Greetings of Our Florence Crittenton Home
LOCATED AT FARGO, N. D.
CORNER 19TH STREET AND 8TH AVENUE SOUTH.

is hereby extended to all our White Ribbon Sisters, Generous Friends and Donors, past, present and future.

We take pleasure in submitting to you at this time brief review of our work, together with brief statements of the Home, its conditions and needs; the good that is being done, and announcements of our board and religious meetings; time and place of each.

We cordially invite all to visit the Home.
No special days or hours for visiting.

have been sinned against and have sinned.
They need Jesus Christ—they need the cleansing power of His blood. They are brought into a Christian home, and a bible placed in their hands, with Christian friends only too glad to point them to the Lamb of God, who taketh away the sins of the world.

Is the work done in vain? No! Not if the worded God is true. It shall have its reward. Some of the things we may see here—other persons not reach the place where there is no sin, no sorrow, no tears—but weshall see the King in His glory.

Shall these girls be there? You who read this, but are too far away to do any personal work, you can pray. Do it in His name.

Anna C. Pederson.

Our Meetings.
Our prayers for prayer and study of the Scriptures are abundantly owned of God and result in saving many precious souls for the Master.

Each Sabbath, service by Miss Anna Pederson, missionary of the Norwegian Baptist church.

Every other week, a series of talks in the evening for the girls, and the first Sunday each month at Home, are conducted by Miss Pederson and the Rev. M. J. van der Wielen, pastor of the church.

The Home and Workers.
The home and all our workers make much of the fact that there is no power that can save lost and erring girls who come to Christ.

We have in our matrons consecrated, Christian women, who are giving to these girls, earnest Christian mother’s love, and so far as observation and experience can judge, fully 90 per cent of our girls are saved from their sinful life, earning their bread by the honest labor, ranging in age from 12 to 24 years.

The Purchase Price of Home and the Improvements.
Miss Briggs gave the two lots on which the Home now stands, valued at $500.

Charles N. Crittenton gave the first $1,000 towards the building.

Total cost of Home $8,500, which amount has been paid in full.

Voluntary Contributions have been paid to the Home to date, $2,500.

Florence Crittenton Home Number.
Two thousand extra copies of May number of Bulletin will be printed, and if advance subscriptions now obtained, these copies may obtain them for 3 cents single copy, or 2 cents each for orders five to nine of ten or more. The price of the F. C. M. Home number is a special.

With great pleasure we present to you "The Bulletin" enlarged to nearly twice its former size. We hope you may find more ideas, enlarged ideas and a better understanding of the work generally. Our Y's are to have two columns again. We have added a second column, enabling us to present to you many sides of our work. The price remains 15 cents.

To every subscriber of this charge the subscription price, send in names from your unions and your friends. The price has never been offered to the unions, including in the largest list of subscribers before state convention—the price is to be the same. We hope this will stimulate our May willard in the charming costume of blue. The picture will be framed. With the additional expense of enlarging our paper, we need a hearty co-operation, and every white ribbon woman needs her state paper.

Our four sisters for the many expressions of kindness and good wishes, and thank you in advance for anything you may do to further the work. We look for your response in sending news items and reports.

Soon county conventions will be held, let every one be reported to "The Bulletin."

PRESS WORK.

As county conventions will soon be in progress, we request that every county supt. of Work, or if there is no county supt. to send in report of a Workers' conference. More work needs to be done in this line. Set forth the necessity of following directions given in the form letter and sent to each union. Portland Republican, Park River Gazette, Fossenden paper, have a W. C. T. U. column.

It is very encouraging to report such good work done by these unions. Mrs. Vande Bogart will present this premium to the State Convention. The beautiful and suggestive heading which appears this month for the first time, was designed by Miss E. L. Preston and Herring Hudson, of Cayuga, who is well known to many white ribboners of the state. Several meetings were held this month in the northern and eastern parts of the state and find that in most cases the unions have been encouraging. A meeting was held with the unions at Grand Forks, and plans made for the State Convention. Our Scandinavian unions are making fine progress. The Fargo Scandinavian union has a most successful social in the auspices of the Mercy and Help department. Judge Chas. A. Vail, leaving the scene of events, evening, the receipts were about sixty dollars.

Neche union was organized with A. B. Black, President, and Mrs. Agnes Hall, corresponding secretary. Mrs. Mattie Moosham and Mrs. Stowe were appointed to hold the meetings at Neche, April 28th, where a union was organized with twenty-four members. Miss Kate Cameron, presiding officer, gave vent to all. We have heard from Misses E. A. Nies and B. Kelly, corresponding secretary.

I shall work in the southern part of the state during the month of May.

Our officers have been selected by the delegates at the state convention.

Pembina "Y."

