they're the beginnings of a profession of dignity and purpose.

For more information, see the Professor of Air Science.

If there is no AFROTC unit on your campus, contact your nearest Air Force recruiter.

U.S. Air Force

Honor Case Commission Selects Four

The Honor Case Commission, administrating body of the honor system in the College of Agriculture, will have four new members effective March 16.

David R. Bakken and Charles Fleming have been selected as freshman members of the committee. Dennis Torkelson and Lester Eddington will replace retiring seniors Con Davis and Duane Berglund.

Members of the Honor Case Commission are selected by the student government in co-operation with the dean of agriculture.

The committee is composed of eight undergraduate students and one graduate student. Members

are Maury Bredahl and Curtis McDougall, sophomores; Allen Redmann and Ronald Carlson, juniors; and Jan Peterson represents the graduate students.

The honor system is the method of self-government for students during examinations in courses in the College of Agriculture.

The system requires that students sign this pledge on their exam papers: "On my honor, I have neither given nor received aid in writing this examination." Instructors are requested to refuse papers if the pledge is not signed.

The signing of this pledge places the responsibility for honesty on the student and eliminates faculty policing of examinations.

Violations of the honor system are to be reported to the Honor Case Commission by students or instructors. Evidence is gathered by the commission and it decides if the student is innocent or guilty.

If the student is found guilty the case is submitted to the Student Progress Committee with a recommendation of action.

The student may appeal the decision and the Student Progress Committee may approve, reverse or modify the recommendation of the Honor Case Commission.

University regulations require that the list of cases tried during the past year be published in the last Spectrum. No names are mentioned.

S.U.A.B. Will Interview For Membership and Committee Chairman Positions Starting
APRIL 2.

Forms and Application Blanks can be obtained in the Union Program Office.

Thank You

STROLLING down the sidewalk is this week's Campus Cutie, Sandy Williams. Sandy is from Fargo and belongs to Sigma Alpha Iota. She also accompanies the University chorus and Oratorio on the piano.

Placement Tips . . .

Tuesday, April 7 - The Reynolds Tobacco Company, will have representatives on campus seeking any student interested in joining their sales force.
Wednesday, April 8 - Peter Kiewit Sons' Co., will be represented on campus by Dennis Dillon. Peter Kiewit Sons' Company is one of the largest contracting agencies in the world today and is involved in heavy construction

in a world wide operation. Mr. Dillon is interested in engineering students.

Thursday, April 9 - Montgomery Ward Company will be represented by G. A. Robert of St. Paul. Mr. Roberts offers graduating students careers with Wards organization - buying and selling merchandise, operation and supervision of Retail Stores and Mail Order Houses, in addition to accounting and auditing.

Friday, April 10 - University of Minnesota - Civil Service Personnel representative, W. L. Pederson will visit the campus interviewing graduating students for positions on the University of Minnesota campus. Research positions are available for chemistry students, medical technology and bacteriology students. Administrative positions are available to engineering and Arts and Science graduates.

Tuesday, April 14 - The Burroughs Corporation will be represented by William Byrne and Bob Cherry. They will be looking for business oriented personnel for the Burroughs Sales Force.

April 13 - International Harvester Company will be represented on campus by W. G. Bedford of the Farm Equipment Division. Mr. Bedford is seeking graduates to enter a training program leading to wholesale dealers relationships with the International Harvester Company.

All students finding it necessary to temporarily discontinue their education are urged to contact the Placement Office for assistance in locating employment for a temporary period of time. The Placement Office currently has numerous listings for employment.

KFME SCHEDULE

Features of interest for the coming week from the schedule of KFME, Channel 13, the National Educational Television station are:

Wednesday, April 1

8:00 LYRICS AND LEGENDS

Religious Negro Songs

8:30 THE RAGTIME ERA

Max Morath plays the music which sent ragtime America dance-crazy.

9:00 HERITAGE

Max Eastman, poet, political thinker and journalist comments on many different phases of American life.

9:30 JAPANESE BRUSH PAINTING

Bamboo - The grace and beauty of bamboo - familiar subject to all Japanese artists - is captured by T. Mikami as he teaches how to draw bamboo.

