

COVID-19 cases and reporting procedures

87 total confirmed positive cases (84 students and 3 employees) reported to NDSU in the past two weeks as of 9 a.m., Monday, September 28. Of the students, 15 are in isolation in university housing.

119 students are currently in quarantine in university housing.

This is the number of confirmed positive cases that we know about. We are providing this information so our employees and students can be aware of the Covid-19 activity on the NDSU-Fargo campus. We are not including cases for COVID-19 positive people who have not been physically on the NDSU-Fargo campus during the previous 14 days.

Cases are reported to us a few ways, primarily through public health entities or individuals self reporting. Please see the links below for the procedures to self report.

There may be additional positive cases that have not been reported to NDSU.

NDSU does not have direct access to all the data of the people being tested. It takes a few days for the test results and notification processes to work.

Past mass testing events*

Date	Number tested*	Positives detected	Rate
Aug. 18-23	1664	33	2%
Sept. 1-2	1242	90	7.2%
Sept. 12	994	36	3.66%

*may include others beyond NDSU students and employees
