

Nominations sought for Chamber of Commerce NDSU Distinguished Professorship

Nominations are being sought for the 2001-02 Chamber of Commerce NDSU Distinguished Professorship. The Distinguished Professor will be selected in April and recognized May 23, at the annual awards luncheon of the Chamber of Commerce.

The award was designed to recognize NDSU faculty members (excluding deans, directors and vice presidents) who have reached an extraordinary level of distinction. The committee will judge nominees for this high honor on the basis of their performance and promise as scholars, teachers and/or artists during their time at NDSU. Substantial professional achievement by nominees leading to recognition, not only at NDSU and North Dakota, but nationally and internationally as well, will play a major role in guiding the committee's deliberations. Other characteristics of nominees that will contribute to their strengths as candidates include the following:

- Superior teaching and other types of interaction with students
- Significant publications or other scholarly contributions
- Awards, offices in national organizations and editorships
- Financial and other support for scholarly activities from external sources
- Substantial community service and/or outreach activity in the region.

Nominations will be accepted from any member of the university or Chamber communities. A letter of nomination addressing the above criteria along with a three-page resume and no more than three letters of support (one of which should specifically address service and outreach activities) should be sent to Tom Isern, committee chair, Minard 412C, on or before March 29.

For more information contact Isern at 799-2942 or committee members Will Bleier, 1-8421; Harriett Light, 1-7099; David Martin, 233-4347 ext. 16; or Margie Bailly, 239-8385.

Previous winners: Tom Isern, history, 2000; no award given, 1999; Will Bleier, zoology, 1998; no award given, 1997; Jay Leitch, agricultural economics, 1996; Gregory McCarthy, chemistry, 1995; Larry Leistritz, agricultural economics, 1994; James Grier, zoology, 1993; John Enderle, electrical engineering, 1992; James Tilton, animal and range sciences, 1991; David Danbom, history, 1990; Allan Ashworth, geosciences, 1989; Harriett Light, child development and family science, 1988; Mark Gordon, chemistry, 1987; Karl Lucken, agronomy, 1986; Philip Boudjouk, chemistry, 1985; Bert D'Appolonia, cereal science and food technology, 1984; no award given, 1983; Ithel A. Schipper, veterinary science, 1982; Zeno Wicks, polymers and coatings, 1981; Gabriel W. Comita, zoology, 1980; John Nalewaja, agronomy, 1979; S. S. Mann, agronomy, 1978.

Legislative forum set for March 3

The next community legislative forum is planned for 10 a.m. March 3 in the commission chambers of City Hall. It's sponsored by the Chamber of Commerce and the League of Women Voters.

Varsity Mart plans sidewalk sale

The Varsity Mart has scheduled a sidewalk sale for 9 a.m.-4 p.m. Wednesday through Friday, Feb. 28-March 2. Clothing, books, gifts, supplies and miscellaneous items will be on sale.

New Americans sewing workshop wins award

The "Economic Opportunities for New Americans: Skill Development for the Sewn Product Industry" workshop organized by faculty in the Department of Apparel, Textiles and Interior Design received the Outstanding Project Award from the WesMin Resource, Conservation and Development Council. The workshop was honored during a Feb. 14 plaque presentation as a unique project to assist Fargo-Moorhead new Americans, many of whom have come to the area from countries experiencing political strife.

WesMin RC&D, along with the Lake Agassiz Regional Council, provided funding to the project, which was an effort to assess the new Americans' sewing skills and their job market opportunities in the apparels, textiles and interior design industry. The workshop, held June 3, attracted 37 refugees from six countries, including Bosnia, Burundi, Haiti, Sierre Leone, Somalia and Sudan.

"It was found that many of the new American women had very limited educational opportunities in their home countries. However, they want to move forward and gain employment," said Holly Bastow-Shoop, professor and chair of apparel, textiles and interior design.

Training materials were made available in French, Bosnian and English. "The project provided us an opportunity to see what these people are up against," Bastow-Shoop said. "Many of them came to this country with nothing and it was eye-opening to see their struggles as they try to better themselves."

Participants' abilities were assessed and they were informed about opportunities in custom sewing, tailoring and alterations, draperies, upholstery and commercial embroidery. They also learned about fabric identification, and used sewing machines and tools common in the American apparel and textile industry.

Bastow-Shoop adds that she hopes the workshop serves as a "mechanism for entrepreneurship" for the new Americans, and perhaps incubator businesses could be developed where these people support each other.

Additional phases of the project are planned for the future, which would allow for exploration and, perhaps, expansion into some form of entrepreneurial opportunity for the new Americans.

Also involved in the project are Linda Manikowske, assistant professor of apparel, textiles and interior design; Ann Braaten, senior lecturer of apparel, textiles and interior design; Gerri Leach, Center for New Americans; Carol Okigbo, Lutheran Social Services; Ruth Gulbrandson, retired Extension state clothing specialist; and Ilo Leiseth, lecturer of apparel, textiles and interior design and retired Oak Grove High School home economics teacher.

Germans from Russia Heritage Collection Web site redesigned

The Germans from Russia Heritage Collection's Web site has a new address, design and navigation. It can be found at www.lib.ndsu.nodak.edu/grhc.

The site's five main sections are General Information, History/Culture, Media, Order and Outreach. The front page also includes quick links to News, Recent Books, Donate, Guestbook, Links, Mission, Tours, Audio Interview Clips, Listserves, NDSU Library Catalog and Video Clips.

"Audio Interview Clips" include three audio clips from an interview with Rosa Hochstein Kuntz, Bismarck, N.D., who was born in a South Russia German village. More audio interview clips will be added in the future as part of the Oral History Project.

The Video Clips section will have items for viewing later this spring. It is expected to include videotape from the "Journey to the Homeland Tours" to the Glueckstal and Kutschurgan villages near Odessa, Ukraine, and documentary filming in the Dakotas.

For additional information about the Website, contact Michael M. Miller, bibliographer, at 1-8416 or Michael_Miller@ndsu.nodak.edu.

