# Coeds Chosen To Edit Paper

Marilyn Mathison AS 3 and Carol Gellner AS 3 have been chosen editors of the *Spectrum*. The two coeds were chosen at a Monday meeting of the Board of Publications.

In board action Glenn Solberg AS 4, current Managing Editor of the paper, and Alan Cecil AG 3, photographer, also were interviewed concerning their applications for the position.

Miss Mathison had functioned as a reporter for the *Spectrum* previous to her appointment to the top spot, while Miss Gellner is making her first appearance in the paper's masthead.

Brent Jenkins AG 3 was chosen Business Manager at the Monday meeting of the board. Dan Kopp AG 3 also applied for the position and was interviewed.

In other board action bids were accepted on the *Spectrum* with three being opened. The Board turned them over to Jim Glynn AS 4, outgoing Business Manager, for surveillance with several other members of the board.

The Blue Key and other unknown sponsors of the advertisement "I Cain't Say No" with Tanfield Miller AS 4, were forbidden to run this week's installment of the column by Board action.

This action came following a Monday morning move by *Spectrum* advisor Larry Chambers to

withdraw the column at the paper's printers. Interim Editor-in-Chief Joe Satrom brought the matter before the board at the meeting.

The Board unanimously moved to back Chambers' action.

In discussing the column which appeared, the Board felt that the Editor of the paper had broken the bond of trust which the Board had found in him. In addition,

it was believed that the Editor broke an agreement made several weeks earlier when he removed Miller's "As I See It" column from the paper.

The Editor defended himself on the basis that the column was a paid advertisement and not under his jurisdiction, because the Business Manager who handles advertising is also a position chosen by the Board of Publications.

PONDERING the comments made by "Forum" assistant city editor, Phil Matthews, are participants in Saturday's campus publications workshop.

# Greeks Organize To Obtain Releases

by Glenn Solberg

A special meeting of all fraternity presidents was called last Wednesday to discuss and lay plans for releasing next fall's pledges from compulsory University food contracts.

The meeting was a result of the University administration's rejection of previous food contract release requests.

One proposal was submitted last fall by the Interfraternity Council; the other was submitted this spring in the form of a motion passed by Student Senate.

According to Larry Fuglesten AS 3, student body president, the proposals were rejected, "Mainly because the officials think that they would be showing favoritism by releasing only Greeks from

food contracts."

The discussion at Wednesday night's meeting centered around how the fraternities and sororities might approach the administration in another attempt to obtain releases.

It was suggested by one of the presidents that all Greeks boycott the Union as well as pull out of all campus activities. It was stated that this would "force the administration to realize the actual powerful influence of the Greeks on campus."

However, the majority of the group felt that an approach such as this would do more harm than good, and that a more mature approach should be used.

A committee was established to draw up a formal letter of request to be sent to administrative officials informing them of IFC's wish and to list the reasons for making such a request.

"We will negotiate with the administration on our request for food contract releases in hopes that an agreement will be reached before the beginning of next fall quarter.

"However, if no solution can be reached, IFC and Panhellenic Council will continue in their efforts and more drastic and firm actions will be taken," stated Gary Maŕgekard AG 3, IFC president.

# Dr. Stotts "Sex In The Sixties" Was Special Interest Day

Jack Stotts, professor of Christian Ethics at McCormick Theological Seminary, lectured to a group of students on the evening of April 17 in the Union Ballroom as part of the Special Interest Day for the program "Sex in the Sixties."

"We are so engrossed with the facts of life that we do not look at the fact of life," said Stotts in his lecture entitled "Sexual Practices and Christian Ethics."

Stotts asked four questions throughout the evening. He began by asking, "Is sex dead or is it alive?" He answered that people have been so occupied with the facts of life that they have hid from life itself.

"Now sex is so open that it remains the primary moral problem of life," said Stotts. He went on to say that, "An externally sexual society is an indication of inner death."

"Is the attention given to questions of sex not a call for help?"

was Stotts' second question. In reply he said the human question has been wrapped in sexual garb, and the real cry is, "What does it mean to be a human being?" He said that one must first ask who are you before asking what to do.

The third question Stotts asked

was, "What does it mean to be human?" He believes each man must decide that for himself; but as a Christian, Stotts said, "For the Christian to be human is to live for human beings, to live for the good of fellow men."

