HERITAGE COLLECTION

The Germans from Russia Heritage Collection at the NDSU Libraries in Fargo reaches out to prairie families and former Dakotans. In various ways, it affirms the heritage of the Germans from Russia is an important part of the northern plains culture.

Prairie Public Broadcasting and the NDSU Library are pleased to announce the premiere showing of the new documentary, *The Germans from Russia: Children of the Steppe*, Children of the Prairie, on Tuesday, February 9, 1999 from 7 pm to 8 pm (CST). The new one-hour documentary visually shares the dramatic and challenging story of the Germans from Russia - past, present, and future.

It is a dream come true: a powerful visual of global importance for the community of Germans from Russia worldwide. I highly recommend you secure a copy of this videotape. For further information, call toll free to Prairie Public at 1-800-359-6900. This is a valuable partnership between Prairie Public and the North Dakota State University Library.

The initial idea for this *Germans from Russia* video documentary was begun in 1994 when Dr. Shirley Fischer Arends, an Ashley, North Dakota native (author of the book, *The Central Dakota Germans*); Carter Wood, former Grand Forks Herald writer (now working in the office of North Dakota Governor Ed Schafer); Peter Hilkes, East European Institute, Munich, Germany, and myself traveled to Odessa, Ukraine. We explored the possibilities of future tours and a film video documentary. The first *Journey to the Homeland Tour* became reality in June, 1996. The documentary becomes reality in February, 1999.

My special thanks to all who made this dream come true: NDSU Library and Prairie Public Broadcasting; colleagues Bob Dambach, Executive Producer, and Dave Geck, Videographer, PPTV; Ron Vossler, scriptwriter; Steve Bergeson, narrator; the financial donors and persons involved with the fundraising efforts; the

advisory committee for the narrative; Germans from Russia Heritage Society (Bismarck, ND); American Historical Society of Germans from Russia (Lincoln, NE); the weekly and daily newspapers; North Dakota REC/RTC Magazine; North Dakota Horizons; and to the Germans from Russia community with their wonderful response to the pre-sale of the video documentary in 1998.

Prairie Public Television is seen on North Dakota stations: KBME/2/Bismarck; KDSE/9/Dickinson, KJRE/19/Ellendale, KFME/13/Fargo, KGFR/2/Grand Forks, KSGR/6/Minot; KWSE/4/Williston, and Winnipeg Cable Channel 3. Later the documentary will be shown on other Public Broadcasting Service stations (PBS) throughout the United States, including the central and northern plains. For 35 years, Prairie Public Television has supported the prairie community through broadcast and technological services. PPTV has the largest square mileage of television coverage of any PBS station in the United States. The *Germans from Russia* documentary is part of Prairie Public's new Heritage Series. In 1997, PPTV produced "Mennonites of Manitoba".

The NDSU Libraries and Prairie Public will sponsor events in California and Arizona premiering the documentary. On Sunday, February 28, from 1 pm-3 pm at Westlake Village Community Room, 571 Hampshire Road, Westlake Village, California, the one-hour documentary will be shown, followed by commentary from Michael M. Miller. Limited space is available for the event! Persons wishing to attend are requested to contact Randy Boschee (Tel: 805-685-4609; E-mail: Boschee@aol.com).
