ADMINISTRATIVE HISTORY

In the 1916-1917 Bulletin the division of Architecture and Architectural Engineering is first reported. When the School of Mechanic Arts was established in 1917, the following divisions were established: architecture and architectural engineering, civil engineering, industrial engineering, mechanical engineering, and physics. The 1984-1986 Bulletin shows the addition of the Department of Landscape Architecture, which had been approved in 1983. As of the 1990-1992 Bulletin Architecture and Landscape Architecture have combined into a single department.

ARRANGEMENT

The records are arranged into the following series:

- 13.4.4.1 Departmental Background
- 13.4.4.2 Meetings
- 13.4.4.3 Committees, Task Forces, Commissions
- 13.4.4.4 Correspondence and Memoranda
- 13.4.4.5 Curriculum
- 13.4.4.6 Reports and Documents
- 13.4.4.7 Subjects
- 13.4.4.8 Publications
- 13.4.4.9 Recruitment/Public Relations

SCOPE AND CONTENT

The records are separated into nine series. The **Departmental Background** series consist of the first catalog entries for Architecture (1916-1917) and Landscape Architecture (1984-86), and some early articles on activities (1917-1929). The **Meetings** series include Department of Architecture faculty meetings (1985), Chairman's meetings (1993-1997), Dean's Council meetings (1992-1997), and Advisory Council minutes. The **Committees, Task Forces, Commissions** series contains information from the Affairs and Curriculum Committee (1992-1996), Academic Affairs Committee – proposed and approved course changes (1992-1994), College Committees (1995-1997), Advisory Council (1995, 1997), and Search Committees (1994-1998). The **Correspondence and Memoranda** includes VP for Academic Affairs correspondence (1993-1996), Dean's memos (1993-1997), and correspondence with NDSU President Plough (1995-1996). The **Curriculum** series contains two sub-series. The **Courses** sub-series (1982-1996), which may contain any combination of syllabi, notes, quizzes, tests, handouts, assignments and projects for courses in architecture and landscape architecture. The materials begin with architecture courses in the Summer 1982 and run through the spring quarter of 1995, with the bulk of the materials beginning in the fall of 1985. Materials for landscape architecture courses begin in the fall of 1985 and continue through the spring quarter of 1992. (The "quarter" system was in effect until spring 1992.) The sub-series is arranged chronologically and by course number. As of the fall of 1992 the semester system was instituted by NDSU). The **Theses** subseries (2001) consists of student thesis in partial fulfillment for their bachelor's degree. This sub-series is arranged alphabetically by author and is restricted. The **Reports and Documents** includes a 1993 self-evaluation with regards to the Americans with Disabilities Act, Annual Reports (1996-1997, 1997-1998), an Assessment Report (1993-1994), and Teaching Lead Analysis (1993-1994). Accreditation reports and information cover 1981-2000. The **Subject** series consists of assorted folders on a variety of topics arranged alphabetically. Of interest is information on a 1938 student exhibit and show; visiting lecture series (1970-1972), Forum 74 Ruritania (1974), Visiting Lecture Series (1970-71, 1992-95) and a program for the Beaux Arts awards ceremony (1994).

The **Publication** series consists of issues of *Foundation* (1988-1998, gaps) which showcases student works, copies of the *Cat's Eye* newsletter (1989-1990), and the Architecture and Landscape Architecture 1992-1993 yearbook. The **Recruitment/Public Relations** series contains brochures, booklets, and Fact Sheets on the Architecture and Landscape Architecture programs (1970s-2000s), information on the *Friends* program (1973-1997, gaps) and assorted VHS tapes from the 1990s.