He also said that men live pri-

# Vice President Humphrey Will Visit Campus During Mid-May

Vice President Hubert H. Humphrey will make an appearance at North Dakota State University on May 13, according to President H. R. Albrecht.

The Vice President will speak at a student forum in the Field House. He will answer questions posed by a panel of students from NDSU, Concordia College and Moorhead State College.

Vice President Humphrey will be introduced at the forum by President Albrecht, who will offi-

cially welcome him to the University. Serving as co-chairmen for the student forum are Dean Scott, dean of students, and Harold Dronen, a Fargo attorney.

The appearance at NDSU will precede Vice President Humphrey's speech in Fargo on the evening of May 13 at a testimonial dinner honoring North Dakota Governor William L. Guy.

The student forum for Vice President Humphrey will start at 2 p.m.

marily out of images. He continued that the image the Christian looks to is Christ; it is a decisional image.

His last question was, "If one is a fellow human being what sexual practices are right?" He said that the ideas that sex equals sin or sex equals happiness must be changed for the sake of sex itself.

Stotts believes that sex is never solely a personal matter, but is always a public matter. His reason for believing this is that each person is responsible for the ordering of society, and his actions help to determine what our society is.

According to Stotts the appropriate public location for sexual intercourse is marriage. Intercourse is the private side just as marriage is the public side of two persons coming to coexist for each other and for neighbors.

In conclusion Stotts said, "Maybe the question of sex shall lead to the question of man and God, and we shall see that neither God nor sex is dead."

# U. S. Foreign Service Recommended For Excitement

by Kathy Platt

A former North Dakota State University student who has been in the United States Foreign Service for 22 years recommends that vocation for collegiates aspiring to a life of variety, excitement and never-ending education.

Thomas A. Donovan, who attended NDSU (then North Dakota Agricultural College) from 1935-38, related some of the highlights of his career in an interview last week.

Donovan spoke to a contemporary history class and attended ground-breaking ceremonies for the Little Country Theatre during his recent Fargo visit.

In 1962 Donovan donated 1500 Russian books to the NDSU library, which he acquired for the school when he was located in Poland. He stated that the books were mainly reference volumes and histories. He was pleased to find that students may now study Russian language at NDSU. In 1962 this course work was not yet offered.

Relating some of his most vivid memories in the Foreign Service, Donovan spoke of the experience of living through the Communist seizure of power in Czechoslovakia in 1948. He was third secretary and vice consul at the U. S. Embassy in Prague from October 1946 to May 1949 when the takeover occurred.

Another adventure occurred when Donovan was stationed at the "hardship post" of Khorran Shahr in Iran. Donovan, as chief of the embassy there, took a journey to survey his consulate. The 300-mile caravan by horseback took the party through 1000-1200-foot passes to highlands where migratory tribesmen take their

flocks for the summer season.

The groups camped out and blazed their own trails as there are no roads built through the mountain area. Khorran Shahr is designated as a hardship post (to which U. S. officials are assigned for only two years) because temperatures average 125 in the shade during part of the year.

Another fascinating aspect of Donovan's career was his job in Frankfurt interviewing defectors from Eastern Europe. From information obtained from these people, he was able to write reports about the affairs of these countries which otherwise wouldn't have been available to free nations at the time.

While stationed in Warsaw, he was part of the American delegation which met with the Communist Chinese. Donovan said the meetings were held about once a month and gave the U. S. an opportunity to discuss issues with a faction our nation did not recognize on the international level.

Donovan has a speaking and reading knowledge of five languages: French, German, Italian, Czech and Polish. He is also familiar with Persian and Russian to some degree.

The best way to learn a language, Donovan says, is by reading an ordinary novel and keeping a dictionary close at hand. A novel uses everyday dialogue, he explained, and is a practical and reasonably painless way of learning a language.

Donovan transferred from NDAC to the University of Chicago in 1938. He earned his B.A. and M.A. in history there. He was near completion of his Ph.D. degree when he joined the Army in 1942.

Serving overseas, Donovan was

a member of the signal corps and was later transferred into the historical division where he wrote about logistics. His material was later incorporated into a book along with contributions from other writers.