Upward Bound program available to local high school students

Fifty Fargo public high school students 13 to 19 years of age can earn \$30 to \$60 each month by participating in an academic program at NDSU called Upward Bound. The program is provided free of charge through a \$200,000 grant from the U.S. Department of Education. The program serves students from families where neither parent holds a bachelor's degree and also students from families that meet federal income eligibility guidelines.

The Upward Bound program provides assistance to high school students to generate the skills and motivation needed to complete their high school degrees and succeed in college. Upward Bound provides intensive academic instruction and support to participants on the NDSU campus during a five-week summer program, after school and once a month on Saturdays during the academic year. Project services include tutoring, counseling, cultural enrichment activities, field trips and instruction in math, science, foreign languages, composition and literature.

Students who have completed the eighth grade and are attending the following schools are encouraged to apply: Ben Franklin Junior High School, Discovery Junior High School, Fargo North High School, Fargo South High School and Woodrow Wilson Community High School.

For more information or to apply, call the office of TRIO programs at 1-8028 or the program director at 1-8090.

Staff Senate sets scholarship deadline

The deadline for NDSU classified staff and children of NDSU classified staff scholarships for 2001-02 is April 2. To be eligible, classified staff applicants must be pursuing an undergraduate or graduate degree; children of classified staff applicants must be pursuing an undergraduate degree.

Applications are available in the Financial Aid Office, Ceres 202. The forms also are online at www.ndsu.edu/admission/staff_senate/.

NDSU offers early entry opportunities for area high school students

The Early Entry Program at NDSU allows high school students to take courses while completing their high school graduation requirements. It also gives them the opportunity to explore various career interests while gaining actual college credit in a variety of fields.

Early Entry students can take up to two classes (seven credits) per semester in any freshman-level courses and pay part-time student tuition and fees. A sample of courses an Early Entry student might choose includes: freshman English, Introduction to Sociology, Introduction to Psychology, College Algebra, Biology, Chemistry or Modern Languages.

In addition, college courses may substitute for courses required for high school graduation. To do so, the student must initiate the Dual Credit Enrollment Application with the high school counselor to count the college credit toward high school graduation requirements. College credits do not become official until the student's high school sends a final high school transcript to the Office of Admission. College credits may then be applied to a degree program at NDSU or transferred to another college or university.

Students who have completed their junior year of high school and have earned a cumulative grade point average of 3.5 or greater are ideal for this program. However, any interested student may apply and will be considered on an individual basis. To apply to the program students must submit:

- Regular application for admission, including College Preparatory Course Report Form
- Non-refundable \$25 application fee
- Official high school transcript
- Early Entry permission form
- Dual Credit Enrollment Application (if necessary)

Application materials are available in the NDSU Office of Admission in 124 Ceres Hall. All application materials should be completed and returned to the Office of Admission by June 1. In order to take Early Entry courses during the summer, students should apply for admission at least one month prior to the start of the course. Students who plan to continue their higher education at NDSU do not need to re-apply for admission to the university.

To learn more about the program, students should contact their high school guidance counselor or the NDSU Office of Admission at 1-8643 or by e-mail at NDSU_Admission@ndsu.nodak.edu.

People

Corrosion group members attend corrosion program review

Twelve members of the NDSU interdisciplinary Corrosion/Coatings Research Group attended the annual Corrosion Program review for the Air Force Office of Scientific Research in Duck Key, Fla.

The group presented the research it is doing entitled "Environmentally Compliant Corrosion Protective Aircraft Coatings." The work focuses on the difficulties of protecting older aircraft alloys, especially Al 2024 T-3 and Al 7075 T-6, which currently require chromate-based pretreatments and coatings pigmented with chromates.

The NDSU group is the only research group in the United States that performs multifaceted interdisciplinary work on all pertinent aspects of coatings and corrosion science pertinent to advanced coatings characterization and development. The work includes sophisticated electrochemistry, highly developed coatings science, advanced coatings polymer design and synthesis and innovative electrochemical instrumentation development.

Attending the meeting were Gordon Bierwagen, principal investigator, professor and chair of polymers and coatings, and his graduate students Lingyun He and Junping Li; Dennis Tallman, co-principal investigator and professor of chemistry, and his postdoctoral associate Xiaofan Yang and graduate student Vicki Gelling; Philip Boudjouk, co-principal investigator and vice president for research, creative activities and technology transfer, and his postdoctoral associates Thomas Ready and Seok-Bong Choi; David Farden, co-principal investigator and professor of electrical and computer engineering; Stuart Croll, co-principal investigator and professor of polymers and coatings; and Zhengong Zong, postdoctoral associate working with Mukund Sibi, co-principal investigator and professor of chemistry. The faculty members made oral presentations while the post-doctoral researchers and graduate students made poster presentations.

Mueller to present recital

Neil Mueller, assistant professor of music, and Michael Olson, organist at First Lutheran Church, Fargo, are scheduled to present a trumpet and organ recital at 4 p.m. Sunday, March 4, at First Lutheran Church. They will perform music by Handel, Jan Koetsier, Giambattista Martini, Petr Eben, Alan Hovhaness and Maurice Ravel. There is no admission charge.

A native of South Dakota, Mueller has been active on the East Coast as a soloist and chamber and symphonic musician. He received his bachelor's degree at Concordia College, his master's degree at Yale University and his doctorate at Boston University's School for the Arts.

Horvik directs Harwood Prairie Playhouse production

Horvik

Lori Horvik, assistant professor of theatre arts, is directing the March production of "The Amorous Ambassador" for the Harwood Prairie Playhouse. The production runs at 7:30 p.m. March 15-17, 22-24 and 29-31, in Dawson Hall at West Fargo's Bonanzaville. Call 277-0558 for ticket information.

This is the 17th season of production for the Harwood Prairie Playhouse, which is a nonprofit theatrical organization. Horvik is on its board of directors.

