COVID-19 cases and reporting procedures

92 total confirmed positive cases (90 students and 2 employees) reported to NDSU in the past two weeks as of 9 a.m., Wednesday, September 2. Of the students, 15 are in isolation in university housing.

There are 89 students currently in quarantine in university housing.

This is the number of confirmed positive cases that we know about. We are providing this information so our employees and students can be aware of the Covid-19 activity on the NDSU-Fargo campus. We are not including cases for COVID-19 positive people who have not been physically on the NDSU-Fargo campus during the previous 14 days.

Cases are reported to us a few ways, primarily through public health entities or individuals self reporting. Please see the links below for the procedures to self report.

There may be additional positive cases that have not been reported to NDSU.

We will not violate patient confidentiality by revealing identities. If you were a close contact (<https://web.archive.org/web/20200903023355/https://www.ndresponse.gov/node/5640>) of a person who has tested positive, you will be contacted by a public health

The number of students in isolation or being quarantined in university housing is provided because we are housing them, but there may be other students or employees in isolation or in quarantine elsewhere.

We will update the numbers by noon each weekday, except for holidays that fall on weekdays.