At the end of the war, Donovan took a Foreign Service Exam in a deserted Pigalle night club, the most convenient place in Paris which had enough tables and chairs to accommodate those taking the exam.

Taking this test was the first step in Donovan's 22 years as a career officer with the Foreign Service.

Donovan said that the Foreign Service offers an opportunity to learn about the cultural side of many countries as well as the political and economic areas. He indicated that reading the literature of the country and attending events of the native population help in gaining a well-rounded knowledge of the country.

When asked about any changes in the general trend of European feeling toward the United States, Donovan said that he didn't think there had been any major changes in attitudes toward the U. S.

He felt that a reception such as Vice-President Humphrey met with on his European tour was not surprising and was not necessarily representative of diplomatic-level thought. Donovan cited several similar examples of U. S. officials meeting with unruly receptions with no repercussions.

Donovan said that he thought U. S. efforts at gaining support of people around the world had been successful, especially when comparing the present situation with that of 15 years ago.

He also stated that he feels the

common people in Communist countries have never been anti-American, but that the Communist governments in these countries have been in complete control. The governments are in the process of change now, Donovan believes, and the common people are beginning to assert themselves.

Donovan advises students interested in the Foreign Service to concentrate their studies in history, political science and language. It is a good idea to go on for at least a Master's Degree before entering the Foreign Service because of wage increase and positions obtainable, he said.

Requirements of the Foreign Service are 10 years of U. S. Citizenship and successful completion of the proper exam, said Donovan.

Anyone interested in further information about a career with the U. S. Foreign Service may write the Department of State, Washington, D. C.

## Gamma Phi Good Grades

Gamma Phi Beta Sorority will receive the scholarship plaque for the highest grade point average in 1966-67.

The plaque honors the sorority which has had the highest grade point average for three consecutive quarters beginning with winter quarter.

Kappa Kappa Gamma formerly held the plaque but will relinquish it to Gamma Phi Beta at the Scholarship Banquet May 7.

An average of 2.87 was obtained by Gamma Phi this past quarter.

Mrs. Evans

## Weible Hall Coeds Honor Housemother

by Alan Cecil

Following the trend of several campus organizations ranging from fraternities to the Letterman's Club, the Social Committee of Weible Hall held a sweetheart pageant last Thursday evening.

However, in the words of Head Resident, Mrs. Helen H. Evans, the presentation by the coeds became, "One of the most memorable occasions in my life and my most joyous pleasure at North Dakota State University."

Unknown to Mrs. Evans, the coeds had been plotting to make Thursday evening a tribute and

testimonial to the friendship and loyalty they had found under her wing.

Several weeks ago Barbara Holes HE 4, assistant head resident, suggested the idea and, with the aid of the Weible Social Committee, began laying plans. A query to Mrs. Evans' son, Ted, in Pipestone, Minn., was answered and the outline of a "This is Your Life" program was drawn.

Mrs. Evans came to the University in the fall of 1962. From then until 1965 she was the head resident at Dinan Hall. When the addition to Weible was complete, Mrs. Evans replaced Mrs. Henry Protrafke as head resident.

A skit was presented to nominate candidates for the sweetheart position. When "judges" decision was announced, about 250 coeds surrounded Mrs. Evans. The newest queen of the NDSU campus was serenaded with the women's dorm version of "The Sweetheart of Sigma Chi."

The counselors of the dorm then presented Mrs. Evans a parchment showing that a Helen H. Evans Scholarship has been established at the Financial Aids Office. The scholarship is for \$100 and is to be given to a Weible coed. The scholarship was taken from dorm dues collected from the coeds in the fall.

Saturday morning Mrs. Evans was still excited about the affair. "Those little sneaks . . ."

"HAPPY BIRTHDAY, Mrs. Evans," say Weible coeds as their housemother is crowned Sweetheart of Weible Hall.

# Contract Option Should Be Granted To Greeks

Requests made by Student Senate and the campus Greek organizations concerning food contract releases for next fall's pledges have been rejected by the University administration. One of the main reasons given for this was that it would be showing favoritism to particular student groups if the releases were granted.

In the past, Greeks have asked for few favors from the University administration and regardless of numerous restrictions placed upon them they have contributed much to the betterment and growth of this campus. These self-supporting groups have been willing to serve the University and the community in nearly any capacity.