Horvik joined the faculty at NDSU in 1995. She teaches acting, directing and dramatic literature classes and serves as the director of box office and promotions for the Little Country Theatre, the producing arm of the Department of Theatre Arts. Before coming to NDSU, Horvik was a member of the company, artistic staff and board of directors of the Playwright's Center of Chicago, where she directed the world premiere of Jane's Chair, the winner of the High School Playwriting Contest sponsored by Pegasus Players. She also worked as the group sales coordinator at the Goodman Theatre and taught stage management at Loyola University. Horvik is a member of Actors' Equity Association and does freelance directing and stage management. Since returning to the Fargo-Moorhead area, she has directed productions at the Fargo Moorhead Community Theatre and the Harwood Prairie Playhouse as well as at NDSU.

NDSU student selected for national accountancy workshop

Corey Hager, a senior majoring in accountancy, has been selected to represent NDSU at the 2001 Accounting Scholars Leadership Workshop sponsored by the American Institute of Certified Public Accountants June 21-24 in Scottsdale, Ariz.

The program, co-sponsored by the AICPA Student Affiliate Program and Minority Initiatives Committee, is designed to strengthen student leadership, team building and presentation/communication skills.

"For the second time in the last three years, a student in NDSU's accounting program has been selected to attend this workshop," said James Hansen, associate professor of accounting and campus liaison for the organization's student affiliate program. "There are only 25 student affiliate members expected to participate, and NDSU has been chosen as one of schools to have a student attend. With several hundred accounting programs in the country, we feel proud that NDSU gets to pick a student for the second time."

Hager, the son of Gary and Andrea Hager, Kenmare, N.D., said, "I was surprised and honored to be selected. This is going to be my first plane ride and I'm excited to get to a different part of the country and learn as much as I can at the seminar. I am really looking forward to it."

Next fall, Hager is expected to share workshop materials with the NDSU Accounting Club, students and the community.

Masters Week schedules announced

The eighth annual NDSU Masters Week is scheduled for March 5-8. Masters Week is sponsored by the NDSU Alumni Association in cooperation with individual colleges and is a chance to educate students by introducing them to successful alumni and an opportunity to recognize and honor outstanding alumni. The Masters will share their career-related experiences and knowledge with many audiences while visiting campus. Each Master will have the opportunity to meet with and present to students, faculty, staff and the NDSU community. The classroom presentations and seminars listed below are free and open to the public. For more information or a detailed schedule of activities, call Liz Christianson at the Alumni Association at 1-6811.

James H. Wallace Master of the College of Engineering and Architecture Monday, March 5

Wallace

James H. Wallace graduated with a bachelor of science degree in electrical engineering from NDSU in 1963. He continued his formal education, earning an MBA from the University of Iowa and completed the Owner/President/Manager (OPM) Program at Harvard University.

Wallace is president and CEO of Cranel Inc., a company he founded in 1985. Cranel is a leading storage and imaging solutions provider, offering best in class product, along with professional consulting services. Wallace is responsible for setting the vision and goals, as well as providing overall strategic direction for the company. Under his direction, Cranel has experienced consistent growth, doubling its business every three years. Today, it is a \$120 million-plus company.

Prior to founding Cranel Inc., his professional career encompassed positions in engineering and sales. Wallace also founded two other companies prior to Cranel Inc. He currently serves on the Advisory Board of the NDSU College of Engineering and Architecture and the Center for Innovation at the University of North Dakota.

Wallace will speak to students, faculty and staff at 3 p.m. in the CME auditorium.

John W. Hoganson Master of the College of Science and Mathematics Monday, March 5

Hoganson

John W. Hoganson was the first to graduate from the earth science program at NDSU in 1970. He continued his education at University of Florida, receiving a master's degree in geology in 1972 and a doctorate from the University of North Dakota in 1985. He is currently employed as a paleontologist with the North Dakota Geological Survey and curator of the State Fossil Collection at the North Dakota State Heritage Center, Bismarck.

Prior to his position at the Heritage Center, Hoganson was a geology instructor of graduate level courses at UND. He also has industrial experience as a micropaleontologist/biostratigrapher for Union Oil Co. of California, Gulf Region, Houston, Texas.

Hoganson received an award from the United States Forest Service, Custer National Forest in 1996 for efforts in management of North Dakota fossil resources and in 1993 was presented the N.D. Governor's Award for Excellence in Public Service. He has numerous publications to his credit including book chapters, journal articles and abstracts.

Hoganson will present "Life in the Crustaceous Sea. When Giant Swimming Reptiles and Sharks Swam in the North Dakota Seas," from 1-2 p.m. in Stevens Hall Auditorium.

Tama Duffy
Master of the College of Human Development and Education
Tuesday, March 6

Duffy

Tama Duffy received a bachelor of science in design from NDSU in 1980. She is currently vice president and principal of Perkins & Will, New York, where she is responsible for health-care design practice. Perkins & Will, founded in 1935, is a full-service architecture and interior design firm with a reputation for working with clients to transform program goals into unique and meaningful design solutions. In 1999, Perkins & Will was named Firm of the Year by the American Institute of Architects, the highest honor the professional organization confers on architecture firms.

Duffy's professional career started in 1980 with Vosbeek Associates as an interior designer in Minneapolis. In 1982, she joined Ellerbe Becket, Minneapolis, as vice president and senior designer, and then moved to the New York office as vice president and head of interiors. Before joining Perkins & Will in 1992, she was an independent consultant.

Duffy has received many honors for her work and was recently recognized by the Center of Healthcare Design with the 2000 Health Environment Award for her work at Greenwich Hospital, Greenwich, Conn. She is an active speaker, guest lecturer and panelist at various conferences. Duffy also has many publications with her most recent being in August 2000, in Wood Digest.

Duffy will give a presentation the HDE 320 Professional Issues Class at 1 p.m. in Century Theater.

