Three such men, specifically the Anti-Cigarette half-smoker, the Anti-Bicycle rider, and the Anti-Saloon worker, areeware those people who, as we have seen, are at the very heart of the anti-saloon movement. They are the ones who have been fighting this battle for many years, and they are the ones who have been most successful in getting the laws passed that ban the sale of liquor.

Therefore, it is only fitting and proper that the next time you see one of these brave men—or a woman—walking down the street, you should give them a tip of the hat or a wave of your hand in recognition of their efforts. For if it hadn't been for these people, the battle against prohibition might never have been won.

And so, let us all remember these men and women who have fought so hard for our freedoms, and let us support their work in any way we can. For they are the true heroes of our time.

State convention, Park River, September 23-25.

Write to Mrs. B. Wylie, Drayton, N. D., for copies of the leaflet, "Reminiscences of a Conservator."
Dear Sirs:

Let us consider the few words of counsel that we heard the other day.

How can we best awaken interest and secure the co-operation of the young men? First, we must know the root cause of the difficulty. The cause which has no peer. First of all, and with us, we have the whole of all the help and literature which we can. Write your state officials for help and let her know of your progress.

Follow the programs for your state that were delivered at the last national period. Plan for your meetings beforehand by sending for your programs. Have you consulted the Literature which is available. Have you read the book. Plan for your meetings beforehand by sending for your programs. You can have all the good and inspiring meetings, but the results will be proportional to the time and effort that is put into the program. For those who are satisfied with one or two meetings a year, it may be necessary to give more effort and time to the program.

Loyally yours,

Lucy M. Brown

Letter from Mrs. L. Irwin

I have just closed one month of literary and social work. The success of the Nudus here in the Young men's and women's work was a surprise. I am sure that most of them only run in their work. There are many young minds who are not satisfied with the usual methods. There are several who are interested in the work and who are satisfied with it. We should have a little more of these minds and more of these people.

Not all sunshine.

To say that a County Superintendent is not satisfied with the work of the members in a county is probably too much. It is not possible for a County Superintendent to be satisfied with the work of the members in a county. It is not possible for a County Superintendent to be satisfied with the work of the members in a county. It is not possible for a County Superintendent to be satisfied with the work of the members in a county.

The Matrons' Silver Medal contest held in the Opera house, Park River, was a success. It is a good idea to have a Matron contest program to a full house. The two Matrons' Silver Medal contest programs were well attended and the other musical selections most enjoyable. The Matrons' Silver Medal contest programs were well attended and the other musical selections most enjoyable.

Richland County Convention.

The Eleventh Annual Convention of Richland county was held June 1-2 in the Union Building and the progress of the work during the year was reported by the president, Mrs. Jda S. Clarke, of Fairmount.

The following is a report of the various examinations and records:

1. Interagency of a tenth of the income,
2. Not accepting any debts for the property, and
3. Proceeding to the study of the Bible and the law of God.

The first was a busy day, receiving reports of the various departments, and showing that the unions had not been idle. On the first evening some fine selections of music were given. The addresses of welcome were by Rev. M. S. Hackett, of the Western Men; by M. L. Hilliard, and for the Union Building by Prof. W. W. Whitcomb, of Wyomissing.

They all received a hearty and cordial welcome from Mrs. Kate Whitcomb, of Hankinson.

Saturday was a beautiful day, and there were several thousand persons present to delegate to the national convention.

The general address was given by Rev. J. H. Allen, and was met with good applause. The Bible and Temperance in Public Schools, by Mrs. M. J. Springer, and the articles were helpful and well received. On the last evening the most successful feature was the presentation of the convention, by Rev. H. B. Wolsey, the address, and the medal.

The convention report of the Richland County, will not soon forget the generous hospitality of the local people.

A pleasant feature of the convention was the presentation of the tea to the retiring president, Mrs. Jda Sparks Clarke, and was met with great enthusiasm.

The report was given by Prof. Blackman, of the Minnewaukon school and C. F. Phillips, and was given by Prof. L. J. Aldrich, of Philpott.

The closing address was given by Rev. H. B. Wolsey, and the address and the medal.

The ladies are highly valued because of this mark of appreciation to the hostess and the Handcrafts.

Convention Report from Minnewaukon.

The Mary Allen West Union held its twelfth annual convention in Minnewaukon, Friday, June 14th.

The exercises were held in the Presby- terian church, and the report was given by the editor of the Ladies Home Journal, Mrs. C. F. Phillips, and was met with the most enthusiastic and vocal selections, Thursday morning was devoted to the convention and afternoon was a discussion of the prohibition law by Rev. Garry and of scientific and industrial instructions. The public schools were led by Prof. Blackman, of the public school, and he was met with the most enthusiastic and vocal selections, Thursday morning was devoted to the convention and afternoon was a discussion of the prohibition law by Rev.