However, the administration is still somewhat dissatisfied with much of what the Greeks are doing. Interfraternity Council and Panhellenic Council have been under careful scrutiny by the administration and have been asked to improve their programs, aiming them in a more positive direction.

Before any real progress and improvements can be made, however, the fraternities and sororities must be financially stable. At present, many of the house are having fiscal difficulties. The added income received from the pledges released from food contracts will help solve these financial problems, and it will enable Greeks to expand and improve their operations.

The number of students release would be a small percentage of the total number of students under contract. This would place no financial strain on the University food service because of its large scale operation. However, this small percentage would be a great boost to the small scale fraternity operation.

Food service director, Frank Bancroft, has commented that details for contract releases could be arranged without much difficulty.

A suitable agreement between Greeks and food service officials has been in effect for a number of years at UND. A pledge must notify the food service director by the end of the second week of the semester in order for him to be released from his contract. The UND administration as well as Greeks are in complete cooperation on this arrangement.

By asking for food contract releases, Greeks at NDSU are not asking for a favor; rather, they are asking for due consideration. GRS

# Easing Of Dorm Hours Is Just A Beginning

Approximately one month has now passed since the initiation of new dormitory hours for coeds. Much credit is due to the students responsible and their advisors for this step forward into the 20th century.

However, now that "the ball has started its proverbial roll," aid must be enlisted to achieve full equality and responsibility for coeds.

The paternalism of University circles is seldom ended by administrative deans or their governing bodies. As with the student who lives within commuting distance of North Dakota State University, the resident coed must begin acting and thinking responsibly so the "parental bedchecks" of the women's dorms may find themselves no longer needed.

Again like the child leaving the "nest" for adulthood some campus politicians, administrators and pressure groups tend to cling to the bonds of their "children" for the sake of protecting the image of the University, the sanctity of the nursery and the naivety of their offspring.

Upon graduation most students have reached the awe-inspiring, mystical age of 21 years. This means that the incubator is cut off and the realities of the outside world set in.

Coeds have commented that most of their peers do not use the extended dorm hours every night. There are simply too many things to be done in academic life for running the gauntlet of the clock every evening. However, there are times . . .

AWS should soon meet and evaluate the success of the new hours and plan for further extensions, and freedom of women to choose their place of residence; and yes, of course, the hour of the day or night that upperclass coeds may coo "it's been so nice . . ." AVC

# Letters to the Editor . . . We Want To Do Our Own Stomp'n

To The Editor:

Once, as we met extemporaneously in a booth somewhere, we cast about for wrongs to right or fair damsels to rescue. At first we could find neither — no "wrongs," no "fair damsels." We were undaunted.

With that fervor which has possessed fraternal organizations since forever, "we gave selflessly of our time" in a search for a Cause. Besides, we had nothing else to do (or if we had, we weren't doing it). Gradually, our way became clear.

Who most persistently aroused in us the urge to maim? What one person made us wish that "freedom of the press" be repealed? Who flogged us week after week with cliches, platitudes and mixed metaphors?

Whose kittenish glances over his shoulder; whose "in depth" commentary on nothing; whose complete lack of journalistic talent, taste and logic brought about a monstrous Wednesday morning sickness to our campus? As one man, we said: "We-must-destroy-Tanfield Miller!" Needless to say, when the meeting broke up at 1 a.m., we were aglow with "purpose."

Unfortunately, like Hamlet, we have one tiny flaw — we procrastinate. (Dig that crazy analogy!)

While we argued the merits of various destructive devices — **DISASTER!** — the Administration cannonized Tanfield Miller!

Could anything be more incongruous? TANFIELD MILLER a symbol of academic freedom?!! (The next several lines censored by the Vets' Club Chaplain.)\*  
\*Whatever this club may feel

toward T. Miller, we do not endorse the Administration censorship of him.

We are once more without a Cause. You veterans who have not yet attended one of our meetings — and you who have — come on out. We'll think of something.