Ronald K. Strand
Master of the College of Business Administration
Tuesday, March 6

Strand

Ronald K. Strand received a bachelor of science degree in business/economics from NDSU in 1968. Strand is currently vice chairman - chief operating officer of Community First Bankshares Inc., a \$6 billion multibank holding company headquartered in Fargo, that was formed in 1987 to acquire 21 banks in Minnesota, South Dakota and North Dakota from First Bank System. Today, the company serves 155 communities in 12 states.

Strand began his banking career in 1972 with Norwest Corp. where he served as vice president in Moorhead; senior vice president in Jamestown, N.D.; and president in Wahpeton, N.D. In 1988, he joined Community First as president in Wahpeton; then as interim president of Community First National Bank, Fargo; regional manager for the holding company; and executive vice president - banking group.

Strand is involved in various community activities such as Elks, Greater North Dakota Association, C-400, United Way, Wahpeton/Breckenridge Endowment Fund, Rotary and the NDSU College of Business Advancement Committee.

During his visit, Strand will be speaking with four classes and also will meet with student leaders from the College of Business Administration.

John E. Friend
Master of the College of Pharmacy
Tuesday and Wednesday, March 6 and 7

Friend

John E. Friend received a bachelor of science in pharmacy in 1968 from NDSU and a master of science in 1971 from University of Iowa, Iowa City. Currently, Friend is vice president of Regulatory Affairs and Quality Systems, Worldwide for Advanced Sterilization Products (A Johnson & Johnson Company) in Irvine, Calif. He is responsible for regulatory strategies and quality systems for all products and services, generating revenue in excess of \$200 million per year.

After completing his pharmacy internship and hospital pharmacy residency at Veterans Administration Hospital, Iowa City, Iowa, Friend started his career at Baxter/Travenol Corp, Morton Grove, Ill., as senior clinical research coordinator in 1971. His 30-year career in pharmacy includes working with such companies as Rowell Laboratories Inc., Janssen Pharmaceutica Inc., G.D. Searle and The Health Care Division of Monsanto Co., and several affiliates of the Johnson & Johnson Co.

Friend is well accepted by the regulatory authorities around the world as demonstrated by a track record of new product approvals and successful regulatory compliance negotiations. He has demonstrated management skills in building organizations, developing personnel and managing departments on a worldwide basis.

Friend has written numerous publications about amino acid stability in commercially available protein hydrolysate solutions, device and drug regulatory affairs and compliance. He also has two training manuals published by Regulatory Information Associates, Milltown, N.J.

Friend will give a presentation about the opportunities and career paths available in the pharmacy field at 12:45 p.m. and 2:45 p.m. in Sudro 27

Michael D. Gustafson
Master of the College of Agriculture
Wednesday, March 7

Gustafson

Michael D. Gustafson graduated from NDSU in 1970 with a bachelor's degree in agriculture mechanization. He continued his education at NDSU and received a master's degree in agriculture mechanization and a teaching certificate in vocational agriculture in 1972.

Gustafson is the president/CEO of Cass County Electric Cooperative Inc., Kindred, N.D. This position within the rural electric industry has allowed him access to a strong network of economic development information and varied experiences throughout the United States.

His career in the rural electric program began in 1973 at Sheyenne Valley Electric Cooperative, Finley, N.D., and then moved to Cass County Electric in 1977. At Cass County electric, Gustafson has served as director of member and public relations, and the general manager. During the late 1970s he influenced the development of Minnkota's load control program, now recognized as a world-class utility operation. He received the Statewide Cooperative Leadership Award in 1987, the GNDA Community Leadership Award in 1993 and the GNDA Business and Industrial Development Award in 1995.

With more than 27 years of experience in the rural electric program, he brings the ability to focus on the future and create results through his creative management style.

He will present "An Alumnus' Perspective of the New Economy Initiative" from 2:30-3:30 p.m. in the Northern Crops Institute Auditorium. A reception, hosted by the College of Agriculture, is scheduled for 3:30 p.m. in the Northern Crops Institute Lobby.

Leo Kim
Master of the College of Arts, Humanities, and Social Sciences
Thursday, March 8

Kim

Leo Kim received a degree from NDSU in 1975 in university studies with an emphasis in design. Previous to his time at NDSU, Kim studied art history at the University of Vienna, Austria. He is owner of Leo Kim Photography based in Minneapolis, specializing in illustration photography for clients. Kim does corporate work, both in studio and on location for companies including American Express,

Dupont, Fairview Hospitals of Minneapolis, Federal Reserve Bank of Minneapolis, Honeywell, Medtronics, Wells Fargo Bank, Rockwell International and the University of Minnesota.

For the past 26 years, America's Great Plains have proven fertile ground for Kim's artistic and commercial development. Kim began his career as a newspaper and magazine freelancer. He worked as a volunteer on a North Dakota Indian reservation, helping to start a newspaper.

His ability to find elegance in the mundane has helped him earn many awards throughout his career. His most recent accolade was in June of 2000 when his North Dakota photo project article was featured in the Minneapolis Star Tribune. He also participated in a solo photo show at Carver and Beard Gallery in Bloomington, Minn., in 2000. In 1994, he received a Gold Award for corporate photography from Photo/Design magazine, New York.

Kim will give a presentation to the Intro to Visual Arts Class from 12:30-1:50 p.m. in Beckwith Recital Hall.

Bromley exhibits in Cando

Through March 4, the Cando Art Center, Cando, N.D., is presenting "The Badlands," an exhibition of paintings by Kimble Bromley, assistant professor of art. This is the final venue for this exhibition in a yearlong tour across North Dakota. Bromley spent a short residency in the Badlands of South Dakota in 1997, painting approximately 30 oils, acrylics and pastels.

Events

Catherine Cater lecture planned for March 8

Bollinger

Lee C. Bollinger, president of the University of Michigan, Ann Arbor, and a faculty member of the law school, is scheduled to present the 2001 Catherine Cater Lecture in the Humanities. His talk, "The University: What are we good for?" is scheduled for 8 p.m. Thursday, March 8, in Askanase Auditorium. The lecture, which is part of the Lyceum of the Liberal Arts, is free and open to the public.