Thursday, April 2

9:00 AN AGE OF KINGS

The Red Rose and the White - (Henry VI, Part I) On Henry V's death,

Friday, April 3

Repeat of Wednesday.

7:30 THE SCULPTURE

In this new series, noted St. Louis, Missouri, sculptor and art educator Carl C. Mose completes a sculpture from the initial lump of wet clay affixed to a wooden armature through all the detailed steps of completing the finished piece.

Original One-act Plays To Be Presented April 9-11

Three original one-act plays will be presented at North Dakota State University, April 9-11. Written by NDSU faculty members, they are being produced for the first time.

"Young, But Daily Growing," by Curt Knudson, graduate student in the speech and dramatics, is the story of a young man's involvement in a commonplace experience but of which he develops maturity and an understanding of himself.

Cast of this play includes Wayne Blikre, Eng-sr., Mike Lien, Special Student, Bob Leslie, AAS-sr., Will Thompson, AAS-jr., Sarabeth Rogers, AAS-fr., Sandra Rovelstad, AAS-jr., Barbara Nelson AAS-jr., and Susan Hall, AAS-sr. The play will be directed by Lois Bonnema, technical director of the Little Country Theatre.

"John, Where Are You?," by Richard Lyons, assistant professor of English, is a verse drama showing "the conflict between individual ritual and a collective ethic - there is no love in the committee room."

Cast members are Ann Killion, AAS-fr., Charles Fleming, Ag-fr., John Eggl, Eng-fr., James Erickson, Arch-fr., and Kent Hardmeyer, AAS-jr. The play will be directed by Steve Ward, graduate assistant in English.

"Sons of a London Cutpurse," by Frederick G. Walsh, chairman of the speech and drama, is a propaganda play dealing with the problem of civil rights—specifically the issue of the right of the Negro to vote.

The cast for the production includes H. B. Teichman, Special Student, Gregory True, AAS-fr., Mike Lien, AAS-fr., Curt Knudson, Sam Brekke, AAS-soph., Duane Christianson, AAS-fr., Arnold Marzolf, AAS-grad., Jerry Exner, AAS-sr., and Bill Hogan, Eng-fr. Dr. Walsh will direct the play.

The three plays will be billed as "Triple Play" and will be the first production of the fifty-first year of the Little Country Theatre.

Engineers Co-sponsor Technical Sessions

The College of Engineering co-sponsored a program of technical sessions for public works personnel in Bismarck.

The sessions were held in conjunction with the annual conference and training course of the North Dakota Chapter of the American Public Works Association, March 16-18 in the World War Memorial Building.

According to John Oakey, chairman of the NDSU civil engineering department and vice-president of the chapter, the sessions included such topics as street construction, maintenance and repair; refuse collection and disposal; construction and maintenance of sewer and water utilities; traffic control signs and devices and street lighting.

Organizations Elect Officers

Kappa Alpha Theta

Raetta Hankel, AAS-jr., was elected as the new president of Kappa Alpha Theta sorority for the coming year. The other officers elected to serve for the year are: Phyllis Spitzer, AAS-soph., recording secretary; Jane Kasson, AAS-soph., treasurer; Mary Lou Darkenwald, HE-soph., pledge trainer; and Ann Killion, AAS-fr., social chairman.

Alpha Tau Omega

The men of Alpha Tau Omega elected officers for the following year. Dale Lervick, AAS-jr., was chosen to serve as president. Other elected are: Bill Rasmussen, Ag-jr., vice-president; Mike Growette, Pharm-sr., treasurer; and Paul Bodmer, AAS-jr., secretary.

Chemistry Club

The new officers of the North Dakota State University Chemistry Club are: Kay Loseth, junior, president; Dennis Knudson, junior, vice-president; Janice Romstad, sophomore, secretary; and Jim Rogne, sophomore, treasurer.

Sigma Chi

Dave Mott, AAS-jr., was elected president of Gamma Tau chapter of Sigma Chi at North Dakota State University during a recent election of officers for the coming year.

Other officers elected were: William Gilbert, Eng-jr., vice-president; Richard Adams, AAS-jr., secretary; Dennis Knudson, Chem-

jr., treasurer; and Jack Fowler, Chem-soph., pledge trainer.