NDSU Vet's Club

# Male Students Should Have Equal Dorm Hours And Rules

To The Editor:

I noticed in the *Spectrum* that the coeds have gotten new and more liberal dorm hours, and I sincerely hope that the poor things will be able to control themselves in that liberal hour. I'm sure that they will find a way. However, I do feel that the University is somehow discriminating against the females by giving them hours and not giving the males any. Let all of the coeds cool off here — I am not suggesting that they should have no hours, as most dirty young college students would. I am instead suggesting that the men be given hours, sign out sheets and the full treatment. This, I believe, would alleviate any question of injustice, regarding a (shudder) dual standard, in an institution of higher education — the one place where

injustice must be overcome.

I know that men have always been more trustworthy than women, but I still think that they should get equal treatment under the University regulations. After all, are men smarter, more temperate, more mature, less troublesome, less boisterous and purer than their female fellow students? Somehow I think not. However, maybe the administration believes that it is protecting the coeds by locking them up every night — then why doesn't it protect the men equally?

Also I think that after the administration finally makes everything equal by giving men hours, that it should stretch its strong but gentle fist into the lives of those students married or single who live off campus and give them hours too, so that every student may be treated equally at this wonderful institution.

Joe McLellan AS 4

# Writer Finds Ten Thousand Word Mistake

To The Editor:

One editorial caricature effectively used is worth 10,000 words. I feel that you misappropriated about 9,996 of those valuable word-spaces concerning the caricature that the *Spectrum* used on the April 12, 1967, editorial page.

Instead of running the cartoon "The Sword of Damocles" hangs over the *Spectrum's* head with the story announcing the discontinuation of "As I See It," you should have substituted a cartoon of "The Straw that Broke the Camel's Back."

This substitution of cartoons would have been much more to the point and considerably less paranoid.

David Knudson AS 4

# Income Tax Credit Amendment Passes Senate Proposes Giving Credit To College Students

The United States Senate has approved by a 53-26 vote a plan to provide a federal income tax credit of up to \$325 for tuition, books and fees paid by students in colleges, universities and other post-high school institutions.

Final enactment of the plan will depend on the decisions made by a Senate-House Of Representatives conference committee.

The tax credit plan was offered

Friday, April 14, by Senator Abraham Ribicoff, D-Conn., as an amendment to a House-passed bill which would restore the investment tax credit to businessmen.

Under the amendment offered by Ribicoff and accepted by the Senate, the tuition and fee credit is 75 per cent of the first \$200 paid, 25 per cent of the next \$300 and ten per cent of the next \$1,000. The credit is subtracted

from the income tax owed the government.

The credit is available to any person who pays the tuition. Thus, it would be available to working students and wives as well as to parents and other relatives. Parents with more than one child in college or graduate school may get a separate credit for each.

# Million Dollar Plus Expansion Planned

A proposed addition to the Union has been revealed by George Schmidt, director. The site of the addition will be the parking lot directly north of the Union.

"The most critical need is for expanded food service," stated Schmidt. To accommodate this need a cafeteria will be constructed which will seat a maximum of 200 people.

The Bison Room and the State

## Coed Chosen Miss Bottineau

Donna Kjonaas AS 1 was chosen Miss Bottineau on April 15. She will represent Bottineau in the 1967 North Dakota pageant which will be held at Bismarck in June. Miss Kjonaas's talent for the contest was a dramatic reading. There were nine contestants. The winner received an expense-paid week in Bismarck during the pageant and a trophy.

Miss Kjonaas is Theta Chi Cream Girl, Betty Coed, a member of Angel Flight and Alpha Gamma Delta Social sorority.

Optometrist - Phone 235-8727  
Black Building  
Suite 502  
Fargo, N. Dak.

Room in the present building will be combined into one large snack bar and the Dacotah Inn will be expanded, thus increasing its capacity from 70 to 125 persons.

The new addition will also include an auditorium which will seat 1300-1500 people. This will serve the functions of Festival Hall, which will be replaced by a parking lot.

Included in the new section will be guest rooms for a maximum of 60 people, additional meeting rooms, an arts and crafts shop, an

art gallery and a number of small lounges.

The cost of the structure will be approximately \$1.2 million. The North Dakota State Legislature recently passed a bill which will permit the present Union indebtedness of \$680,000 to be increased by an additional \$1.2 million. This will cover the cost of the new addition.

"Where The Eye Is On Style"

# Holds Two Highjumper Sets Records

With the outdoor track season only a week and a half old, both the indoor and outdoor high jump school records have fallen victim to Bison high jumper Rod Landblom.