Bollinger is a graduate of the University of Oregon and Columbia Law School. After serving as a law clerk for Judge Wilfred Feinberg of the U.S. Court of Appeals for the Second Circuit and for Chief Justice Warren Burger of the U.S. Supreme Court, he joined the faculty of the University of Michigan Law School in 1973 and was named dean in 1987. He became provost of Dartmouth College and professor of government in 1994 and was named the 12th president of the University of Michigan in 1996.

His primary teaching and scholarly interests are free speech and first amendment issues, and he has published numerous books, articles and essays in scholarly journals. His acclaimed contributions to first amendment literature include "Images of a Free Press" and "The Tolerant Society: Freedom of Speech and Extremist Speech in America." He is a fellow of the American Academy of Arts and Sciences and a member of the Boards of the Gerald R. Ford Foundation and the Royal Shakespeare Company.

The Cater Humanities Lecture Series was established primarily through a gift from Dr. and Mrs. R.W. Askanase of Houston, Texas, in honor of Catherine Cater, longtime professor of English and the humanities at NDSU, now a professor emerita.

The Lyceum of the Liberal Arts is presented through the cooperation and sponsorship of the North Dakota Humanities Council, the Poets and Writers Association, the National Endowment for the Humanities and NDSU.

For more information call Karen Bjellum at 1-8338.

Stockholm Syndrome to be topic of brown bag seminar

Michelle M. Richter, counselor at Counseling and Disability Services, is scheduled to present "Traumatic Bonding and the Development of the Stockholm Syndrome," at noon Wednesday, March 7, in the Memorial Union Prairie Rose Room.

Richter will define Stockholm Syndrome, when a victim chooses to stay in an abusive relationship because the victim believes he or she is in love with the abuser. She also will discuss what causes the phenomenon and how healing can take place.

For more information, contact the YMCA of NDSU at 235-8772.

New employee orientation planned for March 8

New employees are invited to attend an orientation session from 8:15-11:30 a.m. Thursday, March 8, in the Alumni Center Reimers Room. The session has been organized by the Office of Human Resources. Employees who have not attended a new staff orientation are also welcome to attend. Requests for accommodations related to disability can be made to Brittnee Steckler at 1-8961.

College of Business Administration offers executive education seminars

The College of Business Administration has scheduled a series of spring seminars titled "Executive Education at NDSU" for business professionals in the region. Key concepts of the program include corporate finance and venture capital; sales and marketing for executives; and current issues for managers and their culturally diverse work forces.

Benjamin Brussell, vice president of corporate development for Plantronics Corp., is scheduled to present the first seminar in the series from 1-8 p.m. Thursday, March 15, in the NDSU Alumni Center. Brussell's session, "Corporate Finance and Venture Capital," will discuss valuation (establishing the value of an asset or company); structuring corporate acquisitions; and assessing venture capital in the ever-changing technology industry. The event is sponsored by Convexity, Ilc., eBusiness specialists; Brent Teiken, CEO.

Brussell received his bachelor's degree from Wesleyan University and his master's degree from the Massachusetts Institute of Technology's Sloan School of Management. Plantronics Corp. is a California-based manufacturer of headsets for telephones and computer games. It has offices in 19 countries, with major facilities in Chattanooga, Tenn.; Wonton Basset, England; and Hoofddorp, Netherlands.

Brussell formerly was vice president for corporate finance with Solomon Brothers, New York, and vice president of corporate development for StorageTek, a manufacturer of computer information storage products. He also has served on the board of directors of several technology companies and currently is on the board of Dot Hill Systems, a manufacturer of Internet data storage solutions. He lives in Boulder, Colo.

Each workshop in the series is limited to 20 participants to encourage interaction with the presenters, and a social hour and lunch/dinner follows each workshop. The cost is \$495. Program and registration information is available online at www.ndsu.edu/cba/execed/.

Memorial Union Gallery features contemporary quilt exhibit

The NDSU Memorial Union Gallery is featuring quilts with a North Dakota theme by "Lunch Ladies" through March 28.

Kim Lawonn, Kathy Laid, Coni Lamb and Susan Duffy are creative quilters who get together once a month to share ideas, advice, inspiration and motivation. The group has called itself "Creative Hands" and "Just Four," but its name has evolved to reflect that members take turns hosting monthly gatherings. "While 'Lunch Ladies' doesn't sound too creative, it's easy to remember," said Laid, administrative assistant in NDSU Publications Services.

Since the quilters are all native North Dakotans, their work reflects memories and experiences in the state. Lawonn's piece, "Prairie Wheat," features round hay bales she saw while driving down the highway. Laid's "Lone Elevator" depicts the declining farm economy and the empty elevators we often see. Lamb's "Row Crops" and "Row Crops Close Up" feature corn crops. Duffy's "Sunflower" shows a lone flower by a picket fence before a summer storm.

Other pieces depict winter, spring, county fairs, lemon meringue pie, aerial crop views, fish, flowers, square dances and log cabins. Although the Lunch Ladies collaborated on four quilts in the show, the others were done individually. Some pieces took up to a year to complete.

For more information about the exhibit or for Gallery hours, call Peg Furshong at 1-8239.

Surplus bid sale set for March 9

A surplus property spot-bid sale is planned for noon-2 p.m. Saturday, March 9, at the Auxiliary Enterprises Annex on Bolley Drive. Examples of items for sale include assorted wooden cabinets, furniture items and computers. NDSU does not warranty any of the items for any purpose. It is understood that all items offered for sale are "as-is, where-is." All items are to be sold without minimum bids. Bid forms will be available at time of inspection. Terms of sale are cash or check upon pickup of items.

For more information, contact Peter Hart at 1-8348.

