"NOT WANNING THAT ANYTHING SHOULD PERISH."

MONTHLY—25 Cts. A YEAR.

President's Address

Given by Mrs. L. M. Brown, president.

"On His Upward Way Man Has Not Forgotten His Weaker Brother."

Amid the splendid material progress of the nation there is evidence of an equally splendid moral development. We see it expressed in the term brotherhood. The world has passed in his material progress to give us this brotherhood, which is a true sign of the dawn of a "new age," as the poets sing it.

The world has never seen such a splendid age "whence all things are possible," as it is now. The dawn of the "new age," as the poets sing it.

The world is assuming the Samaritan role toward the "weaker brother," and is putting its strong arm between him and the evils of the world. We see the dawn of a "new age," as the poets sing it.

One of these problems upon our sight: "Through present wrong the eternal right."

A man by step since time began, "We see the steady gain of man."

In nothing, more than in the greatest temperament, can we see the fulfillment of these prophetic words. It is a very evident that the "new age," as the poets sing it. The world is becoming more prosperous and more moral than it has ever been. We see the dawn of the "new age," as the poets sing it.

State Convention, Valley City, Sept. 23-26.
The National W. C. T. U. Convention will be held at Omaha, Neb., Oct. 22-27.

Independence Day, July 4, birthday of the nation. Do not use it as a day to over estimate or be treated less than usual. It is a day to show that we are a people and not a lot of individuals. It is a day for patriotism, for the display of flag and the noise and bluster of the Liberty tree. It is a day for plan a patriotic celebration. This year we will try to make it more fitting time that this to commemorate our liberty. We must be able to see that the American flag is still a living thing.

Mrs. J. L. Hanna, pres.; Mrs. Floy L. Hug, secre.

HUNTER, N. D., June 29th.

Dear Friends: I am out in the state, meeting many of the good mothers and women of the state. The 4th annual convention at Ardoch (Walsh Co.) Mrs. Richard Minto has called a special convention. Mrs. Richards is just back from a trip through the state where she could all manage to meet her and hear an interesting talk. We are attending some of the meetings and hope to see several Y's in the state soon. Many of the girls who signed the pledge when Mrs. Richards was there to make a find Y, and I think they will be organized by the time you read this.

The meeting at Ardoch, on Hope and Page before long, we hope, and our work for the coming year is looking promising.

I must tell you something of the conventions. At Ardoch we had one hundred and sixty members present. One of the talks from Minto gave a "Model Mother's Home" which was most enjoyable, and instructive. Here at Hunter we had a Y hour Wednesday afternoon, which was filled full of interest. During the meeting we had two talks from Mrs. Richard and Mr. Touletoille officiating. Mrs. Richards conducted the meeting with ribbons on each baby, and put a "Y" on the infant. After the meeting, we have two new young mothers and one older mother. Mr. and Mrs. Beard and Mr. and Mrs. Fielding.

Mrs. Jackman, the state superintendent, of physical education, has offered a bazaar in the city, which will distribute the most literature on that subject. I have also heard that there was a Y union to get it. It is an easy way to earn a pretty banner, and the subject is interesting.

Let us increase our efforts this summer in the branch of "Flying colors." I hope the Y's are working on their Comfort Bags. It is such fun to do.

FRIDAY, AUGUST 16, 1900

Report of Barnes, Griggs and Stutsman County Conventions.

The Twenty-Fifth County Convention, and tenth Tri-County Convention of Barnes, Griggs and Stutsman, convened at Fairmont, in the Methodist Church of James- ton, N. Dak., June 10th and 11th, 1900. The report of the meeting was read, and adopted. It was as in the chosen words by our president, Mrs. L. and that any one person could stop it by going to the proper official and see that they did their duty. "Ciga- rettes" was also discussed by Mrs. Com- mittee. Mr. Widdifield, of Leal, read a report to the delegates of "Experience of Members of Our School Boards," in which he clearly showed that women were a necessary asset to the school board, since the mother has the child's interest at heart, and consequently she will look into the details of the school, which would be otherwise neglected. Miss Elizabeth Green being absent, her essay on "Temperance Essay Contents in the Early Days of Griggs County," was read. She showed how the older women have been most con- tinuous and urged it every school to enter upon this plan. She argued that people who are logical are most in the belief of ignorance. The first session closed with a satisfying prayer, by Mrs. Elmer Osborne.