Co-op

The Co-op house has elected its leaders for the coming school year. Heading the list is Myron Just, Ag-jr., who was elected president.

Re-elected as vice-president and secretary respectively were Robert Satrom, Ag-jr., and Jarvis Schlafmann, Eng-soph.

Tryota

Carol Anderson, sophomore, is the new president of Tryota, National Home Economics professional fraternity at North Dakota State University.

The other officers for 1964-65 are: Roberta Drake, freshman, treasurer; and Florence Bernard, sophomore, secretary. All these co-eds are Home Economics majors.

Tau Kappa Epsilon

The men of TKE elected their officers for the coming year. They are: Larry Schlupp, Eng-jr., president; Ron Carlson, Ag-jr., vice-president; Gerry Nitz, Ag-soph., secretary; and Bill Nelson, Ag-soph., treasurer.

Kappa Kappa Psi

The National Honorary Band Fraternity, Kappa Kappa Psi, elected Ralph Oberlander, AAS-jr., as its president for the following year.

Other officers elected were: Paul Bodmer, AAS-jr., vice-president; Robert Thompson, Ag-soph., secretary; and Dennis Anderson, treasurer.

Wesley Foundation

Olu Osiname, Ag-soph., has been elected president of the Wesley Foundation for the coming academic year. To aid Olu in his responsibilities are: Kathy Platt, AAS-fr., vice-president; Pat Oberholtzer, HE-fr., secretary; and Howard Anderson, Pharm-fr., treasurer.

Saddle & Sirloin

Gary Knutson, Ag-jr., was elected president of the Saddle and Sirloin Club at North Dakota State University.

Other officers elected include: Glenn Hetzel, vice-president; James Burroughs, secretary; and Bob Beckner, treasurer. All of these men are Agriculture majors.

Phi Mu

The following coeds were recently elected as the new officers of Phi Mu, national social sorority, at North Dakota State Uni-

versity: Marcia Lee, HE-jr., president; Nancy Haedt, AAS-jr., vice-president; Pauline Rasmussen, AAS-soph., secretary; Mary Enget, HE-soph., treasurer; and Sharon Kinnischtzke, AAS-soph., pledge director.

Farmhouse

Recently the men of the Farmhouse Fraternity elected Harley Jennings, Ag-jr., president.

Others elected are: Marvin Odegaard, Ag-jr., vice-president; James Harms, Ag-soph., secretary; Dwight Enockson, Ag-soph., treasurer; Jerry Liddle, Ag-jr., business manager.

Kappa Epsilon

Iota chapter of Kappa Epsilon, national women's pharmacy fraternity, held its annual election of officers on March 18.

Mildred Iverson, senior, was elected to the presidency. Others elected were: Lana Dykstra, senior, vice-president; Carol Regelstad, junior, secretary; and Kathleen Thomas, senior, treasurer.

Ag. Engineering

The American Society of Agricultural Engineers recently elected officers.

Those elected were: Lawrence Anderson, Eng-jr., president; Michael Thyberg, Eng-jr., vice-president; Alton Leedahl, Eng-jr., secretary; Clifford Berg, Eng-soph., treasurer; and Bill Haug, Eng-jr., engineering council representative.

Alpha Gamma Delta

Karen Nordstrom, Pharm-jr., has been elected president of Alpha Gamma Delta sorority at North Dakota State University.

Other newly elected officers are: Virginia Olson, Pharm-jr., first vice-president; Cathy Hanson, AAS-jr., second vice-president; Gaylen Taylor, AAS-soph., secretary; and Marcia Anderson, AAS-soph., treasurer.

Theta Chi

The men of Theta Chi have elected Bill Burnett to serve as their president for the following year.

Other officers are: John Gebhardt, AAS-jr., vice-president; Jim Amann, Eng-jr., secretary; Terry Wilner, Pharm-soph., treasurer; Jerry Berg, Eng-jr., house manager; and Gary Bjella, AAS-jr., pledge marshal.

Kappa Psi

Phil Wattles, Pharm-sr., will serve the members of Kappa Psi as president during the coming year.

The new vice-president is another senior, Gerald Gamrath. Others elected are: Dave Bernauer, sophomore, treasurer; Gerry Raymond, senior, secretary; and Bob Breyer, junior, pledge trainer.