NDSU participates in eating disorders awareness week

Several NDSU groups have prepared activities for "Eating Disorders Awareness Week" Feb. 25-March 4. Sponsored by Eating Disorders Awareness and Prevention Inc., events are organized by more than 500 health professionals and educators across the country to promote healthy body image and self-esteem to thousands of participants in communities and on college campuses.

According to Marlys Borkhuis, counselor at NDSU, "It is important to remember that eating disorders do not discriminate. It is estimated that 8 million females and 1 million males in the United States currently struggle with eating disorders. In many minority communities, anorexia and bulimia are on the rise.

"The theme for the week is 'Every Body is Beautiful.' We plan to celebrate the diversity of people from every ethnicity, size, age and gender," Borkhuis said. "The emphasis this year is on teaching everyone to celebrate the diversity of every body."

Various NDSU organizations will be involved in activities or programs during the week. The Psychology Club will be conduct a survey on body image with results to be published at a later date. The Student Dietetics Association will have an information table in the union focusing on "normal eating."

Abby Gold, lecturer of food and nutrition, is scheduled to make a presentation at 7 p.m. Wednesday, Feb. 28, in the Memorial Union Meadow Lark Room.

Sorority Educators of Disordered Eating will post displays in the union to highlight eating disorders, and volunteers will disperse fliers and informative brochures to residence halls, Greek houses and the Memorial Union.

For more information contact Borkhuis at the Counseling and Disability Services office, or call 1-7671.

Students interested in more information on eating disorders are welcome to visit the Counseling and Disability Services office, Ceres 212. Counselors will be available to answer questions, and if needed, make referrals.

Family Weekend set for Sept. 28-29

NDSU's sixth annual Family Weekend is scheduled for Sept. 28-29. Any colleges or departments with events taking place that weekend may have the events listed in the Family Weekend schedule. Forward the information to Nancy Mueller at Nancy_Mueller@ndsu.nodak.edu or call her at 1-8379.

"We're excited to collaborate Family Weekend events with events already in place from colleges or departments," Mueller said. "We look forward to another successful Family Weekend at NDSU."

Continuing ed programs to focus on personality, abused children

NDSU Continuing Education has scheduled two spring seminars for counselors, nurses, mental health professionals, clergy and parents.

"The Trouble with Personality: Encounters with Exploitive Personalities" is scheduled for 9 a.m.-4 p.m. Tuesday, April 3, at the Fargo Expressway Inn, I-94 and University Drive.

The workshop will provide information about the variety of personality disorders and their impact on professionals. The morning session will cover an overview of personality theory, the spectrum of "normal" to "disordered" personality, biological factors in the development of personality and how stress affects personality. In the afternoon session, the antisocial, borderline and narcissistic personality disorders will be discussed in detail. Suicide risks, treatments and responses to the exploitive personality will be covered.

"Therapeutic Interactions with Abused or Traumatized Children" is scheduled for 9 a.m.-4 p.m. Tuesday, May 8, at the Expressway Inn. This workshop will provide information about therapeutic approaches to treatment of children who have experienced abuse or other forms of trauma. The morning session will define what constitutes trauma and will explore the impact of trauma upon child development, the differences between rights and privileges, a child's character, resiliency and magical thinking. The afternoon session will focus on the development of trauma symptoms and the introduction of specific therapy techniques.

Terence W. Barrett will present both the seminars. He received his bachelor's degree in psychology from the College of Wooster, Ohio, and earned advanced degrees at the University of Southern California, NDSU and the University of North Dakota. He is a licensed psychologist and lives in Fargo. His experience includes working with adult survivors of childhood trauma, war veterans, sexuals assault, incest, torture survivors and children of adult alcoholics.

Individually, the seminars cost \$89, or both may be taken for \$158. To register, contact Beth Ambrosio at 1-7015.

Shorts and Reminders

Maher, Thorsen receive 'Campus Kudos'

Staff Senate presented George Maher and Teri Thorsen with "Campus Kudos" awards for their presentations to the group. Maher spoke in January about safety and survival, and Thorsen gave a presentation in February about salaries at NDSU.

Quantity foods meal

The Quantity Foods class is planning a meal at noon Thursday, March 8, in West Dining Center. The menu will include Native American tacos, wild rice soup and pumpkin bars. The cost is \$5.40, or free to those on a meal plan. To make a reservation, call 1-7023.

Union Food Court specials Feb. 28-March 7

The Corner Deli

Wednesday: chicken Caesar wrap
Thursday: pastrami
Friday: corned beef
Monday: turkey
Tuesday: Italian combo
Wednesday: All American wrap

More Than a Burger

Wednesday: fish sandwich
Thursday: bacon cheeseburger
Friday: 1/4 pound hamburger
Monday: popcorn chicken
Tuesday: 1/4 pound hamburger
Wednesday: mushroom Swiss burger

A La Carte

Wednesday: sweet and sour chicken
Thursday: big Texan salad
Friday: hot meat loaf sandwich
Monday: fleischkuekle
Tuesday: pasta bar
Wednesday: chicken chow mein

Pizza Express

Wednesday: farmhouse
Thursday: Red River
Friday: Hawaiian
Monday: bacon cheeseburger
Tuesday: taco
Wednesday: creamy garlic chicken

*Items are subject to change without notice.

Call the Dining Services Lunch Line at 1-9501 to check out the daily specials. Questions or comments may be dropped in the suggestion boxes located in each dining center and the Union Food Court or call Kristina at the Union Buffet at 1-8122.