Landblom broke the old indoor mark during a triangular at the University of North Dakota earlier this season, with a jump of 6' 4 1/4" to break the old school record of 6' 2".

In the Bison's first outdoor meet of the season at the Corn Palace Relays on April 15, Landblom leaped to a height of 6' 7 1/4" to erase the old standard of 6' 2", originally set by Gene Gamache in 1954 and tied by Larry Dodge in

1959. This record was tied again in 1965 by Mike Harper.

A Fargo Shanley High School product, Landblom's highest leap during his prep career was 6' 1/2". Landblom then spent two years at Moorhead State College, where his highest jump was 6' 6".

The only records left to break here are his own. The 6' 4" senior has plans for them, as he expressed a desire to jump between 6' 8" and 6' 9" before the season ends.

The North Central Conference record is also his goal, that being a height of 6' 4 3/4" set by Augustana's Les Josephson in 1963. That mark will be waiting for him on May 19-20, when the Bison compete in the North Central Conference at Brookings, S. D.

Landblom had this to say about the school record: "When you attain something like that it's an emotional thing and rather hard to explain."

Bison coaches count on him to be an important point winner on this season's individually-talented, depth-thin squad. Landblom has lived up to the expectations so far this season by placing first in four meets and taking second twice.

When asked how he felt about the season, Landblom stated; "Potentially we could come along and put ourselves into contention and finish second or third."

# Gymnasts And Swimmers Will Meet Monday

There will be a meeting on Monday, May 1, at 4 p.m. in Room 204 of the Field House for all North Dakota State University students interested in participating in either gymnastics or swimming during the 1967-68 school year.

If sufficient interest is indicated, a schedule will be drawn up for next year, according to Dick Koppenhaver, director of athletics.

# Golf Team Opens Season This Weekend

Weather permitting, the Bison golf team and Coach Erv Kaiser will enter the Concordia - Moorhead State College meet and the Jamestown Invitational meet this Friday and Saturday.

The team, which finished fifth in the conference standings last year, will be led by lettermen Ralph Hilber, Dick Koenig and Wes Schley. The roster also has promising prospects in Hank Bonde, John Mark and Bill Shepherd, who boast fine credentials, and untried personnel such as Steve Halverson, Craig Hunter, James Sanden and Byron Opstad.

Last season the Bison finished third in the Concordia - MSC meet and took first in the Jamestown Invitational.

Kaiser viewed the season by saying, "I'd have to consider North Dakota State University a darkhorse which we hope will improve on last season's showing and which might develop into more than a fair team. I would hope we might surprise a few this year. Last year was, at best, very mediocre for a Bison team."

The freshman golf schedule has been changed to read like this: On April 29 they will have a meet with the University of North Dakota Frosh at Lincoln Park in Grand Forks; May 5, a meet with UND here at the Edgewood

Course; on May 10, another meet with UND there and a home meeting with the Sioux Frosh here on May 19.

Meets with Moorhead State and Concordia are also tentative with dates to be set later.

# Letterman's Club Elects Officers

Mike Belmont was recently elected to the office of president of the Bison Letterman's Club. He succeeds Bob Maier who has served as president for the past year.

Other officers elected were Fred Schmidt, vice president; Tom Valentine, secretary; Ron Freeman, treasurer and Jim Ferge, sergeant-at-arms.

The club also initiated seven new members to bring the club's enrollment to 60 active members.

The new initiates are Dan Olson, Herb Schmidt, John Kucenic, Dennis Alfstad, Del Gehrett, Dick Ovsak and Joe Pomykacz.

Ron Corliss and Coach Bud Belk were selected as club advisors for another year.

All active members are asked to pick up their tickets for the Fellowship of Christian Athletes Banquet to be held tonight. They can be picked up from Coach Belk.

### This Weekend

## Jackrabbits Take Three From Bison

Neil Thomas  
South Dakota State's Jackrabbits swept a three-game series from the Bison the past weekend, winning a single Friday game 9-4 and taking a Saturday doubleheader 10-1 and 4-2.

Friday's game the Jackrabbits led out ten hits and took advantage of six Bison errors to secure the victory. Bison hitters were able to manage only four hits.

Glenn Auen was the Bison starter and took the loss.