Kappa Psi is the men's national pharmacy fraternity on campus.

Coach Buck Nystrom gives one of his tennis hopefuls some helpful hints.

Bison Could Repeat As Champs In Tennis

by Lee Strandberg

Boasting three returning lettermen from last year's Conference Championship team, plus three prospects to fill the fourth place on the squad, practice for the Bison team is well under way.

The three returning lettermen from last year's squad are Dave Nammar, singles champion, Leo Yahna, gold medal holder in conference doubles play and Kermit Knutson, who presently holds the state mens doubles championship along with Dave Nammar.

Along with the returning lettermen, there are three other prospects to fill the fourth position on the varsity team. These men are Pat McDonald, Rodney Femrite and Roland Ruff. Concerning Femrite, Coach Nystrom had this to say: "Rodney has had a lot of experience in the NDIAC Conference and we are looking for a lot from this boy."

This year's Bison freshmen team also boasts three championship players - Dick Gast, Bob Dodge and Stan Swenson. Gast and Dodge combined to win the North Dakota High School Doubles Championship last summer and Swenson won the championship of his Minnesota district three times. Other members of the freshman team are John Crossen, Bob Wales, Dan Treat and Bob Challey.

Commenting on the over-all picture of the team, Coach Carl Nystrom said: "Personally, I feel that we have the makings of a good team this year. I also feel that we have three good boys out for that fourth position."

The tentative listing of the schools that the NDSU tennis team will play this season is as follows: Concordia, MSC, UND and Mayville. On May first, NDSU will host the Bison Invitational, which will consist of eight teams. Shortly after this meet the team will take off on a western swing, where they will play the University of Wyoming, the University of Colorado, Colorado State and Denver.

Mott Voted Most Valuable Player

Bowling team members voted Dave Mott as Most Valuable Bowler for the 63-64 season.

Mott received the M. D. Robertson award, an honor which goes to the most valuable man on each team of the Tri-State bowling conference. This award is given in memory of the late M. D. Robertson, who was a Wahpeton bowling

coach and a founder of the Tri-State League.

Mott finished second in the singles competition with a 613 series in the New Mexico Invitational Tournament which was won by the Bison in Albuquerque.

Boasting a 189 average over the season, Mott had a high game of 242 and a high three game series of 658.

Hentges To Lead Spring Drills

Football campaign, 1964, opens in earnest on Monday as the Bison launch their 70th year of intercollegiate football.

Coach Darrell Mudra and his five man staff will have 20 practice sessions to review, plan and prepare for a big ten game schedule in the fall. Of 66 candidates reporting, 20 are lettermen. NDSU loses five men by graduation off the 1963 team which finished 3-5 overall, and 3-3 in the North Central Conference.

"For the first time in a long while, our assets outweigh our liabilities," head football coach Mudra said Friday in reflecting on the squad. "Our line will have good quickness, good agility and above all good mobility. It will be

bigger. Our backfield will have some fine speed." NDSU has second team all-conference awardees Frank Hentges and Ed Pflipsen returning in the backfield. Hentges lead the NCC in total offense in 1963.

"We're not without problems," said Buck Nystrom, Bison line

Hentges

coach. "We've got to toughen up our pass defense. We had 16 aerial TD's thrown against us last fall while we threw only three. We must gain some more depth by position. There will be some moving around this Spring. Some freshmen are going to offer serious challenges to present varsity personnel," he continued. Other problems to be worked on will be the kicking game, and basics such as tackling and blocking.

Snow will hamper the opening of any outdoor workouts. Mudra said that the squad will practice indoors until weather permits them to move outside. NDSU will close the Spring drills with two intrasquad games. One will be played in conjunction with the Mandan Clinic on April 24 at Mandan High School field, while the other is set for Dacotah Field on May 2nd.

Leavens Levels

by Lynn Leavens

Winter is over and spring sports have started at North Dakota State University. Practice in all sports has been indoors, but competition has been stiff and the prospects are looking bright.

Track - The trackmen are having trouble entering the win column. Coach Neuberger's squad dropped another dual meet, 66-47, at the University of North Dakota.