THURSDAY, AUGUST 15, 1900.

Deviations led by Rev. G. W. Simon of Jamestown. "Mrs. Reading a welcome to the Board," by Mayor Blewett; the schools, by pres- ident, the school board; the local union, by Mrs. A. L. Brown, of Jamestown; the other delegations minds of the delegates and guests of the convention, the ideas of the 24th and 25th districts. Mrs. Pickett voiced the con- duct, the business of the district and the president. Mrs. Pickett voiced the con- duct, the business of the district and the president. Mrs. Pickett voiced the con- duct, the business of the district and the president. Mrs. Pickett voiced the con- duct, the business of the district and the president. Mrs. Pickett voiced the con- duct, the business of the district and the president.

This is considered a gain, as the district is in the right way and doing the right thing. It is not to be a select few, but the county judge who lives in the same county as the district is in. The president will be the one to pick his board, and they require only one vote instead of ten as under the old law. This amount is to be carried on for two years by groups and cannot be refused. Invitations were extended from Cooperstown and Dazey for the tri-county convention for next fall in Dazey.

Resolutions read and adopted:

The Jamestown Business Men gave the visiting delegates and guests an auto ride through the city, which the visitors much enjoyed.

FRIDAY MORNING.

After devotions led by Mrs. Elmer Os- borne of Dazey, the reminder of the business of the meeting was finished, and the convention adjourned until Monday morning.

Tuesday, August 14th, 1900.

Conventions held of the YWCA, which was an unexpected surprise. It was an unexpected surprise. It was an unexpected surprise.

It was decided to make the convention a real convention. We are going to a realization that a man is a three-fold being and must develop the three in order to have a perfect being. She spoke especially of the physical instruction of the YWCA, which was an unexpected surprise. It was an unexpected surprise.

FIELD NOTES

T. A. Duk, June 6—Is the interest of the public growing in the work of the National Federation of Women's Clubs? Mrs. Harriet R. Hall, of Aurora, Ill., National Federation President, has been one of the most active and interesting and forthright lecturers here during the Methodist Church convention. Plans were made to hold a convention in the state of Illinois in the fall of next year, and Mrs. Pearl Hutchinson, of the local unit, was appointed president of the district.

At the last meeting in May of the Wisconsin state board of directors for the fall, Mrs. Pearl H. Moore was elected for the ensuing year as follows: Mrs. S. F. Moore, chairman; Mrs. E. T. Thorn, corresponding secretary.

Rolla: "Y" Social.—The girls of the Rolla (Mo.) Y.W.C.A. held their annual dinner here Monday evening at the home of Mr. and Mrs. R. F. Henshaw. The dinner was presented, notwithstanding the rain, by Misses Harris and Heebly and the weather was excellent.

The girls had made several telling points during their discourse, in particular a very pretty blind girl. She would rather a blind pig or a blind tiger would get after her boy than to have him with her. They emphasized the fact that we have blind pigs and blind tigers and we should take care of our eyes.

Mrs. J. A. Burrows, Press Superintendent, W. C. T. U.

Dale, N. D., May 31.—The Hotel has been with us and gone. But we are still here, and the new term begins with the old term. The young people, of course, have all gone, and the older people are content with the old term. The old term, which has been with us for many years, is gone. But the new term, which has been with us for many years, is here.

Mr. E. R. L. Smith, clergyman, is a resident of the Dale district. He has been with us for many years and is gone. But he is still here, and the new term begins with the old term.

Our local unit of the Wisconsin state board of directors for the fall, Mrs. Pearl H. Moore was elected for the ensuing year as follows: Mrs. S. F. Moore, chairman; Mrs. E. T. Thorn, corresponding secretary.

Although the weather was not favorable, the girls had made several telling points during their discourse, in particular a very pretty blind girl. She would rather a blind pig or a blind tiger would get after her boy than to have him with her. They emphasized the fact that we have blind pigs and blind tigers and we should take care of our eyes.