In the first game of Saturday's double-header the Bison could come up with only one run and hit off SDS starter Ron Maheister.

Orell Schmitz went the distance for the Bison and took the loss, giving ten runs and ten hits.

In the second game of the twin bill the Bison out-hit the Jackrabbits 6-5, but control problems by Kutzan in the fifth inning led to the 4-2 defeat.

The losses dropped the Bison record to 2-7 overall and 0-5 in North Central Conference.

The Bison will get a chance to improve their NCC record this weekend when they host State College of Iowa in a single game Friday and a double-header on

Saturday at Jack Williams Field in Fargo.

The Panthers finished the 1966 season with a 13-9 record and took a pair of games from the Bison last season by scores of 4-1 and 2-0.

Coach J. D. Anderson's Panthers have nine lettermen back and boast veterans at every position but third base.

Top returnee for the Panthers is left fielder Dennis Cryer who led the team with his .323 batting average, four home runs and 14 runs batted in.

Bob Everding is the leading pitcher on the Panther staff, which is a relatively young one.

Everding finished the 1966 season with a 3-0 won-lost record and a 1.80 ERA.

The Bison will probably go with Gary Anderson at shortstop, Al Arneson at third, Larry Mollins at second, Larry Ellingson at first, John Renhow in right, Glenn Ingnell in center, Jim Liberda catching and Dan Loose in left field.

Schmitz, Kutzan and Auen will be the starting pitchers for the three-game series.

## Hollman Makes All-American

Bison Grappler John Hollman received a place on the All-American wrestling squad last week, according to Coach Bucky Maughn.

The Pennsylvania-bred Hollman was 13-1 in dual meets and 21-5 including tournament meets. He was undefeated in duals until he broke his elbow in two spots and tore his knee cartilage in a meet toward the end of the season.

The 145-pounder returned to the wrestling scene for the conference meet where he placed second.

Hollman, this year's captain, succeeded last year's captain, Joe McCormick, in receiving the award. McCormick was the first in Bison history to be awarded the honor.

This is the highest award of honor the nation can place upon a wrestler. The All-American team is manned by 22 of the nation's best wrestlers in the NCAA college division.

Hollman said concerning the award, "It shows the National Committee has confidence in an up-and-coming Bison wrestling squad. If it wasn't for the group of guys I wrestled with in practice and the fact that they pushed me, I would never have been named to the team."

He continued, "A post season operation left my knee in pretty good condition, and I should be ready to go next year."

Coach Maughn also announced several other team awards: Hollman, most pins; Dick Ovsak, most team points; Larry Mollins, most takedowns and John Kucenic, most improved wrestler.

## Tennis Men Win Ninth Dual Victory

The Bison tennis team won its straight dual meet victory Thursday defeating Valley State College 6-0 in an indoor meet.

In their first action of the season the Bison swept both singles and doubles action.

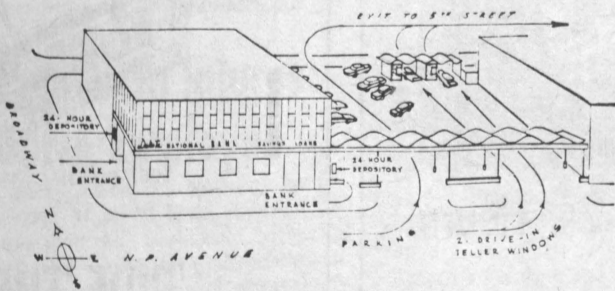

In singles action Jim Hinz defeated Rudy Steidl 6-3 and 6-2. Dodge defeated Fred Skoglund 4-4 and 6-2. Bob Pihlstrom defeated Rick Snarr 6-1 and 6-2. Dick Gast defeated Dick Zollner 6-3 and 6-3.

In doubles action, Hinz and Zollner combined to defeat Stiedl and Zollar 6-2 and 6-0. The Bison

team of Pihlstrom and Greg Swenson downed Skoglund and Snarr 7-5 and 6-2.

The Bison tennis team will be in action this afternoon at Island Park, where they meet the University of North Dakota in a 2 p.m. match.

On Saturday they will host St. Cloud State at Island Park in a match beginning at 2 p.m.