Positions available

Positions open and closing dates through the Office of Human Resources, Room 205, Old Main:

Dispatcher/Clerk/#4747
(Monday-Friday; 4 p.m.-midnight)
Physical Plant
\$17,500 minimum/year
March 6

Receptionist/Clerk/#557 (re-opened)
Registrar's Office
\$18,000/year
March 7 or until filled

Pizza Attendant/#4532
12-month position
9 a.m.-5:30 p.m.; (Monday-Friday; some evenings and weekends)
Dining Services – Union Dining Center
\$7.25 minimum/hour
Feb. 16 (internal); Feb. 27 (external)

Catering Attendant
(Per Diem; some evening and weekends)
Dining Services – Memorial Union
\$6.75/hour
Open until filled

Custodian/#987
(3:30 p.m.-midnight; Monday-Friday- requires periodic weekend overtime)
Physical Plant
\$15,912 minimum/year
March 1

Hall Director
Residence Life
\$20,000/year plus furnished apartment, meal plan, fringe benefits and limited tuition waiver
12-month contract
March 4

Coordinator of Greek Life/#0542
Memorial Union
\$29,000+/year
March 19

Graphic Designer/#749
Publication Services
Salary commensurate with experience
Open until filled

Research Specialist/#1374
Animal and Range Science
\$26,000+/year
Feb. 28

Research Technician/#5111/#5118
Animal and Range Sciences
\$26,000+/year commensurate with education and experience
Open until filled

Position openings also are available through the NDSU Web site at www.ndsu.edu/hr/.

Research Opportunities

The Office of Research Administration in Old Main 201K announces the following funding opportunities and deadlines. For more information, refer to the Web site or contact person provided below. For information about other grant opportunities, you may conduct an online funding search via SPIN, available at www.ndsu.nodak.edu/ndsu/sizer/SPINPlus/SPINPlus.htm.

American Cancer Society Grant Programs www.cancer.org

Deadlines: vary by program, two cycles annually

The American Cancer Society support basic, preclinical, clinical, cancer control, health services, health policy, psychosocial, behavioral and epidemiologic research. Programs include Research Scholar Grants in Psychosocial and Behavioral Research for Beginning and Senior Investigators, Research Scholar Grants in Health Services, Health Policy and Outcomes Research for Beginning and Senior Investigators, Research Scholar Grants for Beginning Investigators, Clinical Research Training Grants for Junior Faculty, Postdoctoral Fellowships and Cancer Research Directed at the Poor and Underserved.

U.S. Department of Education Small Business Innovation Research Program www.ed.gov/offices/OIRI/SBIR

Deadline: April 18 for short-term feasibility studies

The Education Department's SBIR program traditionally has focused on developing technologies and applications for individuals with disabilities. The recently announced 2001 competition continues the emphasis, but also spans topics as disparate as weapons detection and technologies to improve pressure garments for burn survivors. A small business must be involved in proposals targeted for this program.

National Cancer Institute Cancer Scholars Program <http://grants.nih.gov/grants/guide/rfa-files/RFA-CA-01-026.html>

Deadline: May 8 for letters of intent; June 12 for applications

The National Cancer Institute of the National Institutes of Health is inviting applications to help outstanding new investigators launch independent research careers under a two-stage program of intramural support at the National Institutes of Health, followed by support at an extramural institution. Eligible are individuals with a research or health professional doctorate or equivalent and with no more than five years of postdoctoral research training.

National Institute of General Medical Sciences National Institute on Deafness and Other Communicative Disorders

**National Human Genome Research Institute
Single Molecule Detection and Manipulation
<http://grants.nih.gov/grants/guide/pa-files/PA-01-049.html>
Deadline: June 1 and Oct. 1, 2001, and Feb. 1, 2002**

These institutes of the National Institutes of Health are inviting grant applications for basic research on the detection and manipulation of single molecules exploiting state-of-the-art optical imaging and biomechanical techniques. Goals are to observe the dynamic behavior of individual molecules, explore heterogeneity among molecules and determine their mechanisms of action. The initiative stems from a workshop held last year. For a summary, consult www.nigms.nih.gov/news/reports/single_molecules.html.

National Science Foundation Informal Education www.nsf.gov/cgi-bin/getpub/nsf0160 Deadlines vary by category

The National Science Foundation is seeking applications for elementary and secondary education projects that provide activities outside formal school settings for students to learn more about science, math, engineering and technology. Categories include 1) Informal science education program, 2) After School Centers for Exploration and New Discovery, 3) Instructional Materials Development and 4) Teacher Enhancement Program.

Calendar

February

Through Feb. 28 Exhibition: "Best of the Best, Prints from Americas 2000," Reineke Visual Arts Gallery

Through March 2 Women's Week, "Perspectives"

Through March 28 "Contemporary Quilts of the Prairie and Plains," Memorial Union Gallery; reception: 4-6 p.m., Feb. 27

March

Through March 2 Women's Week

1-2 NDSU Festival of Bands 2001, Music Education Building and Festival Concert Hall

2-23 Juried high school art exhibition, Reineke Visual Arts Gallery

2 Animal and Range Sciences—Donovan Craig, graduate student, "Nutrient Composition, Herbage Production and Growth Patterns of Selected Warm-Season Grasses," and Luke Samuel, graduate student, "Effects of Multi-Species Grazing on Leafy Spurge Infested Rangeland Using Rotational Grazing," 3 p.m., Hultz 104