Mike Harper broke our school record in the high jump, when he cleared six feet. Bruce Airheart won the 60 yard dash in 0:065. Airheart also won the 440, but was disqualified when he changed lanes. Roger Grooters turned in a fine 2:01 half-mile.

At the conference meet NDSU captured freshman honors with 55 1/2 team points to South Dakota State's 51 1/2. North Dakota scored 30.

Tennis - Coach Nystrom's chargers open up this week and by all appearances it should be a very gratifying season for all concerned.

Golf - Coach Kaiser has eight men working out for the five spots on the golf team. Coach Kaiser says that all spots are wide open.

Mark Mathison last year's all city champion has been busy, but we believe he will be a member of the squad this year.

Only two candidates have reported for freshman golf and many more are needed.

Baseball - The baseball team opens the season at Omaha this weekend. Coach McKee has picked a tentative starting lineup which has Pierre DuCharme behind the plate; Ed Hanyzeuski or Wayne Haberlach pitching; Tom Pfaffle,

Dave Perry, Al Breur and Dal Hertz in the infield; Jerry Ahlberg, Frank Hentges and Ray Ellingrud comprise the outfield.

Coach McKee hopes that we will be able to stay with Creighton, which has a fine baseball program. McKee feels this way because of our limited practice.

Football - The boys have been divided into five units for spring ball and the desired unit is the white one. The following units are gold, green, red and blue follow in order of preference.

Coach Nystrom has put out the word, that if you don't like your color, you are going to have to do something about it; and if you like it, you are going to have to hit awful hard to keep it.

Around Campus: The golf and tennis teams are to be envied. They will be spending a week in Colorado playing some of the country's best teams.

Dave Mott rounds out the last of the most valuable members of the winter sports.

Following in the footsteps of their Rhodes Scholar brother Dave, Dick and Jim Schindler, both made the Dean's list in the College of Arts and Sciences. Jim is a member of the Bison football team while Dick is a wrestler for the Herd.

Closing Notes: Preparations opened in earnest this week at the State College of Iowa for the 41st annual SCI Arthur D. Dickinson Relays, to be run April 18.

Entries should exceed last year's 86 schools, and records will topple.

The coaches are hitting the banquet circuit.

Bison Open Baseball Season At Omaha

By Lee Strandberg

Although it might not look like it, the time of the year for baseball has rolled around again. Bison baseball coach Vern McKee has 33 candidates out, including seven lettermen. This year's team is young, but the enthusiasm is there.

The seven lettermen are Wayne Haberlach, pitcher; Jerry Ahlberg, outfield; Dal Hertz, infield; John Heath, outfield; Wayne Scott, catcher; Al Breuer, infield and Jerry Rivinius, outfield. The strongest area for the Bison will be the outfield, due to the presence of lettermen in every position there.

Coach McKee commented that

pitching will be one of the stronger positions this year with Ed Hanyzeuski, a promising newcomer; Bob Beckner, Gary Pender, who has moved up from the freshman team of two years ago and the return of letterman Wayne Haberlach.

The infield will be one of the biggest problems this year with only two lettermen returning for this position. "I have Al Breuer to play shortstop, and Dal Hertz to play third, but first and second are wide open," related McKee.

At the catching position there will be Pierre DuCharme, Rich Hurdlebrink and letterman Wayne Scott. Coach McKee commented that catching looks like one of

the stronger positions, with letterman Wayne Scott returning and two good boys to back him up.

The Herd has their work cut out for them already. They meet Creighton University and Offutt Air Force base in Omaha this weekend. Next weekend they travel to St. John's University at Collegeville and the University of Minnesota at Minneapolis.

The schedule for the home games this season is as follows: April 24, Gustavus Adolphus; April 28, Moorhead State; May 2, Augustana; May 12, UND; May 16, Morningside College and on May 19 the Bison close out their home game schedule by playing Concordia.

Cagers Score Well In Classroom

Basketball players at North Dakota State University, busy with a 23 game schedule during the winter quarter, proved that they can be good scholars, despite a heavy extracurricular load.

The ten members of Coach Chuck Benton's team averaged a 2.65 during winter quarter.