## SU To Sponsor Training Clinic

On June 5-6 North Dakota State University will host the first athletic training seminar ever to be held here.

The seminar will be under the direction of Athletic Director Dick Koppenhaver and Trainer Dennis Isrow. It is open to all area high school and college coaches, managers, trainers, interested students and physical education majors and minors.

A guest speaker will be on hand, demonstrations will be given and slides will be shown throughout the two-day event.

### BASEBALL TEAM FLOUNDERS

This year's baseball team is again suffering through the same miseries which plagued it last season; the inability to combine pitching and hitting efforts in the same game.

When the team gets good pitching, the hitters cannot produce; and when the hitters come through, the pitching breaks down.

The pitching-thin Bison started the season by splitting four games in a Nebraska road trip, but since that weekend have lost five straight.

Typical of the troubles which beset the team is the 3-0 loss to Augustana in which Orell Schmitz allowed but two hits while his mates could come up with only one. Other times the hitters have supplied runs, but the pitching staff has been wild, issuing bases on balls which later lead to runs.

The Bison this year are again without a top-rate reliever who can come in when the starter is in trouble and save a lead.

The Bison do have 14 more games in which to better their last season record of 5 wins and 15 losses.

### GRAPPLERS ENGAGE TOUGH SCHEDULE

The Bison wrestling team, following the pattern which the basketball and football team set, put together a rather tough schedule for next season. Maughn and his grapplers bit off a good-sized chunk in scheduling the University of Minnesota, Nebraska University and Northern Illinois, not to mention local perennial powers Moorhead State, St. Cloud State and Mankato State.

### HOLLMAN ALL-AMERICAN

North Central Conference officials responsible for choosing the All-American NCAA wrestling team would have a right to feel embarrassed that Bison Grappler John Hollman would be good enough to make the All-American squad and still be overlooked for a spot on the NCC honor list.

A TWISTER CONTEST, in which players become contorted and entangled, is planned for this year's Sharivar. Teams (faculty and student) consist of two players each. Entry blanks may be obtained by contacting Mike Kihne, 237-6745.

## Remodeling Planned For Both Physical And Intellectual Sides

by Sandi Scheel

Individual study units throughout the library and plans for finishing the library basement this spring are some of the innovations of Mrs. Barbara Wetterstrom, acting head librarian.

Mrs. Wetterstrom has tried as her main job to "make the library a place more conducive to study."

Although Mrs. Wetterstrom is head of the library in every way, she has tried to postpone long-term decision-making until a permanent head librarian is named, since he would have to live with all decisions.

A major problem encountered by Mrs. Wetterstrom has been the minimal seating capacity for students. With a student enrollment of about 5000, the library offers seating for only 350 students. Part of the problem will be solved by the addition of individual study areas in the basement and additional study areas elsewhere.

Times of student use of the library vary widely according to Mrs. Wetterstrom. Afternoons are generally busier than mornings, and many students make use of the library on week-ends.

"Friday afternoons and Saturday mornings, though, are practically nonexistent as far as students are concerned," stated the

acting head librarian.

The entire year has been a learning process for Mrs. Wetterstrom; learning about the library in relation to the University and all the facets of the operation of a college library.

## Has Twofold Purpose Student Activities Featured

Student activities during Sharivar have a twofold purpose; to portray student life socially and to provide activities for University students to participate in during Sharivar.

Campus organizations sponsor and plan these activities, which Sharivar encourages and coordinates.

A Buffalo Hunt is planned. Clues will be given out at the demonstrations. The finder of the hidden stuffed Buffalo will turn it in for a \$25 reward.

Twister, a new party game, will be played for competition. (In the game, players become contorted and tangled trying to reach the red, yellow, blue and green dots with their hands and feet, as the caller indicates, without falling.) AWS is sponsoring the Twister contest.

On Friday, carnival booths will be set up all day, and a carnival atmosphere will prevail at the Mardi Gras costume dance that night.

Some of the winners of the

SAB Folk Festival will perform at a Folk Concert.

An Army ROTC Raiders demonstration will feature booby traps, mines and hand-to-hand combat.

Army Air Force Drill Team units from North Dakota State University will compete with those from the University of North Dakota.

Folk singers will entertain about an hour at the foreign sidewalk cafes. There will also be a sidewalk art show.