- 2 Plant Sciences—Ryan Moeller, “Golf Green Establishment and Management,” 3:30 p.m., Loftsgard 114
- 3 University Chorus and Brass Ensemble Concert, 7:30 p.m., Festival Concert Hall
- 4 Faculty Recital—Neil Mueller, trumpet, and Michael Olson, organ, 4 p.m., First Lutheran Church, Fargo; free admission
- 5 Campus Attractions presents comic magician Tim Gabrielson 8 p.m., Memorial Union Century Theater
- 8 Chemistry—Robert J. Hurtubise, University of Wyoming, “Interactions and Applications in Solid-Matrix Luminescence,” 3:45 p.m., Dunbar 152
- 9 Entomology—Bryan Bishop, Concordia College, “Roles of the Allegheny Mound Ant in Shaping Homopteran Communities in Jack Pine Forests,” 2 p.m., Hultz 272
- 12-16 Spring break
- 17 Festival concert series presents Aries Brass Quintet, 7 p.m., Festival Concert Hall
- 18 Braschler Music show, Festival Concert Hall
- 19 Plant Sciences—Manju Karthikeyan, “Production Potential of Borage and Camelina in North Dakota,” 3:30 p.m., Loftsgard 114
- 20 Chemistry—Jon Parquette, Ohio State University, “Folding Dendrimers: Driving Helical Chirality in Dendrimers with Intramolecular Hydrogen-Bonding and Packing Interactions,” 3:45 p.m., Dunbar 152
- 21 Woodwind Chamber Night, 7:30 p.m., Beckwith Recital Hall; free admission
- 22 Christopher Bunker, Air Force Research Laboratory, “Spectroscopic Investigations in High-Temperature, High-Pressure Supercritical Fluids: Understanding the Fundamental Properties of a Supercritical Aviation Fuel,” 3:45 p.m., Dunbar 152
- 22 Gold Star Concert Band Home Concert, 7:30 p.m., Festival Concert Hall
- 23 Concert Choir Home Concert, 7:30 p.m., Festival Concert Hall
- 23 James Hersch concert, 7:30 p.m., Memorial Union Gallery; \$6 admission
- 23 Plant Sciences—Jerad Liedberg, “Juneberries, a High Value Crop in North Dakota,” 3:30 p.m., Loftsgard 114
- 26 Advising week begins for Fall 2001 registration
- 26-April 11 Baccalaureate exhibition, Reineke Visual Arts Gallery
- 26-30 International Week
- 27 Chemistry—David Goodin, Scripps Research Institute, “Introducing Novel Properties into Heme Proteins by Cavity Engineering,” 3:45 p.m., Dunbar 152
- 27 Tri-College History Lecture—John Helgeland, “Eusebius’ Creation of Constantine,” 7 p.m., Beckwith Recital Hall; reception to follow
- 29 Entomology—Stephen Foster, “Sex Pheromones and their Biosyntheses in Moths,” 1 p.m., Hultz 272
- 29 Chemistry—Robert E. Synovec, University of Washington, is scheduled to present a lecture at 3:45 p.m. in Dunbar 152
- 29 Jazz Combos Concert, 7:30 p.m., Beckwith Recital Hall
- 30 Plant Sciences—Nathalie Vignaux, “The French Way to Breed Wheat,” 3:30 p.m., Loftsgard 114
- 30-April 6 Visual art senior thesis exhibit, Memorial Union Gallery; reception: 4-6 p.m., April 6
- ## April
- 3 NDSU Health Fair, 10 a.m.-3 p.m., Memorial Union
- 5 Entomology—Jan Knodel, “Entomological Projects of Canola, Sunflower and Small Grains in North Central and Western North Dakota—Nuts and Bolts,” 1 p.m., Hultz 272
- 6 Willson and McKee concert, 7:30 p.m., Memorial Union Gallery; \$6 admission
- 6 Plant Sciences—Shana Forster, “Natural Plant Products used for Pest Management,” 3:30 p.m., Loftsgard 114
- 10 Chemistry—Jeff Aube, University of Kansas, “New Synthetic Chemistry Using Alkyl Azides,” 3:45 p.m., Dunbar 152
- April 10 through May 4 Baccalaureate Exhibition—Jenny Jangula, Reineke Visual Arts Gallery; reception 7:30-8:30 p.m., April 21
- 10-20 Senior comprehensive interior design projects, Memorial Union Gallery; reception: 4-6 p.m., April 10
- 12 Entomology—Gregory Sword, USDA-ARS, Sidney, Mont., “Phenotypic Plasticity and the Evolution of Warning Coloration: The Demise of an Evolutionary Paradox?” 1 p.m., Hultz 272
- 12 Chemistry—K. Ravichandran is scheduled to present a lecture at 3:45 p.m. in Dunbar 152
- 13 Easter holiday, university closed

17-29 Baccalaureate exhibition, Reineke Visual Arts Gallery

19 Robert Vennette, University of Minnesota, "Pest Risk Assessment: A Tool for Exotic Diseases and Insects," 1 p.m., Hultz 272

19 Chemistry—Alan W. Schwabacher, University of Wisconsin-Milwaukee, "One Dimensional Spatial Encoding: Combinatorial Synthesis On A Shoestring," 3:45 p.m., Dunbar 152

20 Plant Sciences—Rick Walker, "Niche Crop Alternatives for North Dakota," 3:30 p.m., Loftsgard 114

24 Chemistry—Gary Roberts, University of Wisconsin, is scheduled to present a lecture at 3:45 p.m. in Dunbar 152

24 Free NDSU staff preview of Little Country Theatre's production of "Mass Appeal," 7:30 p.m., Walsh Studio Theatre

24-25 Architecture and landscape architecture senior thesis preview days, Memorial Union Gallery; reception: 4-6 p.m., April 25

25-28 Little Country Theatre's production of "Mass Appeal," 8 p.m., Walsh Studio Theatre; for tickets, call the Division of Fine Arts Box Office at 1-9442

25 Jazz Ensembles concert, 7:30 p.m., Festival Concert Hall

26 Entomology—David Branson, USDA-ARS, Sidney, Mont., "Effects of Livestock Grazing on Grasshopper Population Dynamics and Rangeland Vegetation During a Grasshopper Outbreak," 1 p.m., Hultz 272

26 Chemistry—Pradeep Dhal, Gel Tex Pharmaceutical – Boston, "Polymeric Pharmaceuticals: From Idea to Marketplace," 3:45 p.m., Dunbar 152

26-May 12 Architecture and landscape architecture senior thesis finalists; awards reception: 4-6 p.m., May 4

27 Festival Concert Series presents Kraig Karges, illusionist, 7 p.m., Festival Concert Hall

27 Plant Sciences—Samuel Lockhart, "Certified Seed Production in North Dakota," 3:30 p.m., Loftsgard 114

28 Varsity Band and Brass Ensemble concert, 7:30 p.m., Festival Concert Hall

29 Spring Choral Pops concert, 2 p.m., Memorial Union Ballroom