The organizing meeting on April 7th was at Mrs. G. W. Ryan's. It was the form of an Easter party. The house was well decorated with violets and Easter lilies. The dainty invitations were in the shape of an Easter lily, pure white, the outside lily petals and working in the groups the inner ones under the one invitation. The scripture lessons were upon the lily and the resurrection. The program consisted of music, recitations and essays upon the Easter thought and customs. The plan of this meeting was to write a paper on Easter and try to imagine the surprise and delight when vases of beautiful fresh, pink, white and red carnations were brought in by the members and asked to take one. And later, Easter eggs, which the girls had tastefully dressed in costumes and painted, some wearing hoods, some in poke bonnets and some in long caps, termed clowns and carried by men. Some were quite imaginative, with ears, whiskers, etc. Mrs. Ryan's home is a lovely place to be entertained in. The party was a complete success.

NOTES ON THE PENUMBA "Y."

Several new members have been added lately, making the enrollment over one hundred. We have recently elected two superintendents, one for liter-

Dear Inter­

pre­

in­

fer­

ers:

Do you feel the interest of your legi­

don­

out? Then try the Seal courses, or graduate a class, pre­

pare your sisters for college, and, when the time comes,

these will cost us small effort. It was

suggested last year that every

member of our vast White Ribbon

army give $1 toward a special

hospital fund. What a simple

method and how small an amount.

If each individual would fill

the treasury it would have been

outsystematically! Let us try it! Appoint your treasurer

not over $1 per capita tax—but may I sug­

gest the fund on which to have it added?

You have it. You are now able to

pledge as individuals or as

two beds in our beautiful U. Y. Y. room, the

cost of endowing each being

$500 a year. To you it is at most

$1 a day, and, of course, less than

it costs the board unless there are

several endowments.

We have

the grace of God, not on the one hand,

and, on the other hand, we have

thanked the Lord for the blessing

of the hospital’s existence, and

not on the other hand. We

have thus compelled the board to

make up the deficit and economize

in their work for charity. It is

too bad that some of the execu­

tives will not trust to the kindness

of their God and the Christian

world in this matter. Let W. T. P. &

the knowledge gained there by

making them more many men and

women to the Lord’s service.

CHRISTIAN CITIZENSHIP.

Dear Sisters—I did not think at the

beginning of the year I would write you more than a few

words this time. I have been receiving too many

requests and have not had time to do

any work in union. I have sent literature to many

churches and also to some of our students where it has

been promised and I have received a few

requests. I believe it is best to begin

writing in all the departments that they

may reach as many as possible. It seems to

me that if this department is worked thoroughly

by the officers and members, no other

departments taken up by our Mother

National, but nevertheless one of the most

important.

We all Christians all over the world

understand "Therefore, if any man be in Christ he is a new creature, old things are

passed away, behold all things are become

new." Why don’t we make that

true? Let us try to improve our guns and

weapons, as we were instructed by

Jesus when I realize the time, strength and

energy used in this way I do not

understand. We will have to use

white school boards are $350; by

the year, the receipts will be thousands. While

churches save their thousands, the

sisters of the order of the Holy

Cross will be short of funds. This

year I hear one say, ‘Young women in the Holy

Cross and the order of the Holy Cross

is a Christian nation as well as in

service, and we are called to

serve the nation in our own

sphere of service. The day

when we can make it easy for men to do right and hard

for them to do wrong will never

come unless we strive to make

it so. This is a hard day for

us, but we must strive

for it' (Isaiah 11:10). for us. In

the furtherance of Christian

CITIZENSHIP. May God hasten the

time when we can make it easy for

men to do right and hard

for them to do wrong.

Enforcement League.
The League has a threefold function under its secretary's report.
We have four years of constant struggle to look back upon. Some
problems may be more difficult to solve than others. But the
lessons of experience may be gained from the mistakes of others.
In working with the state department, we have had to
recognize the fact that there are certain obstacles in our way.
We have not been able to overcome all of them; but we shall
continue to strive towards that end. We shall not give up the
struggle until we have succeeded in bringing about a just
solution of the problems which stand in the way of progress.

Fourth Annual Meeting
The Fourth Annual Meeting of the State Enforcement League was
held at 10:00 a.m. W. L. Van Horne conducted the opening exercises.
J. T. Easberger, the president, appointed the following:

- Secretary: J. B. Walder, Geo. A. Freeling.
- Secretary of Business: Mrs. J. D. Jones.

The Lewis, M. Pollock, Miss Elizabeth Preston, J. M. Wylie,
Miss W. C. H. Crawford, and Geo. A. Freeling, were appointed to
the committee on resolutions.

General Business
Miss W. C. H. Crawford was appointed to the committee on
resolutions.

Adjournment
The meeting was adjourned to meet at 10:30 a.m., and the
court was put into session.

The adjournment was called for and was adjourned at 11:30 a.m.