Three of the Bison cagers scored above a "B" average of 3.00. They were Lee Grim with a 3.33; Bob Tuchscherer, with a 3.21, and Dick Wenstrom, the lone senior on the team, had a 3.13. Wenstrom

has been accepted for graduate study at Colorado State University in Fort Collins, Colo.

Joe Will Play Ball

Joe Schaefer, top-flight guard for the North Dakota State University freshman basketball team and starting quarterback on last's fall freshman football squad, will be able to attend spring football drills.

It was feared that Joe would miss the spring sessions because of his bout with mononucleosis.

Schaefer was able to play only four games for the freshman basketball squad over the winter, after leading the freshman footballers to an undefeated season.

SU Hosts English Workshop

North Dakota State University will be host to a one and one-half day curriculum workshop in English, April 10-11.

The workshop is sponsored by the North Dakota Education Association and the North Dakota Council of Teachers of English.

According to Mrs. Catherine Rognlie, president of NDCTE, it is planned to be of interest to English teachers, school administrators, school board members and student teachers.

Featured speaker at the workshop will be Dr. Clarence Hach of Evanston Township high school, Evanston, Ill. Hach spoke at the NDEA convention last fall. He will talk on sequential English curricula.

Dr. Hale Aarnes, chairman of

NOTICES

PANHELLENIC RUSH

All girls interested in going through informal rush may sign up in the Dean's office. Signing up is not essential, but would be of aid to the sororities.

INTRAMURAL

Softball rosters must be turned in at the meeting Apr. 6.

LINCOLN DEBATE SOCIETY

Meeting will be held at 4 p.m. in the Circle T Theater. All interested persons are invited to come.

ORGANIZATION BUDGETS DUE

Any organization wishing to obtain money from Student Senate for the 1964-65 school year should prepare a completely itemized budget and submit it to the Commission of Finance at 1 p.m., Apr. 18, in the Memorial Union.

Any organization may submit a budget which will be subject to approval of the Finance Commission, Student Senate, and the NDSU Budget Review Committee.

Budget forms may be picked up at the Dean of Students Office after Apr. 1, and should be used when submitting the budgets.

NDSU Agronomist Travels To Mexico

Dr. Kenneth Lebsock, United States Department of Agriculture research agronomist at North Dakota State University, left for Mexico to supervise the harvest of "winter increase" grains.

Dr. Earl Foster and Mr. David Ebeltoft of the agronomy department accompanied Dr. Lebsock.

Several thousand lines of wheat, barley and oats have been increased this winter at an experiment station operated by the Mexican Department of Agriculture and the Rockefeller Foundation.

Dr. Lebsock said the first item of business when they step off the plane is to buy a wide brimmed straw hat. The agronomist will then begin making selections of the most desirable lines.

"An interesting sidelight to NDSU's participation in the program is that several Mexican students, through association with the program, have enrolled at NDSU to study plant breeding" said Dr. Lebsock.

Gamma Delta Holds April Conference

The North Central Region of Gamma Delta will hold its 1964 Leadership Conference at Immanuel Lutheran Church April 3-5, with Alpha Kappa as hosting chapter.

The convention will officially open April 3 with registration at 7:30 p.m. Approximately 100 Gamma Delta students from the colleges of three state are expected to attend this conference with emphasis placed on the theme, "Sent into the World." The primary purpose of the Leadership Conference is to encourage and strengthen students in their Christian leadership on our college campuses.

This year's speaker is Professor Paul Harms of Concordia Senior College, Fort Wayne, Ind.

the department of education and psychology at NDSU and Richard Klein of the State Department of Public Instruction will address the group. Klein will review English curricula in the state.

The visitors will also be guests of NDSU at a performance of one-act plays in the Little Country Theatre, and will tour the educational television station, KFME.

Tea Will Honor Frosh Coeds

Libra, sophomore women's honorary service organization, will hold its annual invitational tea honoring outstanding freshmen women at the home of Dr. and Mrs. Herbert Albrecht on April 5.

Some of Libra's activities this year include ushering during Freshman Orientation Week, assisting Senior Staff with flowers during Homecoming, decorations for Homecoming, serving at a Homecoming banquet, and sponsoring an all-school dance. Libra also plans to assist with Sharivar this Spring.

Members are selected from freshmen women on the basis of scholarship and leadership.
