NAME \_\_\_\_\_ ADDRESS \_\_\_\_\_

Keep a copy of this form outside your home, perhaps in a safety-deposit box or with a financial adviser.

In addition to completing this inventory, photographing or videotaping your possessions provides further detail and also can be helpful for identification purposes. Keep a copy of the tape in a fire/flood-safe place. Check with local law enforcement offices for information on marking and registration of household articles.

Be sure to update this list as items are deleted or added.
